

Morality vs. Spirituality

Spirituality And Morality

William James

Spirituality And Morality:

Spirituality and Morality Dennis Joseph Billy, Donna L. Orsuto, 1995 Spirituality and Morality is a provocative collection of essays that examine how spirituality and moral theology interact and influence each other on a wide variety of levels The eight essays written by Catholic scholars explore the relationship between spirituality and moral theology from such important vantage points as history conversion vocation personal prayer liturgy right relationships docility to the Spirit and discipleship They deal with the issues that emerge at the interface of theology and lived Christian experience Spirituality and morality although once intimately united have developed along different paths in the Roman Catholic theological tradition Spirituality and Morality offers a significant contribution by developing a practical means for rediscovering the living connection between two disciplines BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Religion and Morality* William J. Wainwright, 2017-03-02 Religion and Morality addresses central issues arising from religion's relation to morality Part I offers a sympathetic but critical appraisal of the claim that features of morality provide evidence for the truth of religious belief Part II examines divine command theories objections to them and positive arguments in their support Part III explores tensions between human morality as ordinarily understood and religious requirements by discussing such issues as the conflict between Buddhist and Christian pacifism and requirements of justice whether virtue without a love of God is really a vice whether the God of the Abrahamic religions could require us to do something that seems clearly immoral and the ambiguous relations between religious mysticism and moral behavior Covering a broad range of topics this book draws on both historical and contemporary literature and explores afresh central issues of morality and religion offering new insights for students academics and the general reader interested in philosophy and religion *Religion and Morality* Paul W. Diener, 1997-01-01 Some people see religion and morality as undeniably connected others see them as irreconcilably separate Paul Diener's accessible new book looks at the connection between these two concepts and examines how various religious and philosophical systems understand morality Essays in Religion and Morality William James, 1982 Essays in Religion and Morality brings together a dozen papers of varying length to these two themes so crucial to the life and thought of William James Reflections on the two subjects permeate first James's presentation of his father's Literary Remains second his writings on human immortality and the relation between reason and faith third his two memorial pieces one on Robert Gould Shaw and the other on Emerson fourth his consideration of the energies and powers of human life and last his writings on the possibilities of peace especially as found in his famous essay The Moral Equivalent of War These speeches and essays were written over a period of twenty four years The fact that James did not collect and publish them himself in a single volume does not reflect on their intrinsic worth or on their importance in James's philosophical work since they include some of the best known and most influential of his writings All the essays throughout their varied subject matter are consistently and characteristically Jamesian in the freshness of their attack on the problems

and failings of humankind and in their steady faith in human powers *Religion and Morality* James Joseph Fox, 1899

Relationship Between Spirituality & Morality in the rita cecile larivee, 1998 Thoughts on Religion and Morality James Eddy, 1927 **Morality and Spirituality in the Contemporary World** Chandana Chakrabarti, 2012-12-07

The contemporary world faces a number of problems that are both deep seated and interrelated since they arise from the very nature of technological society. The environment upon which all life depends is seriously threatened by climate change, rising sea levels, pollution, overpopulation, resource depletion, and increased risks of droughts, forest fires, floods, and other extreme weather events. Environmental degradation is intimately connected to the consumer lifestyle of developed countries. This lifestyle promotes materialism, entertainment, and hedonistic superficiality that ultimately lead to moral corruption. Our insensitive and destructive attitude towards nature is not isolated or unrelated to other problems of social justice. The environmental crisis reflects human structures of domination that include political and economic exploitation, racism, sexism, and ageism. These challenges are immense and solutions to them will require a renewed dedication to moral reflection and a commitment to social justice. This book discusses the challenges in connection with topics such as human rights, economic exploitation, and inequality, environmental protection, globalization, global food justice, technology, gender equality, and ageism. It provides a plurality of moral and spiritual perspectives including Hinduism, Buddhism, Daoism, and Christianity that offer guidance in finding responses that are both possible and reasonable.

The Good Life , **Morality as a Religion** W. R. Washington Sullivan, 2019-12-24

In *Morality as a Religion* W. R. Washington Sullivan presents a compelling exploration of ethics beyond the confines of traditional religious frameworks. Through a rigorous analytical approach combined with philosophical discourse, Sullivan articulates a vision of morality grounded in secular principles that transcend dogma. He deftly interweaves historical perspectives and contemporary ethical dilemmas, engaging with prominent thinkers and movements to solidify the premise that moral behavior can serve as a unifying force in society, a religion in its own right, devoid of supernatural elements. This work is illustrative of the increasing interest in secular morality within philosophical literature, positioning itself as a vital critique of both religious and moral absolutism. W. R. Washington Sullivan, a distinguished scholar of philosophy with a focus on ethics, has long been an advocate for rational thought and humanistic values. His academic journey reflects a profound engagement with moral philosophy, shaped by both personal conviction and scholarly inquiry. Sullivan's background in comparative religion and ethical theory underscores his atypical approach as he confronts the intricate ways morality functions in a pluralistic society. *Morality as a Religion* is not merely an academic treatise; it is an invitation to rethink our foundational beliefs about right and wrong. Readers seeking a nuanced understanding of morality's role in modern life will find Sullivan's insights illuminating and thought-provoking, encouraging reflection on what it means to be morally responsible in an increasingly secular world.

Spirituality, Ethics, and Care Simon Robinson, 2008

The author argues that the strong connections between moral meaning and spirituality are often not reflected in the health and social

care literature Using case studies and examples from everyday situations the author provides a practical framework for incorporating spirituality into ethical decision making and care Religion and Morality D. Z. Phillips, 2016-07-27 Reflection on religion inevitably involves consideration of its relation to morality When great evil is done to human beings we may feel that something absolute has been violated Can that sense which is related to gratitude for existence be expressed without religious concepts Can we express central religious concerns such as losing the self while abandoning any religious metaphysic Is moral obligation itself dependent on divine commands if it is to be objective or is morality not only independent of religion but its accuser if God is said to allow horrendous evils In any case what happens to the absolute claims of religion in what is undeniably a morally pluralistic world These are the central questions discussed by philosophers of religion and moral philosophers in this collection They do so in ways which bring new aspects to bear on these traditional issues The Theories of Darwin and Their Relation to Philosophy, Religion, and Morality Rudolf Schmid, 1883 The Relationship Between Spirituality and Morality in the Writings of Gustavo Gutierrez Rita C. Larivee, 1998 The Oxford Handbook of Psychology and Spirituality Lisa J. Miller, 2024 This updated edition of The Oxford Handbook of Psychology and Spirituality codifies the leading empirical evidence in the support and application of postmaterial psychological science Lisa J Miller has gathered together a group of ground breaking scholars to showcase their work of many decades that has come further to fruition in the past ten years with the collective momentum of a Spiritual Renaissance in Psychological Science With new and updated chapters from leading scholars in psychology medicine physics and biology the Handbook is an interdisciplinary reference for a rapidly emerging approach to contemporary science Highlighting fresh ideas and supporting science this overarching work provides both a foundation and a roadmap for what is truly a new ideological age *Desire for God and the Things of God* Wyndy Corbin Reuschling, 2012-09-21 For many Christians spirituality and ethics are in separate mental and experiential compartments Spirituality may be understood as an inner experience while ethics is focused on decisions or positions on issues Both of these views reduce spirituality and morality in Christian faith and practice and ignore the centrality of desire for God and the things of God as key focal points for spiritual and moral formation These aspects of Christian formation must be located in their scriptural and theological contexts in order to understand more fully what God desires for human life This focus on desire provides content and context to Christian spirituality and morality We are drawn outward to focus on God and the good of others while we learn to embody virtues such as compassion courage self control gratitude humility and hope Practices are crucial ways by which we learn to incarnate our ultimate desire of love for God and for what God desires in the pursuit of justice and goodness for all creation In so doing practices enable us to more fully integrate spiritual and moral growth in the processes of our desire for God and the things of God Moral Professionalism in Interaction Eija Hanhimäki, *Relating Christian Spirituality to Morality Based on Galatians 5:16-24* Wilfred Okelo, 2015-11-11 Relating Christian Spirituality and Moral Behavior based on Galatians 5:16-24 was first written as a library

research project for the partial fulfillment for the award of the Master of Arts Christian Education at Nairobi International School of Theology now International Leadership University in 2004 Christian Spirituality and Moral Behavior are very much interrelated since what one believes inevitably informs their behavior and thought processes A study of Galatians 5 16 24 makes it abundantly clear that whatever leads a man also controls him The reader will find this book to be a valuable guide for Christian conduct **Spiritual and Religious Education** Mal Leicester, Sohan Modgil, 2005-07-15 Volume V distinguishes religious and spiritual education and takes a multi faith approach to pedagogic curricular and resource issues The important area of collective worship is also addressed **The Oxford Handbook of Moral Development** Lene Arnett Jensen, 2020-01-24 The nature of people's moral lives the similarities and differences in the moral concepts of individuals and groups and how these concepts emerge in the course of human development are topics of perennial interest In recent years the field of moral development has turned from a focus on a limited set of theories to a refreshingly vast array of research questions and methods This handbook offers a comprehensive international and up to date review of this research on moral development Drawing together the work of over 90 authors hailing from diverse disciplines such as anthropology education human development psychology and sociology the handbook reflects the dynamic nature of the field Across more than 40 chapters this handbook opens the door to a broad view of moral motives and behaviors ontogeny and developmental pathways and contexts that children adolescents and adults experience with respect to morality It offers a comprehensive and timely tour of the field of moral development

Whispering the Strategies of Language: An Mental Journey through **Spirituality And Morality**

In a digitally-driven earth wherever screens reign great and quick interaction drowns out the subtleties of language, the profound strategies and mental subtleties concealed within phrases often get unheard. However, situated within the pages of **Spirituality And Morality** a interesting literary value sporting with raw feelings, lies an extraordinary quest waiting to be undertaken. Composed by a talented wordsmith, this wonderful opus encourages visitors on an introspective trip, lightly unraveling the veiled truths and profound influence resonating within ab muscles cloth of each word. Within the mental depths of the moving review, we can embark upon a honest exploration of the book is key themes, dissect its charming publishing model, and succumb to the powerful resonance it evokes strong within the recesses of readers hearts.
