Robert Schwenck

Spirituality Of Mark:

The Spirituality of Mark Mitzi Minor, 1996-01-01 Author Mitzi Minor offers a reading of the Second Gospel that emphasizes the book's instruction for a life of faith. Mark provides guidance to Christians on how to live authentically that life of faith.

The Spiritual Landscape of Mark Bonnie B. Thurston, 2008-2009 Catholic Press Association Award Winner To read the Gospel of Mark is to embark on a journey that begins in a desert and ends with a boulder rolled away from the tomb. In between Jesus teaches his disciples, calls them to journey and learn what it means to follow him and guides them to Jerusalem, the scene of the Passion. In *The Spiritual Landscape of Mark* Bonnie Thurston has adapted a retreat that she gave to the Society of the Sacred Cross at Tymawr Convent in Wales, thereby inviting all of us to embark on this spiritual journey. Mark's gospel is full of places: desert, house, sea, valley, mountain, city, cross, garden, and the winding roads between them. Thurston's prose invites us to go away to a quiet place and reflect awhile on what it means to be Jesus's disciple, to follow him across the hard landscape. Along the way there will be glimpses of his glory when he stills the storm and is transfigured on the mountain when he heals the sick and feeds the hungry. Still, the primary lesson is the difficult way to which we are called along with the great joy of knowing that Jesus has initiated the journey and leads us exactly where we need to go. Bonnie B. Thurston PhD lives in West Virginia in solitude. She is ordained in the Christian Church, Disciples of Christ, and the author of several books including *Philippians in the Sacra Pagina* series and *Religious Vows: The Sermon on the Mount and Christian Living* (Liturgical Press) and *Preaching Mark* (Fortress Press).

Focus on Mark Robert Schwenck, 1996-04-01 *Focus on Mark* is part of the Focus Bible Study Series which contains studies of Matthew, Mark, Luke, and John. The Focus Bible Study Series is the perfect guide for in-depth scripture study. Each book in the series includes informative commentary, thought-provoking study questions, and experiential group activities that encourage a deeper understanding of scripture. The journal format has lots of space for writing and encourages personal reflection and spiritual growth. The Focus Bible Study Series is ideal for individual or group study and reflection, adult classes, small faith communities, retreats, and midweek Bible study groups. Each book features thought-provoking study questions with space for written responses, a wealth of ideas to promote prayer and journal meditations that build faith and understanding of the scriptures, numerous suggestions for activities that promote experiential learning and meaningful discussion to encourage spiritual growth.

Spirituality of the Gospels Patrick J. Hartin, 2025-01-15 Within each of the four gospels, there is a foundational spirit, a rich spirituality based on each gospel's unique understanding of Jesus and what it means to be his disciple. In this study, Fr. Patrick Hartin looks at each gospel and asks such questions as: Who is Jesus? and What transformation does this encounter with Jesus invite? Hartin thoroughly unpacks these questions and then follows with examples of people who embody the transformative power of these spiritualities, from Saint Francis and Dorothy Day to Saint Augustine and Archbishop Romero. Hartin's twofold approach gives us a deeper appreciation for the spiritual dimension of the gospels and helps us to be transformed in Christ by their message.

Marshall,1994-12-08 Mark's gospel has attracted an enormous amount of scholarly attention over recent decades The major themes of the gospel have been studied exhaustively and from a variety of critical perspectives But at least one important theme in Mark has been comparatively neglected in recent study the theme of faith This critically acclaimed book redresses such neglect through a thorough exegetical and literary study of all the references to faith in Mark's composition **The Spirituality of the Gospels** Stephen C. Barton,2006-09-06 Probably no other works of ancient literature have had a greater influence on religious life and thought than the Four Gospels Certainly no other works have been the subject of such intense study by those determined to learn more about the Gospels central often enigmatic figure And yet despite the bewildering variety of scholarly approaches few have sought to interpret the Gospels in terms of the distinctive spirituality that each contains and seeks to evoke in its readers That is the aim of this important new book to help today's readers explore what each Gospel has to offer when viewed by its own right as a classic of Western spirituality Written in a clear non technical style the fresh perspectives this work presents will open new vistas on the familiar stories about the life teaching and ultimate significance of Jesus **Mark** Adrienne von Speyr,2012-08-01 These meditations on the Gospel of Mark with the exception of the second part on the Passion were given by Adrienne von Speyr between 1945 and 1958 to members of the Community of St John which she founded with the renowned theologian Fr Hans Urs von Balthasar Adrienne is speaking to young adults who have decided to live the state of the evangelical counsels in a secular profession as part of a recently established secular institute Nevertheless this contemplative commentary can be very useful for all who seek to meditate on Holy Scripture As always Adrienne here draws from the abundance of her own contemplation which keeps continually in view the harmonious unity of Christian dogmatic truth she gives to others what has been offered to her in contemplation without exegetical notes or any attempt at scholarship Since she is speaking to novices the train of thought is simple and practical yet rich in depth The points for meditation are not primarily for spiritual reading but an introduction to personal prayer They are meant only to point out a path because it is the Holy Spirit who directs contemplative prayer in all liberty As one reads through this book he will find in it a kind of synthesis of Adrienne von Speyr's spirituality This work will also be very useful to preachers catechists pastors communities and institutes who have understood with Pope Benedict XVI that It is time to reaffirm the importance of prayer in the face of the activism and the growing secularism of many Christians engaged in charitable work Christian Spirituality in Africa Sung Kyu Park,2013-02-06 Christian Spirituality in Africa holistically approaches the convergence of East West and Christian Traditional African religions Its theological historical and anthropological perspectives contribute to a balanced understanding of Christian spirituality transformation in an African context **Spiritual Studies in St. Mark's Gospel** Arthur Ritchie,1917 Subversive Spirituality L Paul Jensen,2011-06-30 Subversive Spirituality links the practice and study

of Christian spirituality with Christian mission It develops a twofold thesis grace spiritual disciplines and mission practices are inseparably linked in the mission of Jesus of the early church and of several historical renewal movements as well as in a contemporary field research sample and amidst the collapse of space and time evidenced by our culture s increasingly hurried pace of life more time and space are needed for regular solitary and communal spiritual practices in church mission and leadership structures if Christian mission is to transform people and culture in our time This requires a subversion of the collapsed spatial and temporal codes that have infected our Christian institutions Jensen employs methods and approaches from a variety of academic disciplines to explore both spirituality in terms of space and time and mission in terms of deed and word Specifically Jensen examines the spirituality and mission of Jesus the early church the apostolic fathers Origen the Devotio Moderna the early Jesuits David Brainerd and several women in 19th century Protestant missions He considers the spirituality and mission that have arisen within the postmodern generations born after 1960 Based on the theological historical cultural and field analyses of this study a model for spirituality and mission is proposed The model addresses the contemporary collapse of space and time and appears to have widespread applicability to diverse cultures and eras Jensen s model is applied to the pluralistic and postmodern milieu of North America with recommendations for spirituality and mission in church mission and educational structures A derivative model for teaching and practicing spirituality and mission in the academy which also has application for non formal leadership development structures is also proposed

Emotions and Religious Dynamics Nathaniel A. Warne, 2016-05-13 We all feel emotions and are moved to action by them Religious communities often select and foster certain emotions over others Without understanding this it is hard to grasp the way groups view the world and each other Often it is the underlying emotional pattern of a group rather than its doctrines that either divides it from or attracts it to others These issues so important in today's world are explored in this book in a genuinely interdisciplinary way by anthropologists psychologists theologians and historians of religion and in some detailed studies of well and less well known religious traditions from across the world

Spiritual Films James Piper, 2013-08-02 For decades centuries even when people thought of spirituality they thought only of religion I aim to stretch the tent of spirituality in this book to include secular experience My particular approach to secular spirituality is through the medium of film Characters in the 43 films I discuss come to spirituality without religion In some of these films religion nibbles at the edges of events as when in the Brazilian film *Central Station* Dora the cynical letter writer leaves hard bitten Rio with a boy she hopes to return to his father and finds herself surrounded by evangelicals shrines and churches She does not have any kind of religious conversion but there is no denying that the piety of the countryside softened her and escorted her into spirituality Now and then I quote assorted Buddhists Muslims Christians and Jews but usually only when their remarks throw light on secular matters I have avoided relying on muddled mystics who write about the Great Turning Cosmic Oneness of Everything I don't know what they are talking about
