Exploring the Spirituality of the Gospels Patrick J. Hartin, 2011-05-01 Within each of the four gospels there is a foundational spirit, a spirituality of the gospels. That is to say each gospel contains rich images and values central to the vision of the person of Jesus and to the path toward spiritual transformation in his image. In this volume Patrick Hartin first looks at each gospel and asks such questions as: Who is Jesus and what transformation does this encounter with Jesus invite? Hartin then follows with examples of people who have appropriated the transformative power of these particular spiritualities from Saint Antony and Dorothy Day to Saint Augustine and Archbishop Romero. Hartin's twofold approach gives us a deeper appreciation for the spiritual dimension of the gospels and helps us to be transformed in Christ by their message and vision.

The Talking Book Allen Dwight Callahan, 2008-10-01 The Talking Book casts the Bible as the central character in a vivid portrait of black America, tracing the origins of African American culture from slavery's secluded forest prayer meetings to the bright lights and bold style of today's hip hop artists. The Bible has profoundly influenced African Americans throughout history. From a variety of perspectives, this wide-ranging book is the first to explore the Bible's role in the triumph of the black experience. Using the Bible as a foundation, African Americans shared religious beliefs, created their own music, and shaped the ultimate key to their freedom: literacy. Allen Callahan highlights the intersection of biblical images with African American music, politics, religion, art, and literature. The author tells a moving story of a biblically informed African American culture, identifying four major biblical images: Exile, Exodus, Ethiopia, and Emmanuel. He brings these themes to life in a unique African American history that grows from the harsh experience of slavery into a rich culture that endures as one of the most important forces of twenty-first century America.

Freedom's Coming Paul Harvey, 2005 In a sweeping analysis of religion in the post-Civil War and twentieth-century South, Freedom's Coming puts race and culture at the center, describing southern Protestant cultures as both priestly and prophetic, as southern formal theology sanctified.

African Americans and the Bible Vincent L. Wimbush, 2001-01-01 A unique study of how the Bible constructs African Americans and how African Americans construct the Bible. From literature and the arts to popular

culture and everyday life the Bible courses through black society and culture Despite the enormous recent surge of interest in African American religion scant attention has been paid to the diversity of ways in which African Americans have utilized the Bible African Americans and the Bible is the fruit of a four year collaborative research project directed by Vincent L Wimbush and funded by the Lilly Endowment It brings together scholars and experts sixty eight in all from a wide range of academic and artistic fields and disciplines including ethnography cultural history and biblical studies and also music film dance drama and literature The book is less about the meaning s of the Bible than about the Bible and meaning s less about the world s of the Bible than about how worlds and the Bible interact in short about how a text constructs a people and a people construct a text It is about a particular socio cultural formation but also about the dynamics that occur in the interrelation between any group of people and sacred texts in general African Americans and the Bible offers a critical lens through which the process of socio cultural formation can be viewed Encyclopedia of Women and Religion in North America, Set Rosemary Skinner Keller,Rosemary Radford Ruether,Marie Cantlon,2006-04-19 A fundamental and well illustrated reference collection for anyone interested in the role of women in North American religious life Relentless Widow John Shea,2004 With a goal of transcendent awareness John Shea presents this commentary on the Sunday Gospel readings Ideal for Christian preachers and teachers and Christians who meditate on the Gospels Shea s book takes a literary spiritual approach He analyzes the mindsets of characters and how Jesus complimented critiqued praised these mindsets to inspire meditation reflection and spiritual development Liturgical Press **Sounds of Resistance** Eunice Rojas,Lindsay W.
