## **Splendid Isolation Art Of Easter Island:**

*Splendid Isolation* Eric Kjellgren, JoAnne Van Tilburg, 2001 This handsome book examines the island's diverse artistic heritage and presents and discusses more than fifty works      *Splendid Isolation* Eric Kjellgren, 2001      *Splendid Isolation: The Art of Easter Island* , 200?      **Among Stone Giants** JoAnne Van Tilburg, 2003 A portrait of the first woman

archaeologist to work in Polynesia documents Routledge's experiences on Easter Island beginning with the launch of the 1913 Mana Expedition and continuing with her immersion into local customs and beliefs and battle with schizophrenia

**The Survival of Easter Island** Jan J. Boersema, 2015-04-13 In this book Jan J Boersema reconstructs the ecological and cultural history of Easter Island and critiques the hitherto accepted theory of the collapse of its civilization The collapse theory advanced most recently by Jared Diamond and Clive Ponting is based on the documented overexploitation of natural resources particularly woodlands on which Easter Island culture depended Deforestation is said to have led to erosion followed by hunger conflict and economic and cultural collapse Drawing on scientific data and historical sources including the shipping journals of the Dutch merchant who was the first European to visit the island in 1722 Boersema shows that deforestation did not in fact jeopardize food production and lead to starvation and violence On the basis of historical and scientific evidence Boersema demonstrates how Easter Island society responded to cultural and environmental change as it evolved and managed to survive      *Inventing 'Easter Island'* Beverley Haun, 2008-04-05 Easter Island or Rapa Nui as it is known to its inhabitants is located in the Pacific Ocean 3600 kilometres west of South America Annexed by Chile in 1888 the island has been a source of fascination for the world beyond the island since the first visit by Europeans in 1722 due to its intriguing statues and complex history *Inventing Easter Island* examines narrative strategies and visual conventions in the discursive construction of Easter Island as distinct from the native conception of Rapa Nui It looks at the geographic imaginary that pervaded the eighteenth century a period of overwhelming imperial expansion Beverley Haun begins with a discussion of forces that shaped the European version of island culture and goes on to consider the representation of that culture in the form of explorer texts and illustrations as well as more recent texts and images in comic books and kitsch from off the island Throughout *Easter Island* is used as a case study of the impact of imperialism on the view of a culture from outside The study hinges on three key points an inquiry into the formation of Easter Island as a subject an examination of how the constructed space and culture have been shaped reshaped and represented in discursive spaces and a discussion of cultural memory and how the constraints of foreign texts and images have shaped thought and action about Easter Island Richly illustrated and unique in its findings *Inventing Easter Island* will appeal to cultural theorists anthropologists educators and anyone interested in the history of the South Pacific      *Easter Island, Earth Island* Paul Bahn, John Flenley, 2017-09-01 Easter Island isolated deep in the South Pacific and now a World Heritage Site was home to a fascinating prehistoric culture one that produced massive stone effigies the moai and the birdman cult and yet much of the island's past remains shrouded

in mystery Where did the islanders come from and when How did Rapa Nui culture evolve over the centuries How and why did their natural environment change over time Paul Bahn and John Flenley guide readers through the mysteries and enigmas of Rapa Nui incorporating the records of early explorers folk legends and archaeological evidence along the way They cover the island s geological and environmental history and explore its flora and fauna illustrating how human actions affected the natural environment of the island This fourth edition draws in recent DNA studies of ancient human and animal bones as well as plant remains evolving understandings of how the moai were transported and current efforts to reforest the island **Islands Magazine** ,2001-09 **Cultural and Environmental Change on Rapa Nui** Sonia Haoa

Cardinali,Kathleen B. Ingersoll,Daniel W. Ingersoll Jr.,Christopher M. Stevenson,2017-08-09 Rapa Nui one of the world s most isolated island societies and home to the notable moai has been at the centre of a tense debate for the past decade Some see it as the site of a dramatic cultural collapse occurring before Western contact where a self inflicted ecocide was brought on by the exhaustion of resources Others argue that the introduction of Western pathogens and the slave raids of 1862 were to blame for the near extinction of the otherwise resilient Rapa Nui people **Cultural and Environmental Change on Rapa Nui** brings together the latest studies by prominent Rapa Nui researchers from all over the world to explore the island s past and present from its discovery by Polynesians through the first documented contact with Western culture in 1722 to the 20th century The exiting new volume looks beyond the moai to examine such questions as was there was a cultural collapse how did the Rapa Nui react to Westerners and what responses did the Rapa Nui develop to adjust to naturally or humanly induced environmental change This volume will appeal to scholars and professionals in the fields of history archaeology and ecology as well as anyone with an interest in the challenges of sustainable resource management and the contentious history of Rapa Nui itself **Collapse** Jared Diamond,2011-01-04 In Jared Diamond s follow up to the Pulitzer Prize winning *Guns Germs and Steel* the author explores how climate change the population explosion and political discord create the conditions for the collapse of civilization Diamond is also the author of *Upheaval Turning Points for Nations in Crisis* Environmental damage climate change globalization rapid population growth and unwise political choices were all factors in the demise of societies around the world but some found solutions and persisted As in *Guns Germs and Steel* Diamond traces the fundamental pattern of catastrophe and weaves an all encompassing global thesis through a series of fascinating historical cultural narratives *Collapse* moves from the Polynesian cultures on Easter Island to the flourishing American civilizations of the Anasazi and the Maya and finally to the doomed Viking colony on Greenland Similar problems face us today and have already brought disaster to Rwanda and Haiti even as China and Australia are trying to cope in innovative ways Despite our own society s apparently inexhaustible wealth and unrivaled political power ominous warning signs have begun to emerge even in ecologically robust areas like Montana Brilliant illuminating and immensely absorbing *Collapse* is destined to take its place as one of the essential books of our time raising the urgent question How can our world best avoid committing

ecological suicide      **Inked: Tattoos and Body Art around the World** Margo DeMello, 2014-05-30 In recent decades tattoos have gone from being a subculture curiosity in Western culture to mainstream and commonplace This two volume set provides broad coverage of tattooing and body art in the United States today as well as around the world and throughout human history In the 1960s tattooing was illegal in many parts of the United States Today tattooing is fully ingrained in mainstream culture and is estimated to be a multi billion dollar industry This exhaustive work contains approximately 400 entries on tattooing providing historical information that enables readers to fully understand the methods employed the meanings of and the motivations behind tattooing one of the most ancient ways humans mark themselves The encyclopedia covers all important aspects of the topic of tattooing the major types of tattooing the cultural groups associated with tattooing the regions of the world where tattooing has been performed the origins of modern tattooing in prehistory and the meaning of each society's use of tattoos Major historical and contemporary figures associated with tattooing including tattooists tattooed people and tattoo promoters receive due attention for their contributions The entries and sidebars also address the sociological movements involved with tattooing the organizations the media dedicated to tattooing such as television shows movies magazines websites and books and the popular conventions carnivals and fairs that have showcased tattooing      **Chile** Tim Burford, 2005 This guide to Chile refreshingly focuses on the country's natural history and culture It encompasses every aspect of this geographically diverse country from the immense deserts and peaks in the north via the fertile central valleys to the dense rainforests and glaciers of the south There is opportunity to discover the culture of Chile including mummies from the 5th century BC found in the Atacama Desert and Inca ruins Travellers can hike the Andes savour fine and affordable wine and venture off shore to sail and kayak This guide details every aspect of travel from accommodation and eating out to national parks and sailing in this most easy of Latin American countries for independent travellers      **Wrapping and Unwrapping Material Culture** Susanna Harris, Laurence Douny, 2016-06-16 This innovative volume challenges contemporary views on material culture by exploring the relationship between wrapping materials and practices and the objects bodies and places that define them Using examples as diverse as baby swaddling Egyptian mummies Celtic tombs lace underwear textile clothing and contemporary African silk the dozen archaeologist and anthropologist contributors show how acts of wrapping and unwrapping are embedded in beliefs and thoughts of a particular time and place Employing methods of artifact analysis microscopy and participant observation the contributors provide a new lens on material culture and its relationship to cultural meaning      Fall of Civilizations Paul Cooper, 2024-07-23 A treasure trove of myths and terror Atmospheric as hell Immersive The Times Based on the podcast with over one hundred million downloads Fall of Civilizations brilliantly explores how a range of ancient societies rose to power and sophistication and how they tipped over into collapse Across the centuries we journey from the great empires of Mesopotamia to those of Khmer and Vijayanagara in Asia and Songhai in West Africa from Byzantium to the Maya Inca and Aztecs of Central America from

Roman Britain to Rapa Nui With meticulous research breathtaking insight and dazzling empathic storytelling historian and novelist Paul Cooper evokes the majesty and jeopardy of these ancient civilizations and asks what it might have felt like for a person alive at the time to witness the end of their world

**The Pacific Arts of Polynesia and Micronesia** Adrienne L. Kaeppler, 2008-03-27 The Pacific Ocean covers one third of the earth's surface. Comprising thousands of islands and hundreds of cultural groups Polynesia and Micronesia cover a large part of this vast ocean from the dramatic mountains of Hawaii to the small flat coral islands of Kiribati. Including both traditional and contemporary arts this book introduces the rich artistic traditions of these two regions traditions that have had a considerable impact on western art in the twentieth century through the influence of artists such as Gauguin. Instead of looking at Polynesia and Micronesia separately the book focuses on the artistic types styles and concepts that they share placing each in its wider cultural context. From the textiles of Tonga to the canoes of Tahiti Adrienne Kaeppler looks at religious and sacred rituals and objects carving architecture tattooing personal ornaments basket making clothing textiles fashion the oral arts dance music and musical instruments even canoe construction to provide the ultimate introduction to the rich and vibrant artistic cultures of the Polynesian and Micronesian islands.

*Pacific Encounters* Steven Hooper, 2006-06-30 *Pacific Encounters* brings together for the first time many stunning Polynesian objects collected by voyagers and missionaries during the eighteenth and nineteenth centuries. Illustrated are over 270 items gathered from the major regions of Polynesia. Many are from the British Museum which houses fine and rare material from the expeditions of Captain Cook Captain Vancouver and members of the London Missionary Society. Ranging from massive images of gods to small fish hooks they are discussed in the contexts of their local use and meanings and their journeys to museums all over the world. These pieces have remarkable stories to tell of encounters between humans and their gods between Polynesians and Europeans their respective chiefs and priests beliefs and technologies. *Pacific Encounters* is a groundbreaking book that conveys the wonder and excitement not only of the objects themselves but of the fascinating Polynesian cultures that produced them.

*How to Read Oceanic Art* Metropolitan Museum of Art (New York, N.Y.), Eric Kjellgren, 2014-09-02 An engaging explanation of Oceanic art and an important gateway to wider appreciation of Oceanic heritage and visual culture.

**Articulating Rapa Nui** Riet Delsing, 2015-05-31 In this groundbreaking study Riet Delsing narrates the colonization of the Pacific island of Rapa Nui and its indigenous inhabitants. The annexation of the island by Chile in the heydays of world imperialism places the small Latin American country in a unique position in the history of global colonialism. The analysis of this ongoing colonization process constitutes a missing link in Pacific Islands studies and facilitates future comparisons with other colonial adventures in the Pacific by the United States Hawaii American Samoa France Tahiti and New Zealand Maori and Cook Islands. The first part of the book surveys the history of the Chile Rapa Nui relationship from its beginning in the 1880s until the present. Delsing delineates the Rapanui people's agency along with their cultural logic showing their resilience and will to remain Rapanui indigenous Pacific islanders rather than an ethnic minority.

forcefully integrated into the Chilean nation state In the second part the author describes the Rapanui s contemporary emphasis on the revitalization of their language traditional concepts about land tenure a unique corpus of material and performative culture renewed contact with other Pacific island cultures and creative acts of resistance against Chilean colonialism Emergent in her analysis is the effect of Rapa Nui s vibrant tourist industry commodification of Rapanui difference is creating the possibility to loosen economic and political ties with Chile Drawing on statements of several Rapanui she concludes that over the past few decades they have acquired a different kind of interpretive power based on which they are making choices that serve them as a people on the road to cultural and political self determination

Contemporary Rapa Nui is thus a modern articulated place marked by spirited identity politics that show the resilience and adaptability of the indigenous people who inhabit this island
