**In the Beginning God** Winfried Corduan,2013 This study about the origin of religion concludes that evidence for monotheism the belief in one true God who created the world and holds people morally accountable outweighs the popular view of animism religion born from the veneration of spirits      *Harper's New Monthly Magazine* ,1878      *Harper's New Monthly Magazine* Henry Mills Alden,Frederick Lewis Allen, Lee Foster Hartman,Thomas Bucklin Wells,1888 Important American periodical dating back to 1850      The Works of John Ruskin: Modern painters, v.1-5 John Ruskin,1887

*Through a Speculum That Shines* Elliot R. Wolfson,2020-06-30 A comprehensive treatment of visionary experience in some of the main texts of Jewish mysticism this book reveals the overwhelmingly visual nature of religious experience in Jewish spirituality from antiquity through the late Middle Ages Using phenomenological and critical historical tools Wolfson examines Jewish mystical texts from late antiquity pre kabbalistic sources from the tenth to the twelfth centuries and twelfth and thirteenth century kabbalistic literature His work demonstrates that the sense of sight assumes an epistemic priority in these writings reflecting and building upon those scriptural passages that affirm the visual nature of revelatory experience Moreover the author reveals an androcentric eroticism in the scopic mentality of Jewish mystics which placed the externalized and representable form the phallus at the center of the visual encounter In the visionary experience as Wolfson describes it imagination serves a primary function transmuting sensory data and rational concepts into symbols of those things beyond sense and reason In this view the experience of a vision is inseparable from the process of interpretation Fundamentally challenging the conventional distinction between experience and exegesis revelation and interpretation Wolfson argues that for the mystics themselves the study of texts occasioned a visual experience of the divine located in the imagination of the mystical interpreter Thus he shows how Jewish mystics preserved the invisible transcendence of God without doing away with the visual dimension of belief      **Sepher Rezial Hemelach** Steve Savedow,2025-09-12 Sepher Rezial Hemelach is the longawaited first English translation of this famous magical text a translation from the ancient Hebrew in the rare and complete 1701 Amsterdam edition According to Hebrew legend the Sepher Rezial was presented to Adam in the Garden of Eden given by the hand of God and delivered by the angel Rezial The myth thus suggests that this is the first book ever written and of direct divine provenance A diverse compendium of ancient Hebrew magical lore this book was quite possibly the original source for later traditional literature on angelic hierarchy astrology Qabalah and Gematria Moses Gaster mentions this in his introduction to *The Sword of Moses* 1896 suggesting that the Sepher Rezial could be a primary source for many magic and qabalistic books of the Middle Ages Sepher Rezial Hemelach is a compilation of five books *The Book of the Vestment* *The Book of the Great Rezial* *The Holy Names* *The Book of the Mysteries* and *The Book of the Signs of the Zodiac* It includes extensive explanatory text on the holy names of God the divisions of Heaven and Hell the

names and hierarchy of the angels and spirits as well as symbolic interpretations of both the Book of Genesis and Sepher Yetzirah It also includes material on astronomy astrology gematria and various magical talismans most notably those used for protection during childbirth In his introduction Steve Savedow details the history bibliographical citations and lineage of this famous work He lists the old and rare manuscripts still in existence and provides a bibliography of other reference works for study of the Western esoteric tradition

**Sky's Witness** C. L. Rawlins,2014-09-30 Thoreau joked that he was a self appointed inspector of snowstorms and rainstorms never dreaming that such a need might exist But such is the author's work and that of his various helpers from ski bums to shortstops They travel the alpine wilderness at all seasons by touring skis snowshoes pack llamas float tubes and a tiny but dependable rat The remove mountain beauty where thoughts stretch for miles and days would be enough but C L Rawlins is after something more He's a backcountry hydrologist collecting rain

snow and the water of high lakes to measure air pollution Alongside Rawlins we discover the natural history of the central Rockies the flowering of plants and the ways of mountain animals We learn how the Shoshoni lived in this harsh country before the arrival of settlers We see also the effect of twentieth century living on a wilderness that feels pristine but bears the chemical trace of distant smokestacks and freeways With a style that roams between natural observation and personal essay Rawlins s Sky s Witness gives access not only to the wilderness but to the ways in which we know ourselves
