Shortness James Marsh Sternberg MD,2022-03-07 This book is about only one thing Shortness singletons or voids It s impossible to overestimate the value distribution plays in bidding accuracy High cards are nice anybody can bid games and slams when the high cards are falling out of their hands onto the table But usually those results don t get you very far It s usually an average or maybe just above You don t win bridge tournaments that way The pairs who bid games and slams on less and who accurately stay out of bad games and slams those are the winners When the room is in 3NT scoring 460 or 490 and you are in six diamonds scoring 920 then come and tell me about it I ve tried to cover the different ways a player can ask or tell about shortness The book is divided into chapters on offense and defense There are different ways to do things in bridge I ve presented a system I ve learned from some of the best You may prefer something else Whatever works great I want to give you some things to think about and suggest solutions There are lots of ways to do things in bridge This is one way I hope you find it helpful at the table James Marsh Sternberg MD Palm Beach Gardens FL

2/1 Game Force a Modern Approach - Second Edition Neil H. Timm Ph. D.,2011-05-20 The 2 1 Game Force bidding system is an improvement over the Standard American System that has been in effect and played by bridge players for many years The advantage of the 2 1 system is that it allows the partnership to know that game is possible with only a single bid In this book I have tried to present the fundamental aspects of the bidding structure for playing a pure Two Over One Game Force system of bidding This is not a book on conventions it is a book about bridge that incorporates conventions that allow the partnership to reach game or slam In this regard I have incorporated modern methods for hand evaluation developed by Marty Bergen New bidding conventions like SARS Shape Asking Relays after Stayman Quest transfers and an overview of Bridge Rules and Laws that I hope will improve your approach to the bidding structure you may use today In this second edition I have included additional Bridge Rules expanded and added material in several sections and included many more conventions common to the 2 1 Game Force System This edition includes the Montreal club and diamond relay bids the

Kennedy club the Kaplan interchange bid the Ekren 2 convention picture bids the forcing pass masked mini splinters the Ingberman and Ping Pong conventions and the Marvin two spades convention among others Finally a new chapter on Precision called Simplified Precision has been added

2/1 Game Force a Modern Approach NEIL H. TIMM, PH.D.,2014

The 2 1 Game Force bidding system is an improvement over the Standard American System that has been in effect and played by bridge players for many years The advantage of the 2 1 system is that it allows the partnership to know that game is possible with only a single bid In this book I have tried to present the fundamental aspects of the bidding structure for playing a pure Two Over One Game Force system of bidding In this book I have tried to change behavior by presenting a series of bids geared toward the 2 1 bidding structure that includes Bergen Reverse Bergen and Combined Bergen Raises inverted minor suit raises with crisscross and flip flop cuebidding modified scroll bids and many more methods not used in Standard American or Precision In the fourth edition the Minorwood Convention has been expanded and several variations of the Flannery Convention are included in this edition I have added the Hello and SCUM conventions used to interfere over strong notrumps and a Modified Landy convention designed to compete over partnerships that employ a weak notrump bid The Equal Level Conversion ELC double is discussed in Chapter 6 and additional material on slam bidding has been added to Chapter 3 The material on two way new minor forcing and the Gazilli Convention has been expanded upon in Chapter 1 and Jacoby transfers with a superaccept structure has been added to Chapter 2 Finally a new chapter that reviews the new Italian System of bids called Fantunes has been included in this edition The System has been modified to be in compliance with the General Convention Chart

The Optimal Modified 2/1-Club System Neil H. Timm Ph.D.,2022-03-23 My goal for The Modified Optimal 2 1 Club System is to show how to use the Optimal Point Count OPC method of hand evaluation developed by Patrick Darricades in his book Optimal Hand Evaluation 2019 to improve the dialogue between two players to achieve an optimal bridge contract The primary objective is to demonstrate how to apply the new system approach to contract bridge by illustrating a more accurate method of hand evaluation whether you play 2 1 Standard American SA Acol or Precision among others The Two over One 2 1 Game Force bidding system was an improvement over the SA System that has been in effect and played by bridge players for many years Many claim that the advantage of the 2 1 system allows the partnership to know that game is possible with only a single bid provided one has 13 points As we shall see for suit contracts it is only true if the opening 2 1 bidder has 15 points not 12 13 points since 25 26 points do not result in game whenever a singleton in one hand finds wasted honor points in partner s hand Yet most 2 1 conventions call for 13 High Card Points HCP Another flaw of the 2 1 approach is the fact that opening 1 level suit bids have a wide bidding range 12 21 To eliminate this flaw the principles of Pinpoint Precision with 1 18 points and new responses associated with a new and improved hand evaluation method A major flaw of most Strong Club opening bids is that they are based solely on HCPs with opening bids of 1 16 17 HCP To correct these flaws among others the search for a better hand evaluation method and a better bidding system has been unrelenting

Hand evaluation methods have been popularized by Milton Work Charles Goren Marty Bergen and Petkoy Zar and others All falling short when applied to the commonly used dialogue bidding systems The Optimal Point Count OPC method of hand evaluation corrects the many flaws of prior hand evaluation methods when applied to any bidding system In this book many traditional standard bidding practices that do not help to show suit fit and distribution are to be avoided or re defined Splinters and mini splinters which show the location of voids and singletons to help locate wasted honors the XYZ bidding convention cue bidding and new bids for the investigation of game and slam are among the cornerstone conventions reviewed in this book Newly defined 2 and 3 level bids to show hands with 6 7 card suits are defined to prevent the opponents from finding their optimal contract and to improve upon difficult bidding sequences using traditional bidding strategies The evaluation of one s Offense to Defense Ratio ODR why many well known bidding sequences must be avoided and an analysis of several old standard bridge laws rules are reviewed to show why they need not be used to improve one s judgement if one employs the OPC method

Bridge the Gap to Better Bidding Jack Wynns, Jerry Drennan, 2022-08-26 This book is intended for intermediate and advanced players and is designed along the lines of a convention card Each subject No Trump Majors Weak Two Bids etc gets its own chapter Within each chapter each topic gets a page of text along with examples and a quiz Most intermediate players have a working but incomplete knowledge of the various topics This book will fill in the blanks add new ideas to your bidding arsenal and significantly improve your bidding skills

BBB Better Bridge Bidding Conrad J Kopec, 2025-08-12 BBB Better Bridge Bidding is a book advocating return to NATURAL BIDDING Natural Bidding Immediately identifies the suits that provide TTP Trick Taking Power on defense and offense Many in use and current bidding practices do not ACCURATELY describe suits with TTP on the first or subsequent bids

Cuebidding at Bridge Ken Rexford, 2006 Everyone knows that control showing bids are the expert route to slam but it is remarkably hard to find a comprehensive treatment of this vital area of the game Until now that is This is a comprehensive work covering a lot of territory The average reader won t agree with everything they read and it would be a mammoth undertaking to try and adopt it all but it will get them thinking about their bidding and offer many ways to improve it After all bridge is the ultimate game for thinkers This book fills an important gap in the literature of bridge for serious players

The Casey 2/1 Bridge Bidding System Ken Casey, 2020-12-20 This book incorporates the 2 1 Game Force bidding system whenever the opener bids a major suit Five new conventions have been added to the 2 1 system This book is also designed to improve your bidding of minor suit openings in 4 steps The 1st step involves the use of the Casey Jacoby Transfer and the Casey overcall a 1NT bid shows 4 hearts The 2nd step involves adoption of the strong 2 bid a bid of 20 21p This allows the opener to use the Casey Reverse to show a hand of 16 17p by bidding at the 2 level and to show a hand of 18 19p by bidding at the 3 level The Casey Minor Suit Rebid convention allows O to show a 4 card suit at the 2 or 3 level The 3rd step involves optimizing your slam bidding with the Casey Trump Queen convention and the Casey Minorwood Kickback convention The

4th step involves the use of the Weak 1NT a 1NT bid shows 4 hearts and Weak 2NT bids both designed to hamper the opponents
