Splintered Mirror Chinese Poetry From The Democracy Movement:

A Splintered Mirror ,1991-02-01 A Splintered Mirror gathers together poems by seven of the Chinese Misty Poets whose writings proved one of the first signs of the democracy movement in China. Published clandestinely or pasted upon walls, Misty poetry quietly exploded the rigid structures of official Chinese poetry, presenting a new poetics infused with personal emotions and private imagery. This collection displays the full range of human concerns, often poignant, evocative, and bittersweet expressions of personal longing. Gu Cheng's stubborn dreams, Mang Ke's weaving of time, nature, and emotion, Duo Duo's sharp self-mocking anger, and Bei Dao's vision of art as a splintered mirror. **A Splintered Mirror** ,1991-01-01

China's Search for Democracy: The Students and Mass Movement of 1989 Suzanne Ogden, Kathleen Hartford, Nancy Sullivan, David Zweig, 2016-09-16 Within a framework of analysis and background by the four editors, this book presents a view from the grassroots of the 1989 student and mass movement in China and its tragic consequences. Here are the core eyewitness and participant accounts expressed through wall posters, students' speeches, movement declarations, handbills, and other documents. In their introductions to the material, the editors address the political economy of the democracy movement, the evolving concept of democracy during the movement, the movement's contribution to China becoming a civil society, and the changing view of the Chinese Communist Party by students, intellectuals, workers, and others as the crisis unfolded.

Twentieth-century Chinese Women's Poetry: An Anthology Julia C. Lin, 2014-12-18 Chinese women's writing is rich and abundant, although not well known in the West. Despite the brutal wars and political upheavals that ravaged twentieth-century China, the ranks of women in the literary world increased dramatically. This anthology introduces English language readers to a comprehensive selection of Chinese women poets from both the mainland and Taiwan. It spans the early 1920s and the era of Republican China's literary renaissance through the end of the twentieth century. The collection includes 245 poems by forty poets in elegant English translations, as well as an extensive introduction that surveys the history of contemporary Chinese women's poetry. Brief biographical headnotes introduce each poet from Bin Xin, China's preeminent woman poet in the early Republican period, to Rongzi, a leading poet of modern Taiwan. The selections are startling, moving,

and wide ranging in mood and tone Together they present an enticing palette of delightful elegant playful lyric and tragic poetry

Transcultural Poetics Yifeng Sun, Dechao Li, 2023-02-09 This book examines many facets of transcultural poetics in the English translation of Chinese literature from 12 different expert contributors Translating Chinese literature into English is a special challenge There is a pressing need to overcome a slew of obstacles to the understanding and appreciation of Chinese literary works by readers in the English speaking world Hitherto only intermittent attempts have been made to theorize and explore the exact role of the translator as a cultural and aesthetic mediator informed by cross cultural knowledge awareness and sensitivity Given the complexity of literary translation sophisticated poetics of translation in terms of literary value and aesthetic taste needs to be developed and elaborated more fully from a cross cultural perspective It is therefore necessary to examine attempts to reconcile the desire for authentic transmission of Chinese culture with the need for cultural mediation and appropriation in terms of the production and reception of texts subject to the multiplicity of constraints in order to shed new light on the longstanding conundrum of Chinese English literary translation by addressing Chinese literature in the multiple contexts of nationalism cross cultural hybridity literary untranslatability the reception of translation and also world literature The book will be of great interest to students and scholars of translation studies Chinese literature and East Asian studies

Between the Lines: Yang Lian's Poetry through Translation Cosima Bruno, 2012-06-08 In *Between the Lines* Cosima Bruno illustrates how the study of translation can enhance our experience of reading poetry By inquiring into the mutual dependence of the source text and its translation the study offers both theoretical insights and methodological tools that bring in depth stylistic analysis to bear on the translations as against the originals Through such a process of discovery Cosima Bruno elaborates a textual exegesis of the work by Yang Lian one of the most translated and critically acclaimed contemporary Chinese poets This book thus reconciles the theory practice divide in translation studies as well as helps to dismantle the lingering Eurocentrism still present in the discipline

Transpacific Displacement Yunte Huang, 2002-02-06 Yunte Huang has produced a fascinating study of what he calls textual travelling which is to say the transformation of poetic texts in this case Chinese ones at the hands of American scholars editors translators and especially poets This brave and highly original study is sure to raise controversy Marjorie Perloff author of *Wittgenstein's Ladder*

The Red Guard Generation and Political Activism in China Guobin Yang, 2016-05-17 Raised to be flowers of the nation the first generation born after the founding of the People's Republic of China was united in its political outlook and at first embraced the Cultural Revolution of 1966 but then split into warring factions Investigating the causes of this fracture Guobin Yang argues that Chinese youth engaged in an imaginary revolution

from 1966 to 1968 enacting a political mythology that encouraged violence as a way to prove one's revolutionary credentials. This same competitive dynamic would later turn the Red Guard against the communist government. Throughout the 1970s the majority of Red Guard youth were sent to work in rural villages where they developed an appreciation for the values of ordinary life. From this experience an underground cultural movement was born. Rejecting idolatry, these relocated revolutionaries developed a new form of resistance that signaled a new era of enlightenment culminating in the Democracy Wall movement of the late 1970s and the Tiananmen protest of 1989. Yang's final chapter on the politics of history and memory argues that contemporary memories of the Cultural Revolution are factionalized along these lines of political division formed fifty years before.

Baudelaire in China Gloria Bien, 2012-12-14. Baudelaire's work entered China in the twentieth century amidst political and social upheavals accompanied by a literary revolution that called for classical models and modes of expression to be replaced by vernacular language and contemporary content. Chinese writers welcomed their meeting with the West and openly embraced Western literature as providing models in developing their new literature. Baudelaire's reception in China provides a representative study of this meeting of East and West. His work, which has been declared to stand between tradition and modernity, also lies at the intersection between classical and modern literature in China. Many of the best-known and most highly regarded writers in twentieth-century China were drawn to Baudelaire's work, and some addressed it directly in their own writings. Bien draws upon H. R. Jauss's theory of the shifting and expanding horizons of expectation in the reading and interpretation of a literary work and upon James J. Y. Lin's notion of worlds received and created by both author and reader to show how poetic lines, images, and ideas, as well as Chinese critics' comments, eventually weave into a rich picture of Baudelaire's reception in China.
