Split Down The Sides On The Subject Of Laughter:

Split Down the Sides R. D.V. Glasgow,1997 This book is a study of the interrelationship between comedy and selfhood While most people have a clear idea of what is meant by comedy the notion of a self is much more enigmatic and therefore requires illumination The book is accordingly divided into two parts the first attempts to clarify what is meant by a self and the second applies the resulting schematization of selfhood to the phenomenon of laughter The two parts echo one another contributing both to an understanding of comedy and to the ongoing philosophical question of identity

Handbook of Traumatic Loss Neil Thompson,Gerry R. Cox,Robert G. Stevenson,2017-01-06 The Handbook of Traumatic Loss adopts a broad holistic approach that recognizes traumatic loss much more fully as a multidimensional human phenomenon not simply a medical condition Initial chapters build a foundation for understanding traumatic loss and explore the many ways we respond to trauma Later chapters counterbalance the individualistic focus of dominant approaches to traumatic loss by highlighting a number of thought provoking social dimensions of traumatic loss Each chapter emphasizes different aspects of traumatic loss and argues for ways in which clinicians can help deal with its many and varied impacts

Genre Transgressions Ramona Mosse,Anna Street,2023-12-01 This collection gathers a set of provocative essays that sketch innovative and interdisciplinary approaches to Genre Theory in the 21st century Focusing on the interaction between tragedy and comedy both renowned and emerging scholarly and creative voices from philosophy theater literature and cultural studies come together to engage in dialogues that reconfigure genre as social communal and affective In revisiting the challenges to aesthetic categorization over the course of the 20th century this volume proposes a shift away from the prescriptive and hierarchical reading of genre to its crucial function in shaping thought and enabling shared experience and communication In doing so the various essays acknowledge the diverse contexts within which genre needs to be thought afresh media studies rhetoric politics performance and philosophy

The Concept of Water Rupert D. V. Glasgow,2009 Water is commonly taken for granted and treated with contempt yet it is the very foundation of human existence Assuming countless forms it is deeply associated both with life and death body and soul purity and pollution creation and destruction The Concept of Water seeks to bring together the various aspects of our deeply ambiguous relationship with water providing a systematic account of its symbolic and philosophical significance This involves looking at how water has been conceived and the role it has played in everyday thought mythology literature religion philosophy politics and science both across cultures and through history R D V Glasgow was born in Sheffield and currently lives in Zaragoza His previous books are *Madness Masks and Laughter* 1995 *Split Down the Sides* 1997 and *The Comedy of Mind* 1999

resulting schematization of selfhood to the phenomenon of laughter The two parts echo one another contributing both to an understanding of comedy and to the ongoing philosophical question of identity The Comedy of Mind Rupert D. V. Glasgow,1999 The Comedy of Mind is a readable philosophical essay on the relationship between philosophy and laughter Taking themes from the world of comedy such as wonder folly and madness paradox and nonsense Glasgow examines the limits of human thought and reason as put forth by philosophers through the ages He pays special attention to Socrates Plato Kant Hegel Marx and Nietzsche among others In his concern with the limits of human reason he also explores various forms of mysticism and considers questions raised by modern logic and science Glasgow s study brings together comic drama and literature with philosophical texts in a way that is original and provocative but also accessible to a wide audience
