## **Spoken Sinhalese For Foreigners:**

**Experiencer Subjects in South Asian Languages** Mahendra K. Verma, K. P. Mohanan, 1990 These papers explore an important syntactic feature of South Asian languages the experiencer subject construction Contributing scholars investigate this feature in such languages as Marathi Bhojpuri Sinhalese Marwari Oriya Punjabi Bengali Kalasha Gujarati Bepali Maithili and Malayalam The experiencer subject not only defines South Asian languages as a linguistic unit but also has implications for theoretical linguistics Mahendra Verma is a professor of linguistics at the University of Wisconsin Madison Tara Mohanan is a linguistics professor in the English department of the National University of Singapore *Pronouns* Horst J. Simon, Heike Wiese, 2002 The contributions of this thematic collection center around the typology of pronominal paradigms the generation of syntactic and semantic representations for constructions containing pronouns and the neurological underpinnings for linguistic distinctions that are relevant for the production and interpretation of these constructions They come from different theoretical approaches and methodological backgrounds and take into account data from a wide range of Indoeuropean and non Indoeuropean languages Bringing together a cross section of recent research on the grammar and representation of pronouns the volume offers a kaleidoscope of studies united by the common topic of pronouns as a domain of language that exemplarily shows the interaction of different components responsible for computational syntactic and semantic lexical and discourse pragmatic processes *A Professional Foreigner* Edward Marks, 2023-04 Young American Foreign Service officers are accustomed to being teased by friends and relatives as to what they do in the Foreign Legion or the Forest Service In the United States unlike in many countries the role of a professional diplomat is little known or understood In *A Professional Foreigner* Edward Marks describes his life as an American diplomat who served during the last four decades of the twentieth century from 1959 to 2001 Serving primarily in Africa and Asia Marks was present during the era of decolonization in Africa but always seemed to be at the opposite end of the continent from the hottest developments was intimately involved in the early days of the U S government s antiterrorism programs observed the unfolding of a nasty and tragic ethnic conflict in one of the most charming countries in the world and saw the end of the Cold War at UN headquarters in New York Along the way Marks served as the U S ambassador to two African nations In this memoir Marks depicts a Foreign Service officer s daily life providing insight into the profession itself and what it was like to play a role in the steady stream of history in a world of quotidian events often out of the view of the media and the attention of the world Marks s stories such as rescuing an American citizen from a house of ill repute in Mexico and the attempt to recruit mongooses for drug intervention in Sri Lanka are both entertaining and instructive on the work of diplomats and their contributions to the American story **International Encyclopedia of Linguistics** William J. Frawley, 2003-05-01 The International Encyclopedia of Linguistics 2nd Edition encompasses the full range of the contemporary field of linguistics including historical comparative formal mathematical functional and philosophical linguistics with special attention given to

interrelations within branches of linguistics and to relations of linguistics with other disciplines Areas of intersection with the social and behavioral sciences ethnolinguistics sociolinguistics psycholinguistics and behavioral linguistics receive major coverage along with interdisciplinary work in language and literature mathematical linguistics computational linguistics and applied linguistics Longer entries in the International Encyclopedia of Linguistics ranging up to four thousand words survey the major fields of study for example anthropological linguistics history of linguistics semantics and phonetics Shorter entries treat specific topics within these fields such as code switching sound symbolism and syntactic features Other short entries define and discuss technical terms used within the various subfields or provide sketches of the careers of important scholars in the history of linguistics such as Leonard Bloomfield Roman Jakobson and Edward Sapir A major portion of the work is its extensive coverage of languages and language families From those as familiar as English Japanese and the Romance languages to Hittite Yoruba and Nahuatl all corners of the world receive treatment Languages that are the subject of independent entries are analyzed in terms of their phonology grammatical features syntax and writing systems Lists attached to each article on a language group or family enumerate all languages extinct or still spoken within that group and provide detailed information on the number of known speakers geographical range and degree of intelligibility with other languages in the group In this way virtually every known language receives coverage For ease of reference and to aid research the articles are alphabetically arranged each signed by the contributor supported by up to date bibliographies line drawings maps tables and diagrams and readily accessible via a system of cross references and a detailed index and synoptic outline Authoritative comprehensive and innovative the 2nd edition of the International Encyclopedia of Linguistics will be an indispensable addition to personal public academic and research libraries and will introduce a new generation of readers to the complexities and concerns of this field of study

**Dialogue and Culture** Marion Grein, Edda Weigand, 2007 The volume deals with the relationship between language dialogue human nature and culture by focusing on an approach that considers culture to be a crucial component of dialogic interaction Part I refers to the so called language instinct debate between nativists and empiricists and introduces a mediating position that regards language and dialogue as determined by both human nature and culture This sets the framework for the contributions of Part II which propose varying theoretical positions on how to address the ways in which culture influences dialogue Part III presents more empirically oriented studies which demonstrate the interaction of components in the mixed game and focus in particular on specific action games politeness and selected verbal means of communication
