Spondulix A Romance Of Hoboken:

Spondulix Paul Di Filippo, 2014-04-01 The author with a humanity worthy of Dickens or Hardy delivers a novel of alternative currency and the price of wealth Publishers Weekly You can try to escape from the mundane or with the help of Paul Di Filippo you can take a brief meaningful break from it In the vein of George Saunders or Michael Chabon Di Filippo uses the tools of science fiction and the surreal to take a deep richly felt look at humanity His brand of funny quirky thoughtful fast moving heart warming brain bending stories exist across the entire spectrum of the fantastic from hard science fiction to satire to fantasy and on to horror delivering a riotously entertaining string of modern fables and stories from tomorrow now and anytime After you read Paul Di Filippo you ll no longer see everyday life quite the same For most people as they say money makes the world go round For Rory Honeyman it s a different story Having inadvertently and almost without noticing invented a new form of cash cow money makes Rory s world go strangely pear shaped and out of control He has an endless supply of blank checks that never bounce but he s being guided by an albino hustled by a saline snorting sandwich obsessed gourmet manipulated by a devious banker and befuddled and bemused by a never ending assortment of attractive and baffling women And for reasons unknown and unknowable after racing from the Great Plains to Mexico City to Canada to Europe he s stuck in Hoboken and there appears to be no way out Originally published 2004

Fuzzy Dice Paul Di Filippo, 2024-03-12 Di Filippo clowns his way through this transdimensional travelogue cut from the same cloth as Douglas Adams s *Hitchhiker s Guide to the Galaxy* Publishers Weekly At forty five years old Paul Girard is a self loathing clerk at an independent bookstore having finally killed his dream of being a writer by throwing out his rejected manuscripts Drowning in existential angst Paul can t envision much of a future for himself until he meets Hans Hans is one of the Mind Children an artificial race that has succeeded humanity If Paul allows Hans to copy his human essence the key to Superspace and its infinite number of universes will be his And even though said key is a yo yo Paul agrees Desperate to escape his banal reality Paul flings the yo yo and winds up in the singularity that preceded the Big Bang a matriarchal society of women warriors a realm populated by TV characters from his childhood But Paul s frantic travels only prove one thing wherever he goes in the multiverse there he is Now how does he get home It s like Tom Robbins s classic *Even Cowgirls Get the Blues* recast in the hands of gonzo mathematician Rudy Rucker as a kind of ontological day trip Locus Frothing with ideas *Fuzzy Dice* is one more reason Di Filippo is one of the most imaginative and underappreciated writers working today If humorously intelligent science fiction far beyond the madding crowd is your cup of tea then this novel and Di Filippo in general cannot disappoint Great fun great read almost as much as Shekley s *Dimension of Miracles* Speculiction *Lost Among the Stars* Paul Di Filippo, 2024-03-12 A genre bending collection of speculative fiction from the acclaimed author of the *Steampunk Trilogy* with an introduction by Robert Silverberg Horror alternative history science fiction and fantasy nothing is off limits when you possess an imagination as vast as Paul Di Filippo s In this collection of stories featuring ancient

goddesses the new social media elite and hermetic cities he'll take you on a wild ride through plausible pasts and far flung futures In Ghostless a medium learns that ghosts are drawn to and can alleviate sadness so she becomes a matchmaker to both spirits and mortals in need Flash fiction published in Nature magazine Wavehitcher shows how surfing goes high tech and long distance with smartsuits that desalinate water pulsed magnets to repel sharks and seines that catch and processes krill into a nutritious paste An expert in industrial metabolics focuses on blending his superior genepool with that of his fiancée s to save the human race from idiocracy until a kidnapping in Colombia shows him the folly of his arrogance in Adventures in Cognitive Homogamy These stories will whet your appetite for more fantastical Di Filippo and thankfully Lost Among the Stars delivers Praise for Paul Di Filippo Di Filippo is like gourmet potato chips to me I can never eat just one of his stories Harlan Ellison Di Filippo is the spin doctor of SF and it is a powerful medicine he brews Brian Aldiss Hugo Award winning author of Hothouse Vibrant nervy and full of gloriously wiggly language Ribofunk is anything but the same old stuff The Philadelphia Inquirer *Plumage from Pegasus* Paul Di Filippo, 2024-03-12 Nothing is sacred to Di Filippo as shown in this hilarious collection of parodies and other satirical writings that affectionately send up the SF genre Publishers Weekly starred review No one has a finger on the pulse of the future quite like Paul Di Filippo and here he sets his sights on humanity's path in the wake of social media artificial intelligence and virtual reality all with tongue firmly in cheek In an age of poetry slams and publicity stunts an author struggles to upgrade his stale live appearances in Pimp My Read Let Kozmic Kickstarter put you on the ground floor of such futuristic projects as a chorus of doppelgangers a live role playing simulation of the entire canon of ancient Star Wars movies and more In The Very Last Miserabilist in Paradise a science fiction writer used to delivering bad news about the future searches for meaning in an era of unprecedented sanity in which war and inequality hatred and prejudice have vanished Take A Walk on the Mild Side with a new production company that seeks to soothe an overstimulated populace with cozy new translations of old classics such as Game of Thrones which features nothing but direwolf puppies being bathed by the Stark family Head into the future with your sense of humor intact thanks to the thirty stories in this remarkable collection from a master of satirical science fiction *Cosmocopia* Paul Di Filippo, 2014-09-02 An insane broken pulp art painter gets chance at redemption in a phantasmagoric science fiction wonder from a true master of the weird Before his stroke and the onset of old age Frank Lazorg was the king of the fantasy illustrators with an ego to match But he can paint no more That is until he starts taking a bizarre new drug that promises to restore his creative powers Unfortunately artistic reinvigoration comes with a steep price tag addiction and madness With his rage and jealousy unleashed and his grasp of reality severely compromised Lazorg is led to commit an unspeakable act and in turn is led somewhere else Suddenly naked and helpless the artist finds himself in a world of abiding strangeness filled with monstrous things that seem to mock yet oddly mirror Lazorg's previous reality And here is Crutchsump a remarkable creature possessing great love and rare compassion who could possibly aid in Lazorg's ultimate salvation as he spirals

downward through the Cosmocopia and ever closer to the Conceptus Arguably the most inventive force in science fiction since Philip K Dick in his heyday Paul Di Filippo outdoes even Paul Di Filippo with his remarkable Cosmocopia Outrageous ingenious nightmarish funny provocative and utterly unforgettable this is a glittering testament to the towering heights science fiction can achieve

The Steampunk Trilogy Paul Di Filippo, 2014-07-08 An outrageous trio of novellas that twist the Victorian era out of shape by a master of alternate history Spooky haunting hilarious William Gibson Welcome to the world of steampunk a nineteenth century outrageously reconfigured through weird science With his magnificent trilogy acclaimed author Paul Di Filippo demonstrates how this unique subgenre of science fiction is done to perfection reinventing a mannered age of corsets and industrial revolution with odd technologies born of a truly twisted imagination In Victoria the inexplicable disappearance of the British monarch to be prompts a scientist to place a human lizard hybrid clone on the throne during the search for the missing royal But the doppelgänger queen comes with a most troubling flaw an insatiable sexual appetite The somewhat Lovecraftian Hottentots chronicles the very unusual adventure of Swiss naturalist and confirmed bigot Louis Agassiz as his determined search for a rather grisly fetish plunges him into a world of black magic and monsters Finally in Walt and Emily the hitherto secret and quite steamy love affair between Emily Dickinson and Walt Whitman is revealed in all its sensuous glory as are their subsequent interdimensional travels aboard a singular ship that transcends the boundaries of time and reality Ingenious hilarious ribald and utterly remarkable Di Filippo's The Steampunk Trilogy is a one of a kind literary journey to destinations at once strangely familiar and profoundly strange
