The Machiavellian Cosmos

John M. Najemy

The Machiavellian Cosmos:

The Machiavellian Cosmos Anthony Parel, Emeritus Professor of Political Science Anthony J Parel, 1992-01-01 In this highly original interpretation of Machiavelli's thought Anthony J Parel identifies a theme generally neglected in the scholarship of this sixteenth century political thinker Machiavelli's belief in the occult forces of heaven and humors Challenging the current tendency to view Machiavelli as a pioneer of modern political science Parel argues instead that a premodern cosmology and anthropology underlie Machiavelli's political works Parel shows that Machiavelli's world picture owes more to the astrological cosmology prevalent in the Renaissance than to the Aristotelian or Platonic or Christian world picture This astrological determination significantly affects Machiavelli's conceptions of history politics and religion and shapes his notions of virtue and fortuna It also has considerable impact on his ethical ideas the Machiavellian cosmos has no room for a Ruling Mind or for the Sovereignty of the Good and humans are left to pursue their appetites for riches and glory as best they can In a similar fashion says Parel Machiavelli's political anthropology is influenced by the ancient idea that body humors determine a person's temperament and behavior for he believes that humors compromise human autonomy and rationality According to Parel the theory of humors also affects Machiavelli's view of the body politic and his characterization of republics principedoms and licenzia and Parel explicates this in new readings of *The Prince* the Discourses and the Florentine Histories

The Machiavellian Cosmos Anthony Parel, 1992 In this highly original interpretation of Machiavelli's thought Anthony J Parel identifies a theme generally neglected in the scholarship on this sixteenth century political thinker Machiavelli's belief in the occult forces of heaven and humours Challenging the current tendency to view Machiavelli as a pioneer of modern political science Parel argues instead that a premodern cosmology and anthropology underlie Machiavelli's political works Parel shows that Machiavelli's world picture owes more to the astrological cosmology prevalent in the Renaissance than to the Aristotelian or Platonic or Christian world picture This astrological determination significantly affects Machiavelli's conceptions of history politics and religion and shapes his notions of virtue and fortuna It also has considerable impact on his ethical ideas the Machiavellian cosmos has no room for a Ruling Mind or for the Sovereignty of the Good and humans are left to pursue their appetites for riches and glory as best they can In a similar fashion says Parel Machiavelli's political anthropology is influenced by the ancient idea that body humours determine a person's temperament and behaviour for he believes that humours compromise human autonomy and rationality The theory of humours also affects Machiavelli's view of the body politic and his characterization of republics principedoms and licenzia and Parel explicates this in his new readings of *The Prince* the Discourses and the Florentine Histories

The Machiavellian Moment John Greville Agard Pocock, 2016-10-04 Originally published in 1975 *The Machiavellian Moment* remains a landmark of historical and political thought Celebrated historian J G A Pocock looks at the consequences for modern historical and social consciousness arising from the ideal of the classical republic revived by Machiavelli and other thinkers of Renaissance Italy Pocock shows

that Machiavelli's prime emphasis was on the moment in which the republic confronts the problem of its own instability in time which Pocock calls the Machiavellian moment After examining this problem in the works of Machiavelli Guicciardini and Giannotti Pocock turns to the revival of republican ideology in Puritan England and in Revolutionary and Federalist America He argues that the American Revolution can be considered the last great act of civic humanism of the Renaissance and he relates the origins of modern historicism to the clash between civic Christian and commercial values in eighteenth century thought This Princeton Classics edition of *The Machiavellian Moment* features a new introduction by Richard Whatmore

The Machiavellian Legacy J. Femia, 1998-10-19 What do classical elitists like Pareto and Mosca have in common with Marxists like Labriola and Gramsci In this collection of essays Joseph Femia argues that all four thinkers are united by the worldly humanism they inherited from Machiavelli Their distinctively Italian hostility to the metaphysical abstractions of natural law and Christian theology accounted for similarities in their thought that are obscured by the familiar terminology of left and right The collection includes critical essays on each of the four thinkers as well as an introductory chapter on their links with Machiavelli

Augustine and Politics John Doody, Kevin L. Hughes, Kim Paffenroth, 2005-01-01 The study of Augustine's political teachings has suffered from a history of misreadings both ancient and modern It is only in recent years that the traditional lines of Augustinian pessimism have been opened to question Scholars have begun to explore the broader lines of Augustine's political thought in his letters and sermons and thus have been able to place his classic text *The City of God* in its proper context The essays in this volume take stock of these recent developments and revisit old assumptions about the significance of Augustine of Hippo for political thought They do so from many different perspectives examining the anthropological and theological underpinnings of Augustine's thought his critique of politics his development of his own political thought and some of the later manifestations or uses of his thought in the Middle Ages the Renaissance and today This new vision is at once more bracing more hopeful and more diverse than earlier readings could have allowed

The Cambridge Companion to Machiavelli John M. Najemy, 2010-06-24 A vivid portrait of this extraordinary thinker assessing his place in Western thought since the Renaissance

Machiavelli Maurizio Viroli, 1998-07-30 *Founders of Modern Political and Social Thought* Series Editor Dr Mark Philip Oriel College University of Oxford *Founders of Modern Political and Social Thought* present critical examinations of the work of major political philosophers and social theorists assessing both their initial contribution and continuing relevance to politics and society Each volume provides a clear accessible historically informed account of each thinker's work focusing on a re assessment of their central ideas and arguments *Founders* encourage scholars and students to link their study of classic texts to current debates in political philosophy and social theory This launch volume in the *Founders of Modern Political and Social Thought* series presents a critical examination of Machiavelli's thought combining an accessible historically informed account of his work with a re assessment of his central ideas and arguments Maurizio Viroli challenges the accepted interpretations of Machiavelli's work insisting that his

republicanism was based not on a commitment to virtue greatness and expansion but to the ideal of civic life protected by the shield of fair laws His detailed study of how Machiavelli composed his famous work The Prince presents new interpretations and he further argues that the most challenging and completely underestimated aspect of Machiavelli's thought is his philosophy of life in particular his conceptions of love women irony God and the human condition Viroli demonstrates that Machiavelli composed The Prince and all his works according to the rules of classical rhetoric and never intended to found the modern science of politics aiming rather to continue and refine the practice of political theorising as a rhetorical endeavour taught by the Roman masters of civic philosophy Viroli's Machiavelli a serious challenge to contemporary methods of doing political theory will be essential for advanced students of the history of political thought Machiavellis Revivus Nevio Cristante, 2011-05-25 From an intensive academic study based primarily on Machiavelli's works critical arguments arise in this text that undermine not only the current day political mind set framework and practices but also the views established academically up to the point where the body politic formed by the Western classical tradition is dissipated and dispersed Comprised in a contrary unconventional manner similar to Machiavelli the basic essential factors of history religion power and authority were formulated as the four main chapters in this work by Nevio Cristante From it one can readily see the flaws today in the false praise in nostalgic historical hubris the forgetting of a brand of religion that is essential for healthy politics the overlooking of coercive forces that reduce politics to power and the loss of true authority In this book Cristante comprises Machiavelli as a virtuous unprecedented extreme humanist in stark contrast to the common incessant interpretations of him being a teacher of evil a diabolical soulless political advisor A subversive satirical interpretation of The Prince has been formed herein extending from the generated knowledge of history and the history of Machiavelli's own experience From the vivacious and unraveling Italian Renaissance a cogent force prompted Machiavelli to create his literary works in order to form an educational cure for the deteriorating human condition of his time and any time There is in Machiavelli a differing sense of newness from that which is commonly known today which circumvents its worth in this distinct educative interpretation Machiavelli goes back in time in order to produce lessons applicable to correct the shortages in his and every present day With a divergent view of the works of art and literature outlined in this analysis Machiavelli's education becomes revived today in creating a virtuous political spiritual and cultural dynamism as a battle cry to repel the ignorance and great misfortunes in our human condition **René Girard and the Western Philosophical Tradition, volume 1** Andreas Wilmes, George A. Dunn, 2024-07-01 This edited volume situates Ren Girard in relation to the Western philosophical tradition Each chapter engages the French anthropologist in dialogue with a key figure from the history of Western philosophy from Plato to Kierkegaard The pivotal question of Ren Girard and the Western Philosophical Tradition revolves around Girard's assertion Since the attempt to understand religion on the basis of philosophy has failed we ought to try the reverse method and read philosophy in the light of religion Major philosophers influenced Girard and

contributed valuable insights into questions of desire religion violence and the sacred At the same time he felt that Western philosophy often if not always neglected the founding violence that lies at the origin of culture This is the first collective scholarly effort at situating Ren Girard in relation to the Western philosophical tradition Volume 1 features chapters on Plato Augustine of Hippo Niccol Machiavelli Thomas Hobbes Blaise Pascal Baruch Spinoza Jean Jacques Rousseau Adam Smith Immanuel Kant Georg Wilhelm Friedrich Hegel Friedrich Wilhelm Joseph Schelling Alexis de Tocqueville S ren Kierkegaard and Ren Girard

The Plebeian Experience Martin Breaugh, 2013-12-10 How do people excluded from political life achieve political agency Through a series of historical events that have been mostly overlooked by political theorists Martin Breaugh identifies fleeting yet decisive instances of emancipation in which people took it upon themselves to become political subjects Emerging during the Roman plebs s first secession in 494 BCE the plebeian experience consists of an underground or unexplored configuration of political strategies to obtain political freedom The people reject domination through political praxis and concerted action therefore establishing an alternative form of power Breaugh s study concludes in the nineteenth century and integrates ideas from sociology philosophy history and political science Organized around diverse case studies his work undertakes exercises in political theory to show how concepts provide a different understanding of the meaning of historical events and our political present The Plebeian Experience describes a recurring phenomenon that clarifies struggles for emancipation throughout history expanding research into the political agency of the many and shedding light on the richness of radical democratic struggles from ancient Rome to Occupy Wall Street and beyond

Eventually, you will agreed discover a new experience and endowment by spending more cash. yet when? realize you consent that you require to get those every needs later having significantly cash? Why dont you try to get something basic in the beginning? The Machiavellian Cosmos Introduction

In today's digital age, the availability of The Machiavellian Cosmos books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Machiavellian Cosmos books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Machiavellian Cosmos books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Machiavellian Cosmos versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Machiavellian Cosmos books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Machiavellian Cosmos books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Machiavellian Cosmos books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions

have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Machiavellian Cosmos books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Machiavellian Cosmos books and manuals for download and embark on your journey of knowledge?

FAQs About The Machiavellian Cosmos Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Machiavellian Cosmos is one of the best book in our library for free trial. We provide copy of The Machiavellian Cosmos in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Machiavellian Cosmos. Where to download The Machiavellian Cosmos online for free? Are you looking for The Machiavellian Cosmos PDF? This is definitely going to save you time and cash in something you should think about.
