The Ethics of Emerging Media Bruce E. Drushel, Kathleen German, 2011-03-17 The Ethics of Emerging Media engages with enduring ethical questions while addressing critical questions concerning ethical boundaries at the forefront of new media development This collection provides a rare opportunity to ask how emerging media affect the ethical choices in our lives and the lives of people across the globe Centering on different new media forms from eBay to Wikipedia each chapter raises questions about how changing media formats affect current theoretical understanding of ethics By interrogating traditional ethical theory we can better understand the challenges to ethical decision making in an age of rapidly evolving media Each chapter focuses on a specific case within the broader conceptual fabric of ethical theory The case studies ground the discussion of ethics in practical applications while at the same time addressing moral dilemmas that have plagued us for generations The specific applications will undoubtedly continue to unfold but the ethical questions will endure

Scottish Art since 1960 Craig Richardson, 2017-07-05 Craig Richardson here addresses key areas of cultural politics and identity in a way that not only illuminates the development of Scottish art but teases out another strand of the plurality of developments which led to the success of artists throughout the UK in the 1990s It is of the highest relevance whether one's perspective is that of the development of the Scottish art British art or European art of this period The book adds significantly to our knowledge of the art of this period in a way that will aid not only our historical understanding but our understanding of the dynamics of art practice today Providing an analysis and including discussion interviewing artists curators and critics and accessing non catalogued personal archives towards a new chronology Richardson here examines

and proposes a sequence of precisely denoted exemplary works which outlines a self conscious definition of the interrogative term Scottish art Among the artists whose work is discussed are John Latham Simon Starling Alan Johnston Roderick Buchanan Glen Onwin Christine Borland William Johnstone Joan Eardley Alexander Moffat Douglas Gordon Alan Smith Graeme Fagen Ross Sinclair and many others The discussion culminates in a critically original demonstration of the scope for further research and practice within the subject facilitating national cultural debate on the character of Scottish national visual art

Theories of Art Today Noël Carroll, 2000 What is art The contributors to Theories of Art Today address the assertion that the term art no longer holds meaning They explore a variety of issues including aesthetic and institutional theories of art feminist perspectives on the philosophy of art the question of whether art is a cluster concept and the relevance of tribal art to philosophical aesthetics Contributors to this book include such distinguished philosophers and historians as Arthur Danto Joseph Margolis and George Dickie

Light as Experience and Imagination from Medieval to Modern Times David S. Herrstrom, 2022-11-21 In *Light as Experience and Imagination from Medieval to Modern Times* David S Herrstrom synthesizes and interprets the experience of light as revealed in a wide range of art and literature from medieval to modern times The true subject of the book is making sense of the individual s relationship with light rather than the investigation of light s essential nature while telling the story of light seducing individuals from the Middle Ages to our modern times Consequently it is not concerned with the progress of scientific inquiries into the physical properties and behavior of light optical science but rather with subjective reactions as reflected in art architecture and literature Instead of its evolution this book celebrates the complexity of our relation to light s character No individual experience of light being truer than any other

The Accidental Masterpiece Michael Kimmelman, 2006-07-25 A New York Times bestseller a dazzling and inspirational survey of how art can be found and appreciated in everyday life Michael Kimmelman the prominent New York Times writer and a regular contributor to The New York Review of Books is known as a deep and graceful writer across the disciplines of art and music and also as a pianist who understands something about the artist s sensibility from the inside Readers have come to expect him not only to fill in their knowledge about art but also to inspire them to think about connections between art and the larger world which is to say to think more like an artist Kimmelman s many years of contemplating and writing about art have brought him to this wise wide ranging and long awaited book It explores art as life s great passion revealing what we can learn of life through pictures and sculptures and the people who make them It assures us that art points of contact with the exceptional that are linked straight to the heart can be found almost anywhere and everywhere if only our eyes are opened enough to recognize it Kimmelman regards art like all serious human endeavors as a passage through which a larger view of life may come more clearly into focus His book is a kind of adventure or journey It carries the message that many of us may not yet have learned how to recognize the art in our own lives To do so is something of an art itself A few of the characters Kimmelman describes like Bonnard and Chardin are great

artists But others are explorers and obscure obsessives paint by numbers enthusiasts amateur shutterbugs and collectors of strange odds and ends Yet others like Charlotte Solomon a girl whom no one considered much of an artist but who secretly created a masterpiece about the world before her death in Auschwitz have reserved spots for themselves in history or not with a single work that encapsulates a whole life Kimmelman reminds us of the Wunderkammer the cabinet of wonders the rage in seventeenth century Europe and a metaphor for the art of life Each drawer of the cabinet promises something curious and exotic instructive and beautiful the cabinet being a kind of ideal self contained universe that makes order out of the chaos of the world The Accidental Masterpiece is a kind of literary Wunderkammer filled with lively surprises and philosophical musings It will inspire readers to imagine their own personal cabinet of wonders **Aesthetics of the**

Margins / The Margins of Aesthetics David Carrier, Joachim Pissarro, 2020-04-17 Wild Art refers to work that exists outside the established rarified world of art galleries and cultural channels It encompasses uncatalogued uncommodified art not often recognized as such from graffiti to performance self adornment and beyond Picking up from their breakthrough book on the subject Wild Art David Carrier and Joachim Pissarro here delve into the ideas driving these forms of art inquire how it came to be marginalized and advocate for a definition of taste one in which each expression is acknowledged as being different while deserving equal merit Arguing that both the art world and wild art have the same capacity to produce aesthetic joy Carrier and Pissarro contend that watching skateboarders perform Christ Air for example produces the same sublime experience in one audience that another enjoys while taking in a ballet therefore both mediums deserve careful reconsideration In making their case the two provide a history of the institutionalization of taste in Western thought point to missed opportunities for its democratization in the past and demonstrate how the recognition and acceptance of wild art in the present will radically transform our understanding of contemporary visual art in the future Provocative and optimistic Aesthetics of the Margins The Margins of Aesthetics rejects the concept of kitsch and the high low art binary ultimately challenging the art world to become a larger and more inclusive place **Florida without Borders** Judy A. Hayden, Sharon

Kay Masters, Kim Vaz, 2020-11-09 Florida without Borders Women at the Intersections of the Local and Global highlights the problems facing women around the world by featuring papers that explore women s activism across borders regarding gender and human rights issues regarding women and poverty globalization economic value of immigrant labor militarism and human trafficking Also discussed are the opportunities and obstacles women face when they act to counter the negative impact of these forces This anthology is a collection of essays by feminist scholars and students who examine discourses on border crossings political and cultural censorship gendered codes of conduct prescribed behavior for women and the activism that emerges to address identity formation to advance contested meanings and to build coalitions Throughout the essays the authors investigate the concepts of the gendered body in the context of global activism the uses of women s bodies in domestic military and sexual service and the breaching of the body s borders and boundaries in the project of feminist
