Syria and Lebanon Under the French Mandate Idir Ouahes, 2018-07-30 French rule over Syria and Lebanon was premised on a vision of a special French protectorate established through centuries of cultural activity archaeological educational and charitable Initial French methods of organising and supervising cultural activity sought to embrace this vision and to implement it in the exploitation of antiquities the management and promotion of cultural heritage the organisation of education and the control of public opinion among the literate classes However an examination of the first five years of the League of Nations assigned mandate 1920 1925 reveals that French expectations of a protectorate were quickly dashed by widespread resistance to their cultural policies not simply among Arabists but also among minority groups initially expected to be loyal to the French The violence of imposing the mandate de facto starting with a landing of French troops in the Lebanese and Syrian coast in 1919 and followed by extension to the Syrian interior in 1920 was met by consistent violent revolt Examining the role of cultural institutions reveals less violent yet similarly consistent contestation of the French mandate The political discourses emerging after World War I fostered expectations of European tutelages that prepared local peoples for autonomy and independence Yet even among the most Francophile of stakeholders the unfolding of the first years of French rule brought forth entirely different events and methods In this book Idir Ouahes provides an in depth analysis of the shifts in discourses attitudes and activities unfolding in French and locally organised institutions such as schools museums and newspapers revealing how local resistance put pressure on cultural activity in the early years of the French mandate

Lebanon William W. Harris, 2012-07-19 Foundations Emerging communities 600 1291 Druze ascent 1291 1633 Mountain lords 1633 1842 Modern Lebanon Emerging Lebanon 1842 1943 Independent Lebanon 1943 1975 Broken Lebanon 1975 2011

Lebanon William Harris, 2012-06-12 In this impressive synthesis William Harris narrates the history of the sectarian communities of Mount Lebanon and its vicinity He offers a fresh perspective on the antecedents of modern multi communal Lebanon tracing the consolidation of Lebanon's Christian Muslim and Islamic derived sects from their origins between the sixth and eleventh centuries The identities of Maronite Christians Twelver Shia Muslims and Druze the mountain communities developed alongside assertions of local chiefs under external powers from the Umayyads to the Ottomans The chiefs began interacting in a common arena when Druze lord Fakhr al Din Ma'n achieved domination of the mountain within the Ottoman imperial framework in the early seventeenth century Harris knits together the subsequent interplay of the elite under the Sunni Muslim Shihab relatives of the Ma'ns after 1697 with demographic instability as Maronites overtook Shia as the largest community and expanded into Druze districts By the 1840s many Maronites conceived the common arena as their patrimony Maronite Druze conflict ensued Modern Lebanon arose out of European and Ottoman intervention in the 1860s to secure

sectarian peace in a special province In 1920 after the Ottoman collapse France and the Maronites enlarged the province into the modern country with a pluralism of communal minorities headed by Maronite Christians and Sunni Muslims The book considers the flowering of this pluralism in the mid twentieth century and the strains of new demographic shifts and of social resentment in an open economy External intrusions after the 1967 Arab Israeli war rendered Lebanon s contradictions unmanageable and the country fell apart Harris contends that Lebanon has not found a new equilibrium and has not transcended its sects In the early twenty first century there is an uneasy duality Shia have largely recovered the weight they possessed in the sixteenth century but Christians Sunnis and Druze are two thirds of the country This book offers readers a clear understanding of how modern Lebanon acquired its precarious social intricacy and its singular political character

Inhorn, Lucia Volk, 2021-06-11 Since the Iraq war the Middle East has been in continuous upheaval resulting in the displacement of millions of people Arriving from Afghanistan Iraq Palestine and Syria in other parts of the world the refugees show remarkable resilience and creativity amidst profound adversity Through careful ethnography this book vividly illustrates how refugees navigate regimes of exclusion including cumbersome bureaucracies financial insecurities medical challenges vilifying stereotypes and threats of violence The collection bears witness to their struggles while also highlighting their aspirations for safety settlement and social inclusion in their host societies and new homes
