## **The Malory Debate:**

**Re-viewing Le Morte Darthur** Kevin Sean Whetter, Raluca L. Radulescu, 2005 New articles offer a variety of fresh perspectives on some of the most important areas of Malory criticism

**Malory's Contemporary Audience** Thomas Crofts, 2006 This book seeks to place Malory's Morte Darthur more firmly in its cultural and historical context Its composition in the mid to late fifteenth century took place at a time of great upheaval for England a period beginning with the loss of Bordeaux and the Hundred Years War and ending with the rise of Richard III During this time the Morte was translated from numerous French sources copied by scribes and finally in July 1485 printed by William Caxton The author argues that in this unique production history are reflected the ideological crises which loomed so massively over England's ruling class in the fifteenth century and that the book is in fact inseparable from these crises

**BOOK JACKET** Contested Language in Malory's Morte Darthur R. Lexton, 2014-06-18 Examining Malory's political language this study offers a revisionary view of Arthur's kingship in the Morte Darthur and the role of the Round Table fellowship Considering a range of historical and political sources Lexton suggests that Malory used a specific lexicon to engage with contemporary problems of kingship and rule

**Malory's Library** Ralph C. Norris, 2008 Ralph Norris collects the results of over 100 years of scholarship providing new discussions of the major sources of the eight tales recognised in the standard edition of Sir Thomas Malory's Morte d'Arthur He reveals much about how the work was created and about Malory himself

**Malory and His European Contemporaries** Miriam Edlich-Muth, 2014 A reconsideration of Arthurian compilations in the late middle ages looking at the complex ways in which they reshape their material for new audiences The late medieval adaptations and compilations of the Arthurian story are a European phenomenon that has sparked both mystification and controversy Often dismissed as nostalgic recreations that attempt to halt the literary tide these ambitious projects saw adapters from across Western Europe combining a vast array of prose and verse sources from different languages into encyclopedic narrative chronologies of King Arthur and his court Ranging from ornate verse adaptations to heavily condensed prose works the resulting texts reflect a process of translating cutting and arranging Arthurian material into new literary incarnations which nonetheless retain recognisable versions of the Arthurian story This study re-evaluates Malory's Morte Darthur and four broadly contemporary European romance collections including Jean Gouffier's French BN fr 112 manuscript Ulrich Fietz's German Buch der Abenteuer the Dutch Lancelot Compilation and the Italian Tavola Ritonda in the context of this adaptive process In doing so it investigates how the adapters respond to the shared structural and stylistic challenges of incorporating new material into the well known story of King Arthur and comes to intriguing conclusions about the ways in which the narrative demands of late Arthurian adaptations invited authors to populate the Arthurian court with new and more complex protagonists Miriam Edlich Muth currently teaches Old and Middle English language and literature at the University of Cambridge
