The Man Who Was Afraid Foma Gordyeff:

Dictionary of Fictional Characters Martin Seymour-Smith, 1992 Identifies more than fifty thousand fictional characters and the novels short stories poems plays and operas in which they appear **Gurdjieff** Jacob Needleman, George Baker, Mary Stein, 1997-01-01 In the spiritual language of the 20th century few names raise such varied reactions as that of George Ivanovitch Gurdjieff 1866 1949 Much of what is considered New Age spirituality can be attributed to Gurdjieff This book is a tribute not only to the scope and power of Gurdjieff's ideas but to the special atmosphere that surrounded his work with pupils **The Psychology of Man's Possible Evolution** P D Ouspensky, 2021-05-14 In this book the author gives a clear and simple account of Gurdjieff's teaching on Man and his nature Anyone who wishes to think for himself and is not afraid to face the truth about his own nature can find his starting point in this book These lectures by Ouspensky were originally given from 1921 to 1947 and revised for publication by the author himself before his death in 1947 The lectures are indispensable to every serious student of normal and paranormal psychology Furthermore they can be studied by any person without scientific training or any prior knowledge of psychology The lectures enable anyone to find for themselves the basis for self study and self development according to the ideas of Gurdjieff *The Herald of Coming Good* G. Gurdjieff, 2008 First printed on 26 August 1933 by La Soci t  Anonyme des Editions de l'Ouest this is the 75th anniversary edition a reprint of the first edition This edition has been digitally retypeset and is not a facsimile *Gurdjieff* Jacob Needleman, George Baker, 2004 *The Psychology Of Man's Possible Evolution* P. D. Ouspensky, 2021-01-16 Facsimile of 1951 Edition In this book the author gives a clear and simple account of Gurdjieff's teaching on Man and his nature Anyone who wishes to think for himself and is not afraid to face the truth about his own nature can find his starting point in this book These lectures by Ouspensky were originally given from 1921 to 1947 and revised for publication by the author himself before his death in 1947 The lectures are indispensable to every serious student of normal and paranormal psychology Furthermore they can be studied by any person without scientific training or any prior knowledge of psychology The lectures enable anyone to find for themselves the basis for self study and self development according to the ideas of Gurdjieff **The Shadows of Heaven** Paul Beekman Taylor, 2025-09-12 A great deal of mystery surrounds G I Gurdjieff and *The Work* Today many on the path of self-exploration find themselves drawn to the symbolism of the enneagram and to Gurdjieff's other teachings Gurdjieff was undeniably charismatic many famous and influential people lived in his shadow accepting his guidance while changing and transforming their lives *Shadows of Heaven* focuses on the relationship between Gurdjieff and the poet-novelist Nathan Jean Toomer from 1924 until Gurdjieff's death in 1949 as well as each man's relationship with Edith Annesley Taylor and her son Paul the author of this book Caught in the middle of this tense triad of interests was the English critic-publisher A R Orage who was close to all three parties and whose wife Jessie was Edith's best friend Paul Taylor's unique life experience has made it possible for him to combine his mother's memoirs conversations between Toomer and Gurdjieff and entries from

Jessie Orage's diary into this fascinating book. It is probably the first to reveal something of Gurdjieff's love life with the mothers of his children. Several new descriptions of Gurdjieff's voyages with his pupils reveal aspects of Gurdjieff's character not documented elsewhere. Excerpts from Jessie Orage's diaries testify to the magnetic attraction Gurdjieff exercised over those he felt were vital to the dissemination of his ideas. With 16 pages of never-before published photographs, this book presents a fresh new picture of Gurdjieff and his teaching, adding to his legend a tangible humanity to which we can all relate.

Georgi Ivanovitch Gurdjieff Arete Communications, 2017-10 *G.I. Gurdjieff* Colin Wilson, 2019-02-21. Presents the life and work of one of the most influential psychological theorists of modern times, George Ivanovitch Gurdjieff. This examination of a psychologist and teacher of genius also provides an introduction to the philosophy of Gurdjieff. This work presents the life and work of one of the most influential psychological theorists of modern times, George Ivanovitch Gurdjieff. He is one of the most enigmatic figures of our time. He attracted legends as easily as disciples. But behind the Gurdjieff myth lies a solid corpus of thought the importance of which is only now being generally recognized. At its heart was the idea of the war against sleep, the fact that man in Colin Wilson's words is like a grandfather clock driven by a watch spring. This brilliant and much-praised examination of a psychologist and teacher of genius has established itself as the most important and accessible account for the general reader of Gurdjieff's life and work. This edition has been revised and expanded, providing the definitive introduction to the philosophy of Gurdjieff. **Beelzebub's Tales to His Grandson** Georges Ivanovitch Gurdjieff, 2006. A revised edition of the work by the author of *Meetings with Remarkable Men* seeks to clarify translation issues while respecting the author's original thought and style and offers contemporary readers insight into Gurdjieff's ideas about how to address the human dilemma throughout a lifetime.
