The Man Who Was It:

The Man Who Was George Smiley Michael Jago, 2013-02-14 Investigator interrogator intellectual hero the perfect inspiration for the perfect spy This first full length biography traces the life of the remarkable and engaging John Bingham the man behind John le Carr's George Smiley The heir to an Irish barony and a spirited young journalist John Bingham joined MI5 in 1940 his quiet intellect wry wit and knack for observation made him a natural He took part in many of MI5's greatest wartime missions from the tracking of Nazi agents in Britain to Operation Double Cross that ensured the success of D Day and later spent three decades running agents in Britain against the Communist target Among his colleagues his skills were legendary and he soon became a mentor to many a novice spy including one David Cornwell the later le Carr Bingham too was an innovative writer who perfected the psychological thriller marrying cold objectivity with an explanation of the darkest reaches of human behaviour His early novels were applauded but for all his success Bingham struggled to match the fame of the man he had inspired Drawing on Bingham's published and unpublished writings as well as interviews with his family Michael Jago skilfully tells the riveting yet poignant tale of the man who was George Smiley **The Man Who Changed the Way We Eat** Thomas McNamee, 2013-03-12 Originally published in hardcover in 2012 *The Man Who Wasn't There* Anil Ananthaswamy, 2015-08-04 Nominated for the 2016 PEN E O Wilson Literary Science Writing Award An NBC News Notable Science Book of 2015 Named one of Publishers Weekly's Best Books of 2015 A Book of the Month for Brain HQ Posit Science Selected by Forbes as a Must Read Brain Book of 2015 On Life Changes Network's list of the Top 10 Books That Could Change Your Life of 2015 In the tradition of Oliver Sacks a tour of the latest neuroscience of schizophrenia autism Alzheimer's disease ecstatic epilepsy Cotard's syndrome out of body experiences and other disorders revealing the awesome power of the human sense of self from a master of science journalism Anil Ananthaswamy's extensive in depth interviews venture into the lives of individuals who offer perspectives that will change how you think about who you are These individuals all lost some part of what we think of as our self but they then offer remarkable sometimes heart wrenching insights into what remains One man cut off his own leg Another became one with the universe We are learning about the self at a level of detail that Descartes I think therefore I am could never have imagined Recent research into Alzheimer's illuminates how memory creates your narrative self by using the same part of your brain for your past as for your future But wait those afflicted with Cotard's syndrome think they are already dead in a way they believe that I think therefore I am not Who or what can say that Neuroscience has identified specific regions of the brain that when they misfire can cause the self to move back and forth between the body and a doppelgänger or to leave the body entirely So where in the brain or mind or body is the self actually located As Ananthaswamy elegantly reports neuroscientists themselves now see that the elusive sense of self is both everywhere and nowhere in the human brain *The Man Who Fell Into a Puddle* Igal Sarna, 2007-12-18 Throughout my life as a journalist writes Igal Sarna in his preface I have written about Israeli traumas and have seen how

new lives are built on the ruins How a new land sprouts out from a charred ground zero In this striking collection of essays Sarna taps his powers as an acclaimed investigative journalist to uncover the fascinating wrenching experiences of Israeli men and women clinging to their stories their history their hope Meditations on memory and personal mythology these superb essays startle as they move all the while offering a unique perspective on contemporary Israel **The Man Who Rose Again** Joseph Hocking,2020-07-18 Reproduction of the original The Man Who Rose Again by Joseph Hocking **The Man Who Never Stopped Sleeping** Aharon Appelfeld,2017-01-31 A young holocaust survivor tries to create a new life in the newly established state of Israel Erwin doesn t remember much about his journey across Europe when the war ended because he spent most of it asleep carried by other survivors as they emerged from their hiding places or were liberated from the camps and made their way to Naples where they filled refugee camps and wondered what was to become of them Erwin becomes part of a group of boys being rigorously trained both physically and mentally by an emissary from Palestine for life in their new home When he and his fellow clandestine immigrants are released by British authorities from their detention camp near Haifa they are assigned to a kibbutz where they learn how to tend the land and speak their new language But a part of Erwin clings to the past to memories of his parents his mother tongue the Ukrainian city where he was born and he knows that despite what he is being told who he was is just as important as who he is becoming When he is wounded in an engagement with snipers Erwin spends months trying to regain the use of his legs As he exercises his body he exercises his mind as well copying passages from the Bible in his newly acquired Hebrew and working up the courage to create his own texts in this language both old and new hoping to succeed as a writer where his beloved tormented father had failed With the support of his friends and the encouragement of his mother who visits him in his dreams Erwin takes his first tentative steps with his crutches and with his pen Once again Aharon Appelfeld mines personal experience to create dazzling masterly fiction with a universal resonance **THE MIND CONTROL GAME (COMPUTERS)** Anthony Griffin,2009-10-30 About this book This book is about a man whose name is Kelly who have been have dreams or nightmares about something that may have happened in his life so he begins to try and find out if any portion of his dreams are true He starts talking to some of his co workers to see if they have been having any weird dreams of their own Kelly find s out that Sara his friend has been having strange dreams also and they both start their investigation of who is responsible and how to stop them
