Transforming Daily Work into a Divine Vocation Robert Banks, 2022-12-12 During the last few decades there has been an increasing interest in the connection between our faith and our work along with the growth of resources and organizations to bring the two into dialogue. Despite this most Christians continue to feel that their daily work is less valuable than that of pastors, missionaries or full time workers in a religious organization. In a fresh and practical way this book sets out the biblical, historical and theological grounds for challenging this commonly felt view. It includes a range of engaging personal case studies that demonstrate the profound effect integrating one's work up into one's faith can have relationally, institutionally and societally as well as evangelistically, pastorally and missionally. Attention is also given to the increasingly addictive, fragmented and precarious nature of work today and to how we can spiritually find our way to discerning and expressing our unique God-given vocation. The final section of the book considers whether any of our work has eternal value and retells a compelling parable of what this might look like.

How the Church Fails Businesspeople (And What Can Be Done About It) John C. Knapp, 2011-12-20 Why do so many Christians struggle to relate their faith to their daily work? In this book John C. Knapp argues that the church's ambiguous teachings about vocation, money and business have long contributed to Christians' uncertainty about discipleship in the workplace. Drawing on his own expertise in business ethics and numerous interviews with Christians in diverse occupations, Knapp offers a new theological framework for Christian life in the world of business.
