The War on Error Martin Kramer, 2017-09-08 In *The War on Error* historian and political analyst Martin Kramer presents a series of case studies some based on pathfinding research and others on provocative analysis that correct misinformation clouding the public s understanding of the Middle East He also offers a forensic exploration of how misinformation arises and becomes fact The book is divided into five themes Orientalism and Middle Eastern studies a prime casualty of the culture wars Islamism massively misrepresented by apologists Arab politics a generator of disappointing surprises Israeli history manipulated by reckless revisionists and American Jews and Israel the subject of irrational fantasies Kramer shows how error permeates the debate over each of these themes creating distorted images that cause policy failures Kramer approaches questions in the spirit of a relentless fact checker Did Israeli troops massacre Palestinian Arabs in Lydda in July 1948 Was the bestseller *Exodus* hatched by an advertising executive Did Martin Luther King Jr describe anti Zionism as antisemitism Did a major post 9 11 documentary film deliberately distort the history of Islam Did Israel push the United States into the Iraq War Kramer also questions paradigms the Arab Spring the map of the Middle East and linkage Along the way he amasses new evidence exposes carelessness and provides definitive answers

In the Path of God Daniel Pipes, Americans awareness of Islam and Muslims rose to seemingly unprecedented heights in the immediate aftermath of September 11 2001 but this is not the first time they have dominated American public life Once before during the period of the Iranian revolution and hostage crisis of 1979 to 1981 Americans found themselves targeted as a consequence of a militant interpretation of Islam Daniel Pipes wrote *In the Path of God* in response to those events and the heightened interest in Islam they generated His objective was to present an overview of the connection between Islam and political power through history in a way that would explain the origins of hostility to Americans and the West Its relevance to our understanding of contemporary events is self evident Muslim antagonism toward the West is deeply rooted in historical experience In premodern times the Islamic world enjoyed great success being on the whole more powerful and wealthier than their neighbors About two hundred years ago a crisis developed as Muslims became aware of the West s overwhelming force and economic might While they might have found these elements attractive Muslims found European culture largely alien and distasteful The resulting resistance to Westernization by Muslims has deep roots has been more persistent than that of other peoples and goes far to explain the deep Muslim reluctance to accept modern ways In short Muslims saw what the West had and wanted it too but they rejected the methods necessary to achieve this This the Muslim trauma has only worsened over the years Scholarly far ranging and thoughtful the debate is interesting and Pipes has made a stimulating contribution to it *The New Republic* Brilliant authoritative demonstrates encyclopedic knowledge of Muslim intellectual history Few other writers have explained so lucidly such complex developments in Muslim history *The Washington Post* He has resisted a widespread tendency to translate Muslim self expression into social science jargon as unintelligible as any

mosque harangue His unadorned interpretation strikes a judicious balance between faithfulness to sources and clarity of presentation The American Spectator Daniel Pipes is director of the Middle East Forum and a columnist for the New York Post and the Jerusalem Post Among his books are The Long Shadow Culture and Politics in the Middle East published by Transaction Greater Syria The History of an Ambition Friendly Tyrants An American Dilemma and The Rushdie Affair The Novel the Aftermath and the West *Muslim Heroes on Screen* Daniel O'Brien, 2021-11-16 If films drawing on Middle East tropes often highlight white Westerners figures such as Sinbad and the Thief of Bagdad embody a counter tradition of protagonists derived from Islamic folklore and history who are portrayed as Other to Western audiences In *Muslim Heroes on Screen* Daniel O'Brien explores the depiction of these characters in Euro American cinema from the silent era to the present day Far from being mere racial masquerade these screen portrayals are more complex and nuanced than is generally allowed not least in terms of the shifting concepts and assumptions that inform their Muslim identity Using films ranging from Douglas Fairbanks *The Thief of Bagdad* *The 7th Voyage of Sinbad* *El Cid* *Kingdom of Heaven* and *The Message to The Wind* and the Lion O'Brien considers how the representational strategies of Western filmmakers may transcend such Muslim stereotypes as fanatic antagonists or passive victims These figures possess a cultural significance which cannot be fully appreciated by Euro American audiences without reference to their distinction as Muslim heroes and the implications and resonances of an Islamicized protagonist
