The Mabbul:

Social Science Abstracts , 1929 **Kingdom Prologue** Meredith G. Kline, 2006-02-01 As intimated by the subtitle Genesis Foundations for a Covenantal Worldview the immediate literary focus of this study is the book of Genesis and its account of the formative ages in the eschatological movement of the kingdom of God from creation to consummation As also indicated by the subtitle our biblical theological commentary on Genesis is designed to uncover the foundations of God s covenantally administered kingdom with its major historical developments and its institutional structures and functions In this way Kingdom Prologue seeks to provide an introductory sketch of the overall shape of the biblical worldview and the character of biblical religion *The Psalms* J. H. Eaton, 2003-03-12 Remarkably enough there is a scarcity of modern commentaries on the Psalms for the more general reader though after the Gospels they are probably the most widely read part of the Bible No one is more qualified to write on the Psalms than John Eaton He is a distinguished Old Testament scholar and has spent a lifetime studying the Psalms This commentary is addressed to the wide readership There is a long and highly readable introduction giving a background to the Psalms then follow the 150 Psalms each in Eaton s translation He explains the background to the Psalms and their content in a way that makes them interesting and relevant to the present The discussion of each psalm ends with a related Christian prayer either from the tradition or written by Eaton himself John Eaton is recognized as one of the world s leading experts on Psalms this commentary is the culmination of his life s work John Eaton lectured in Old Testament at the University of Birmingham until his retirement He is the author of many books especially on aspects of the Psalms **The Names of God** Herbert Chanan Brichto, 1998 In this book Brichto argues for the aesthetic and ideological wholeness of the Hebrew Bible He uses the methods of contemporary literary criticism to examine

one of the greatest inconsistencies within the Book of Genesis the alternating use of Yahweh the Lord and Elohim God as names for the Deity Often cited as the proof of multiple authorship Brighto shows instead that this inconsistency serves as a device for a single author using the specific name that is appropriate to each specific story Brighto then proceeds to overturn other multiple author proofs including variations in genealogies eponyms and chronologies He shows that their variety ingenuity and imaginative whimsy serve a vital poetic function in the structure of the text as a whole Finding a unity in this diversity of genres styles and devices Brighto solidifies his thesis of single authorship

Biblical Creationism Dr Henry Morris, 2022-04-19 THE DOCTRINE OF CREATION DOESN'T REALLY MATTER OR DOES IT The history of creation is sprinkled all throughout Scripture not just described in Genesis 1 and 2 The same goes for the Flood account in Genesis 6-9 But why does this matter Dr Morris shows that piecing together all these bits of scriptural information reveals how badly the secular world has misinterpreted the scientific evidence The doctrine of creation is so foundational to the Christian worldview and this book helps us understand why This study strives to convince Christians everywhere that they must abandon all compromise theories of creation and return to the simple Genesis record of supernatural six day creation Recognize that biblical authors accept creation and the Flood as true history Discover how Scripture supports a recent creation and a global Flood Examine the impossibility of evolution

Ancient Near Eastern Thought and the Old Testament John H. Walton, 2006-11-01 Much of the Old Testament seems strange to contemporary readers However as we begin to understand how ancient people viewed the world the Old Testament becomes more clearly a book that stands within its ancient context as it also speaks against it John Walton provides here a thoughtful introduction to the conceptual world of the ancient Near East Walton surveys the literature of the ancient Near East and introduces the reader to a variety of beliefs about God religion and the world In helpful sidebars he provides examples of how such studies can bring insight to the interpretation of specific Old Testament passages Students and pastors who want to deepen their understanding of the Old Testament will find this a helpful and instructive study
