Albert A Gayle

The Macintyre Mine From Failure To Fortune:

The MacIntyre Mine Harold K. Hochschild, 1962 *The Adirondacks* Paul Schneider, 2016-09-06 His book is a romance a story of first love between Americans and a thing they call wilderness For it was in the Adirondacks that masses of non Native Americans first learned to cherish the wilderness as a place of recreation and solace In this lyrical narrative history the author reveals that the affair between Americans and the Adirondacks was by no means one of love at first sight And even now Schneider shows that Americans relationship with the glorious mountains and rivers of the Adirondacks continues to change As in every good romance nothing is as simple as it appears **Archeology in the Adirondacks** David R. Starbuck, 2018-06-05 While numerous books have been written about the great camps hiking trails and wildlife of the Adirondacks noted anthropologist David R Starbuck offers the only archeological guide to a region long overlooked by archeologists who thought that all the best sites were elsewhere This beautifully illustrated volume focuses on the rich and varied material culture brought to the mountains by their original Native American inhabitants along with subsequent settlements created by soldiers farmers industrialists workers and tourists Starbuck examines Native American sites on Lake George and Long Lake military and underwater sites throughout the Lake George Fort Ticonderoga and Crown Point regions old industrial sites where forges tanneries and mines once thrived farms and the rural landscape and many other sites including the abandoned Frontier Town theme park the ghost town of Adirondac Civilian Conservation Corps camps ski areas and graveyards *River of Mountains* Peter Lourie, 2023-11-15 Lourie completed his trip It took him three weeks and marked the first time anyone has traveled from the source of the Hudson to the mouth in a single vessel The Hudson proved to be a very changeable river It includes seven locks and nine power dams The northern half is a true river with strong current but the lower half is tidal a sunken river from the days of glaciers In its first 165 miles it drops more than 4 000 feet to Albany The second half falls no more than a foot Lourie s account of his trip is a fresh look at one of America s great and complex waterways one of the few in fact that still contains its historical and biological species of fish It is also the longest inland estuary in the world Henry Hudson called it the great river of the mountains Nowadays too often the Hudson is stereotyped as a ruined polluted industrial river Its glorious past is compared to its present neglect In *River of Mountains* Peter Lourie combines the Hudson s rich history and descriptions of some of the region s most impressive landscape with the residents of its mill towns the loggers commercial fishermen and barge pilots all of whom are proof that the river is still a thriving vital waterway So come with Peter Lourie on his trip come explore with him from a canoe one of this country s great rivers join him in his wonderful adventure **Contested Terrain** Philip G. Terrie, 2008-06-27 *Contested Terrain* explores the competing understandings of how best to manage this spectacular natural resource Terrie introduces the key players and events that have shaped the region and its use from early settlers and loggers to preservationists year round residents and developers This new edition includes a comprehensive account of the Pataki years an era of stunning conservation triumphs

combined with unprecedented pressures on the region's ecological integrity Catalog of Copyright Entries. Third Series
Library of Congress. Copyright Office, 1964 Includes Part 1 Number 2 Books and Pamphlets Including Serials and
Contributions to Periodicals July December **The Chemung Historical Journal**, 1962 *Lumberjacks and Rivermen in*
the Central Adirondacks, 1850-1950 Harold K. Hochschild, 1962 **The Story of Huntington Memorial Camp** Vincent J.
Gonino, 1974 Adirondack Life, 1988
