overview of the murder case and a bibliography of English language works related to it *Brothers In Murder* Jo Ann Wiblin, 2023-02-02 Mrs Wiblin's book is titled *Brothers in Murder* Wiblin and her husband have lived in Newark Ohio for fifty five years She spent approximately four of these following a series of murders in Licking County and the Columbus area Occasional bar fights and assaults resulting in murder are rare there but a series of murders was sensational business Wiblin was working on her second master's degree shortly after the murders began She took to driving to the murder locations just for curiosity One of the victims Jenkin Jones lived in Granville and her husband knew him slightly Her husband was at the time a supervisor at the local vocational school at the time and often took tools to Jones for sharpening for the school Once he took their four year old son with him and Mr Jones asked Dan if he wanted to see how he sometimes slept in the shop Dan said yes and Mr Jones lay down on the cot there and his three dogs curled up around him Dan was fascinated Later Mr Jones was murdered as he sat watching TV in his living room and several of the dogs were also killed Wiblin couldn't get these crimes off her mind Newspapers said the murderers used the freeway to get to their victims and she would try to get that out of her mind as she traveled them When the arrest finally came one brother had been captured and the other had not The author and her husband learned that police and other officials had gathered at the State of Ohio Highway garage on their road just two miles away from Charles Lewingdon's house That put him about five miles from the author's home The book is a synopsis of the crimes the brothers' personal lives and the final capture of both men The brothers have since both died in prison *Using Murder* Philip Jenkins, In the last decade serial murder has become a source of major concern for law enforcement agencies while the serial killer has attracted widespread interest as a villain in popular culture There is no doubt however that popular fears and stereotypes have vastly exaggerated the actual scale of multiple homicide activity In assessing the concern and the interest Jenkins has produced an innovative synthesis of approaches to social problem construction It includes an historical and social scientific estimate of the objective scale of serial murder a rhetorical analysis of the construction of the phenomenon in public debate and a cultural studies oriented analysis of the portrayal of serial murder in contemporary literature film and the mass media *Using Murder* suggests that a problem of this sort can only be understood in the context of its political and rhetorical dimension that fears of crime and violence are valuable for particular constituencies and interest groups which put them to their own uses In part these agendas are bureaucratic in the sense that exaggerated concern about the offense generates support for criminal justice agencies But other forces are at work in the culture at large where serial murder has become an invaluable rhetorical weapon in public debates over issues like gender race and sexual orientation Serial murder is worthy of study not so much for its intrinsic significance but rather for what it suggests about the concerns needs and fears of the society that has come to portray it as an ultimate evil *Using Murder* is a highly original study of a powerful contemporary mythology by a criminologist and historian versed in the constructionist literature on the origins of moral panics
