[Jonathan Williams: Lord of Orchards](#) Jeffery Beam, Richard Owens, 2017-09-12 Jonathan Williams work of more than half a century is such that no one activity or identity takes primacy over any other he was the seminal small press publisher of The Jargon Society a poet of considerable stature book designer editor photographer legendary correspondent literary art and photography critic and collector early collector and proselytizer of visionary folk art cultural anthropologist and Juvenalian critic curmudgeon happy gardener resolute walker and keen and adroit raconteur and gourmand Williams refined decorum and speech and his sartorial style contrasted sharply yet pleasingly with his delight in the bawdy with his incisive humor and social criticism and his confidently experimental masterful poems and prose His interests raised the common to grace while paying close attention to the earthy At the forefront of the Modernist avant garde yet possessing a deep appreciation of the traditional Williams celebrated rescued and preserved those things he described as more and more away from the High Art of the city settling for what I could unearth and respect in the tall grass Subject to much indifference despite being celebrated as publisher and poet he nurtured the nascent careers of hundreds of emerging or neglected poets writers artists and photographers Recognizing this Buckminster Fuller once called him our Johnny Appleseed Guy Davenport described him as a kind of polytechnic institute while Hugh Kenner hailed Jargon as the Custodian of Snowflakes and Williams as the truffle hound of American poetry Lesser known for his extraordinary letters and essays and his photography and art collecting he is never only a poet or photographer an essayist or publisher This book of essays images and shouts aims to bring new eyes and contexts to his influence and talent as poet and publisher but also heighten appreciation for the other facets of his life and art One might call Williams life a poetics of gathering and this book a first harvest

Avant-folk Ross Hair, 2016 A critical study of the intersection of folk and avant garde poetics in transatlantic small press poetry networks from the 1950s up to the present

Shy of the Squirrel's Foot Andy Martrich, 2024-11-11 The Jargon Society a boundary pushing publisher of poetry and experimental writing was founded by Jonathan Williams 1929 2008 in 1951 Jargon quickly gained a reputation as the home of the poetic and literary avant garde including noted midcentury poets like Charles Olson and Lorine Niedecker Williams himself looms large in this story as the publisher at Jargon until his death making this book as much about his life and work as the press he founded which today operates through the Black Mountain College Museum in Asheville North Carolina Andy Martrich authors this story in a manner befitting Jargon's ethos of literary experimentation by focusing on the books the Society cataloged but never published While it's not uncommon for a small press to plan for books that don't make it to publication Martrich argues that Jargon's incessant financial difficulties coupled with Williams's impressive network makes its trail of unfinished projects unique and an ideal way to chronicle the press itself Using archival research interviews with volunteers at Jargon and more Martrich gives readers not only an intimate look into a Southern press and publisher but

also an important history of modern and experimental literature in twentieth century America *Shy of the Squirrel's Foot* includes an epilogue by Anne Midgette an afterword by Nicole Raziya Fong and Jargon's complete annotated bibliography which details every book the press published compiled in one place for the first time *Jonathan Williams*, 1989

Contemporary Gay American Poets and Playwrights Emmanuel S. Nelson, 2003-06-30 Gay presence is nothing new to American verse and theater Homoerotic themes are discernible in American poetry as early as the 19th century and identifiably gay characters appeared on the American stage more than 70 years ago But aside from a few notable exceptions gay artists of earlier generations felt compelled to avoid sexual candor in their writings Conversely most contemporary gay poets and playwrights are free from such constraints and have created a remarkable body of work This reference is a guide to their creative achievements Alphabetically arranged entries present 62 contemporary gay American poets and dramatists While the majority of included writers are younger artists who came of age in the post Stonewall U S some are older authors whose work has continued or persisted into recent decades A number of these writers are well known including Edward Albee Harvey Fierstein and Allen Ginsberg Others such as Alan Bowne Timothy Liu and Robert O'Hara merit wider recognition Each entry is written by an expert contributor and includes a biography a discussion of major works and themes an overview of the author's critical reception and primary and secondary bibliographies *An Open Map* Robert Duncan, Charles Olson, 2017-12-15 The 130 letters collected in this volume begin in 1947 just after Robert Duncan and Charles Olson first meet in Berkeley California and continue to Olson's death in January 1970 **Close Listening** Charles Bernstein, 1998-04-30 *Close Listening* brings together seventeen strikingly original essays especially written for this volume on the poetry reading the sound of poetry and the visual performance of poetry While the performance of poetry is as old as poetry itself critical attention to modern and postmodern poetry performance has been surprisingly slight This volume featuring work by critics and poets such as Marjorie Perloff Susan Stewart Johanna Drucker Dennis Tedlock and Susan Howe is the first comprehensive introduction to the ways in which twentieth century poetry has been practiced as a performance art From the performance styles of individual poets and types of poetry to the relation of sound to meaning from historical and social approaches to poetry readings to new imaginations of prosody the entries gathered here investigate a compelling range of topics for anyone interested in poetry Taken together these essays encourage new forms of close listenings not only to the printed text of poems but also to tapes performances and other expressions of the sounded and visualized word The time is right for such a volume with readings spoken word events and the Web gaining an increasing audience for poetry *Close Listening* opens a number of new avenues for the critical discussion of the sound and performance of poetry *Ronald Johnson's Modernist Collage Poetry* R. Hair, 2010-12-20 Using a critical examination of the collage poetics of Ronald Johnson this book sets out to understand Johnson's poetry in the context of the New American collage tradition stretching from Ezra Pound to Louis Zukofsky and beyond Additionally the book assesses Johnson's work in relation to wider questions concerning

literary chronologies especially the discontinuities commonly seen to exist between nineteenth century Romantic and twentieth century modernist literary forms
