The Making Of A Senator Dan Quayle:

The Making of a Senator Richard F. Fenno, 1989 Describes Dan Quayle's successful Senatorial campaign, observes his work in Congress and examines the relationship between campaigns and governing Culture Wars Roger Chapman, 2010 Although openness and inclusion are cornerstones of life in the United States, intolerance and reactionary politics are also very real. As the nation prepares to elect a new president, *The Culture Wars* addresses the key defining issues of contemporary

Senators on the Campaign Trail Richard F. Fenno, 1998-02-01 This is a book about the politics of representative democracy written from the perspective of the politicians who make it work. Typically, political scientists study campaigns from the perspective of the voter and for the purpose of explaining election outcomes. But campaigns also need to be studied from the perspective of the candidate for the purpose of understanding representation. Richard F. Fenno Jr. traveled with ten U.S. senators as they campaigned in their home states, using what he calls the "drop in, drop out, tag along, hang around" method of research to present a developmental picture of their activities. His focus here is on three such activities: pursuing a career, campaigning for office, and building constituency connections. Taken together, the three constitute the political underpinnings of representative democracy. Fenno describes the achievement, the testing, and the maintenance of representational relationships. He examines challengers and incumbents, winners and losers, and motivations, strategies, and behaviors, and he reports on differences, similarities, and patterns among them. In studying the candidates' varied careers, campaigns, and connections in stages and sequences and in depth, and in allowing us to hear them reflect on these experiences, Fenno has been able to offer rare insights into campaigns and elections, insights very different from conventional ones that concentrate on the behavior of voters. In its focus on the process of representative democracy, *Senators on the Campaign Trail* offers a rich, rounded, developmental view of some high-level individuals who work at the business of representation. For scholars, the book suggests some qualitative confirmation and added stimulation in forging generalizations about politicians. For citizens, the book argues for replacing the conventional blanket condemnation of our politicians so prevalent today with more discriminating judgments about what they do and why and to what purpose they do it. **Profiles in Ignorance** Andy Borowitz, 2022-09-13 NEW YORK TIMES BESTSELLER WALL STREET JOURNAL BESTSELLER WASHINGTON POST BESTSELLER Andy Borowitz, one of the funniest people in America, CBS Sunday Morning brilliantly chronicles our embrace of anti-intellectualism in American politics from Ronald Reagan to Dan Quayle, from George W. Bush to Sarah Palin to its apotheosis in Donald J. Trump. Andy Borowitz has been called a Swiftian satirist. The Wall Street Journal and one of the country's finest satirists, The New York Times, Millions of fans and New Yorker readers enjoy his satirical news column, The Borowitz Report. Now in *Profiles in Ignorance*, he delivers a wittily alarming polemic that tracks the evolution of American politics from grounds for gravitas to festival of idiocy. The New York Times Borowitz argues that over the past fifty years, American politicians have grown increasingly allergic to knowledge, and mass media have encouraged the election of

ignoramus by elevating candidates who are better at performing than thinking Starting with Ronald Reagan's first campaign for governor of California in 1966 and culminating with the election of Donald J Trump to the White House Borowitz shows how during the age of twenty four hour news and social media the US has elected politicians to positions of great power whose lack of the most basic information is terrifying In addition to Reagan Quayle Bush Palin and Trump Borowitz covers a host of congresspersons senators and governors who have helped lower the bar over the past five decades Profiles in Ignorance aims to make us both laugh and cry laugh at the idiotic antics of these public figures and cry at the cataclysms these icons of ignorance have caused But most importantly the book delivers a call to action and a cause for optimism History doesn't move in a straight line and we can change course if we act now *The American Congress* Steven S. Smith, Jason M. Roberts, Ryan J. Vander Wielen, 2013-07-31 Up to date and now more student friendly Features the 2012 elections health care reform and an early take on the 113th Congress **Senators of the United States** Diane B.
