The March Of Freedom Modern Clabics In Conservative Thought:

The March of Freedom Edwin J. Feulner, Edwin J Feulner, PH.D., M.B.A., 1999-07 Includes essays about and selections from William F Buckley Jr Russell Kirk F A Hayek Milton Friedman Frank S Meyer Midge Decter Albert Jay Nock Whittaker Chambers Michael Novak Wilhelm Roepke Richard M Weaver and Ronald W Reagan **A Paleoconservative Anthology** Paul Gottfried, 2023-02-15 This anthology provides detailed examinations of the major themes and perspectives of the paleoconservatives as political thinkers and activists A long forgotten and persistently disregarded group within the American Right but their ideas show a remarkable staying power Paleoconservatives as this anthology undertakes to show have been among the most original and insightful representatives of the Right over the last thirty years but because of internal quarrels and their conspicuous defiance of the conservative establishment they have become isolated voices Almost everything about the paleoconservatives should be of interest to historians of political movements including the process by which they became a marginalized force on the intellectual right and their periodic attempts to build bridges across the political spectrum Liberalism Versus Conservatism François B. Gérard, 2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what do these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title an author The American Spirit Edwin J. Feulner, Brian Tracy, 2023-12-19 The United States is an exceptional place to call home thanks to the character of the American people With conviction and urgency Ed Feulner and Brian Tracy affirm our core tenets from patriotism and optimism to faith and generosity and challenge all of us to live out the timeless principles of citizenship Packed with engaging stories insightful profiles and eye opening statistics The American Spirit serves as an indispensable primer on the bedrock belief that an indomitable spirit does exist that it defines us as a people and that it must be preserved for the nation to flourish **The Fire Is Upon Us** Nicholas Buccola, 2020-09 Paperback reprint Originally published 2019 **Mother Jones Magazine**, 1998-07 Mother Jones is an award winning national magazine widely respected for its groundbreaking investigative reporting and coverage of sustainability and environmental issues *American Conservatism* Bruce Frohnen, Jeremy Beer, Nelson O. Jeffrey, 2014-05-20 A must own title National Review Online American Conservatism An Encyclopedia is the first comprehensive reference volume to cover what is surely the most influential political and intellectual movement of the past half century More than fifteen years in the making and more than half a million words in length this informative and entertaining encyclopedia contains substantive

Person,1999-10-20 This first full length treatment of Russell Kirk s life and accomplishments blends new biographical insights and critical perspectives about the author of the ground breaking *The Conservative Mind* **Creating Conservatism** Michael J. Lee,2014-08-01 *Creating Conservatism* charts the vital role of canonical post World War II 1945 1964 books in generating guiding and sustaining conservatism as a political force in the United States Dedicated conservatives have argued for decades that the conservative movement was a product of print rather than a march a protest or a pivotal moment of persecution *The Road to Serfdom* *Ideas Have Consequences* *Witness The Conservative Mind* *God and Man at Yale* *The Conscience of a Conservative* and other mid century texts became influential not only among conservative office holders office seekers and well heeled donors but also at dinner tables school board meetings and neighborhood reading groups These books are remarkable both because they enumerated conservative political positions and because their memorable language demonstrated how to take those positions functioning in essence as debate handbooks Taking an expansive approach the author documents the wide influence of the conservative canon on traditionalist and libertarian conservatives By exploring the varied uses to which each founding text has been put from the Cold War to the culture wars *Creating Conservatism* generates original insights about the struggle over what it means to think and speak conservatively in America *Hayek: A Collaborative Biography* R. Leeson,2016-01-12 In this sixth volume contributors examine Hayek s neoliberal economics and politics in the 20th century and the demise of the socialist system Taking a closer look at Hayek s time in Australia and his time spent travelling in the east
