Cheung, 2009-12 I believe in causal connection I am convinced that I was a S O B in my previous life and had hurt lots of women This life is to repay some of the debts Thus the reason of the book It is to help to free the hundreds of millions of women who are still under the control of men For millennia women have been men's prisoners and slaves Slavery of women is still going on in many countries The book traces the slavery to its very beginning and identifies the one tool men have been using to imprison them It was a recent event measured in evolutionary scale Knowing the when and the how will enable the ultimate liberation of all women Though a stronger sex there is one universal womanly weakness It is an innate sense of insecurity This weakness however was a must for the survival of our species during the past millions

of dark years Women today have no more need to feel insecure But it is still there playing harmful psychological game to women To know this insecurity is to allow women to deal with it effectively The book also points out the many potential traps and downfalls to women The most damaging trap for women is religion All religions treat women as second class citizens The other is to have children They are career killers Getting married is also a bad idea 50% of the marriages in North America end up in divorce and most are initiated by women Statistics don't lie W O M A N is an acronym for world of man ain't nice Our world is a mess wholesale environmental deterioration wars over population and poverty are rampant They are mostly man made by the male gender that is Our only hope is woman The misery won't end as long as men are allowed to run our world Women are our saviors But women can't save the world without a tool The tool is moral selfishness which is the other central message of the book Thank you *Mort Gerberg on the Scene* Mort Gerberg,2019-02-06 Fantagraphics

Origen Ronald E. Heine, 2019-11-13 The late second and early third century was a turbulent time in the Roman Empire and in the relationship between the empire and the church Origen was the son of a Christian martyr and was himself imprisoned and tortured in his late life in a persecution that targeted leaders of the church Deeply pious and a gifted scholar Origen stands as one of the most influential Christian teachers in church history and also one of the most controversial This introduction to Origen begins by looking at some of the circumstances that were formative influences on his life It then turns to some key elements in his thought The approach here differs from that taken by most earlier studies by working from the central position that Scripture had for Origen Heine argues that Origen's thought in his later life especially reflects his continual interaction with the Bible
