Books in this Seminar Studies in History series bridge the gap between textbook and specialist survey and consists of a brief Introduction and/or Background to the subject, valuable in bringing the reader up to speed on the area being examined, followed by a substantial and authoritative section of Analysis focusing on the main themes and issues. There is a succinct Assessment of the subject, a generous selection of Documents, and a detailed bibliography. Stanley Harrold provides an accessible introduction to the subject, synthesizing the enormous amount of literature on the topic. *American Abolitionists* explores the roles of slaves and free blacks in the movement, the importance of empathy among antislavery whites for the suffering slaves, and the impact of abolitionism upon the sectional struggle between the North and the South. Atlantic Transformations Dale W. Tomich, 2020-04-01 This book presents a new approach to nineteenth-century Atlantic history by extending the analytical perspective of the second slavery to questions of empire, colonialism, and slavery. With a focus on Latin America, Brazil, the Spanish Caribbean, and the United States, international scholars examine relations among empires, between empires and colonies, and within colonies as parts of processes of global economic and political restructuring. By treating metropolis-colony relations within the framework of the modern world economy, the contributors call attention to the political, economic, and cultural interdependence and interaction of global and local forces shaping the Atlantic world. They reinterpret as specific local responses to global processes the conflicts between empires within imperial relations, the formation of national states, the creation of new zones of agricultural production, and the decline of old ones, and the emergence of liberal ideologies and institutions.

An American Quilt Rachel May, 2018-05-01 Rachel May's rich new book explores the far reach of slavery from New England to the Caribbean, the role it played in the growth of mercantile America, and the bonds between the agrarian south and the industrial north in the antebellum era. All through the discovery of a remarkable quilt. While studying objects in a textile collection, May opened a veritable treasure trove: a carefully folded, unfinished quilt made of 1830s-era fabrics, its backing containing fragile, aged papers with the dates 1798, 1808, and 1813, the words "shuger rum casks" and "West Indies" repeated over and over along with

friendship kindness government and incident The quilt top sent her on a journey to piece together the story of Minerva Eliza Jane and Juba the enslaved women behind the quilt and their owner Susan Crouch May brilliantly stitches together the often silenced legacy of slavery by revealing the lives of these urban enslaved women and their world Beautifully written and richly imagined *An American Quilt* is a luminous historical examination and an appreciation of a craft that provides such a tactile connection to the past *List of Doctoral Dissertations in History Now in Progress at Universities in the United States and the Dominion of Canada*, 1914
