**The Sleeper Agent in Post-9/11 Media** Vanessa Ossa,2023-01-01 This book examines the figure of the sleeper agent as part of post 9 11 political journalistic and fictional discourse There is a tendency to discuss the terroristic threat after 9 11 as either a faraway enemy to be hunted down by military force or on the other hand as a ubiquitous intangible threat that required constant alertness at home The missing link between these two is the sleeper agent the foreign enemy hiding among US citizens By analyzing popular television shows several US comic books and a broad variety of Hollywood films that depict sleeper agents direct or allegorically this book explores how a shift in perspective from terrorist to sleeper agent brings new insights into our understanding of post 9 11 representations of terrorism The book s interdisciplinary focus between media studies cultural studies and American studies suggests that it will find an audience in a variety of fields including historical research narratology popular culture as well as media and terrorism studies

Sleeper Cell Kierra Dorsay,2016-02-27 A sleeper cell is a person who remains a dormant member of a group while belonging to another group for undisclosed reasons Usually the sleeper cell status is kept a secret A sleeper cell is a clandestine group of terrorists who work underground and come back to life suddenly to achieve the target set by their superiors A sleeper agent is a spy who is placed in a target country or organization not to undertake an immediate mission but rather to act as a potential asset if activated Sleeper agents are popular plot devices in fiction in particular espionage fiction and science fiction Sleeper agents who have been discovered have often been natives of the target country who moved elsewhere in early life and were co opted perhaps for ideological or ethnic reasons before returning to the target country This is valuable to the sponsor as the sleeper s language and other skills can be those of a native and thus less likely to trigger suspicion One of the most insidious tactics at a terrorist organization s disposal is the implementation of a sleeper cell This consists of secret agents who receive specialized training in their home countries and are then assigned to assimilate

into another country's culture and society. These agents may spend years performing their regular duties while living deep undercover, then suddenly receive orders from their overseas handlers to either commit an act of terrorism or provide aid to those who will.

THE TRUTH ABOUT FREEMASONS, ILLUMINATI, AND NEW WORLD ORDER S.D.S C.M.W, 2012-03-19 Two Books In One. The New World Order's Letter to Every Citizen of the World warning: Resistance is Futile. According to this letter addressed to everybody in America, it's useless to resist a one-world takeover as the program is in its final stages. The very word 'secrecy' is repugnant in a free and open society, and we are as people inherently and historically opposed to secret societies, to secret oaths, and to secret proceedings. We decided long ago that the dangers of excessive and unwarranted concealment of pertinent facts far outweighed the dangers which are cited to justify it. If you have the privilege to know, you have the duty to act.

**The Thirty-Seventh Parallel** A. L. Provost, 2007-05-15 The Thirty-Seventh Parallel is a historical-based work of fiction centering around a second planned North Korean invasion of South Korea nine years following the signing of the Armistice in July 1953. It is still just a good old-fashioned tale of intrigue, deception, double agents, and edge-of-your-seat suspense. If you enjoy a good spy story, you'll love The Thirty-Seventh Parallel.
