L Reisser

Slovakia The Path To Nationhood:

Slovakia Matej Karel Schwitzer, 2002 **Czechoslovakia** Michael Brenner, 1997-11-13 This book the most thoroughly researched and accurate history of Czechoslovakia to appear in English tells the story of the country from its founding in 1918 to partition in 1992 from fledgling democracy through Nazi occupation Communist rule and invasion by the Soviet Union to at last democracy again The common Western view of Czechoslovakia has been that of a small nation that was sacrificed at Munich in 1938 and betrayed to the Soviets in 1948 and which rebelled heroically against the repression of the Soviet Union during the Prague Spring of 1968 Mary Heimann dispels these myths and shows how intolerant nationalism and an unhelpful sense of victimhood led Czech and Slovak authorities to discriminate against minorities compete with the Nazis to persecute Jews and Gypsies and pave the way for the Communist police state She also reveals Alexander Dubcek held to be a national hero and standard bearer for democracy to be an unprincipled apparatchik Well written revisionist and accessible this groundbreaking book should become the standard history of Czechoslovakia for years to come

Parliaments in the Czech and Slovak Republics Petr Kopecký, 2017-11-22 This title was first published in 2001 Based on a unique set of structured interviews with parliamentarians and additional interviews with party leaders and activists this significant volume provides an illuminating account of the formation of the new democracies in Czechoslovakia and later the Czech Republic and Slovakia Examining efforts to construct stable democratic parliamentary regimes in the wake of communist breakdown it provides a rigorous analysis of parliaments relations with the electorate and the executive as well as their internal working Richly detailed and clearly written this original study is an invaluable addition to the collection of anyone interested in post communist Europe or parliamentary studies **Mapping Jewish Loyalties in Interwar Slovakia** Rebekah Klein-Pejšová, 2015-02-12 Well researched A major contribution to our understanding of the dilemmas and challenges faced by Czechoslovak Jewry in the interwar period Michael Miller Central European University In the aftermath of World War I the largely Hungarian speaking Jews in Slovakia faced the challenge of reorienting their political loyalties from defeated Hungary to newly established Czechoslovakia Rebekah Klein Pej ov examines the challenges Slovak Jews faced as government officials demographers and police investigators continuously tested their loyalty Focusing on Jewish nationality as a category of national identity Klein Pej ov shows how Jews recast themselves as loyal citizens of Czechoslovakia Mapping Jewish Loyalties in Interwar Slovakia traces how the interwar state saw and understood minority loyalty and underscores how loyalty preceded identity in the redrawn map of east central Europe This book makes a crucial contribution to the question of minority loyalties in Central Europe in the first half of the twentieth century It points to a dramatic divergence of the constructions of loyalties between the majority and minority populations Slovakia After WW I former Hungarian territory became part of the newly established state of Czechoslovakia Jews who had lived under Hungarian rule faced the problem of status and identity in a new state The overall picture the author presents is skillfully

balanced by effective individualized treatments of individuals and events Recommended Choice Klein Pej ov has contributed a succinct and sophisticated profile of an understudied community one that can help us understand the impossible dynamic faced by all Jews who lived among multiple nationalities with competing national claims Slavic Review *Israel's Holocaust and the Politics of Nationhood* Idith Zertal,2005-09 A compelling analysis considers the ways Israel has used the memory of the Holocaust to define its existence and politics **Nationalism and Democratisation** Erika Harris,2018-01-18 This title was first published in 2002 The year 1989 marks a turning point in world history The rigid division of Europe into East and West and the bipolarity of the Cold War system disintegrated with communism as a political system dismantled by 1991 In the wake of the communist multinational federations came successor states with each accompanied by many ethnic and national conflicts This book is concerned with the relationship between nationalism and democracy in a particular setting the larger framework is postcommunist Eastern and Central Europe the focus is on newly dependent democracies explored through the case studies of Slovakia and Slovenia The purpose is to seek an answer to two related questions what is the role of nationalism in the democratic process and under what conditions is nationalism less or more compatible with the democratisation process The British National Bibliography Arthur James Wells,2002 **Democracy and Nationalism in Southeast Asia** Jacques Bertrand,2021-04-29 Jacques Bertrand offers a comparative historical analysis of five nationalist conflicts over several decades in Southeast Asia Using a theoretical framework to explain variance over time and across cases he challenges and refines existing debates on democracy s impact and shows that while democratization significantly reduces violent insurgency over time it often introduces pernicious effects that fail to resolve conflict and contribute to maintaining deep nationalist grievances Drawing on years of detailed fieldwork Bertrand analyses the paths that led from secessionist mobilization to a range of outcomes These include persistent state repression for Malay Muslims in Thailand low level violence under a top down special autonomy for Papuans reframing of mobilizing from nationalist to indigenous peoples in the Cordillera a long and broken path to an untested broad autonomy for the Moros and relatively successful broad autonomy for Acehnese *Prague* Jane Pavitt,2000 The extraordinary heritage of Prague has meant that the city is now regarded as one of the artistic and cultural capitals of the world The turbulent history of the city is reflected in the range and diversity of buildings discussed in this text from its baroque churches and palaces to the state offices and housing projects of the post 1945 communist era The guide covers all aspects of Prague s development since its early years through its periods of both power and decline from the 15th to the 20th century Particular attention is paid to the architecture of the last 100 years Since the democratic revolution of 1989 the city has once again become a place of pilgrimage for those interested in architecture and design This book covers some of the most recent architectural projects to be planned in the city A *European Geography* Tim Unwin,2017-09-29 A European Geography provides a geographical interpretation and exposition of the whole of Europe Beginning with a historical and environmental introduction the text covers the cultural identity political

structure economic organisation and social context of Europe examining the complex issues that are shaping the characteristics and meaning of contemporary Europe More than fifty contributors are drawn from Europe and North America contributing a wealth of research expertise in their specialist subject areas Detailed case studies provide empirical examples of the broader research themes examined A European Geography is written for undergraduate students taking courses on Europe Regional Geography European Studies and European Integration It will provide valuable reading for anyone interested in developing a detailed understanding of the processes shaping contemporary Europe **The Euro at Ten** Kenneth Dyson,2008-09-04 The Euro Area is ten years old This major new reappraisal by some of the world s leading scholars examines the effects of the new European single currency on the member states of the European Union in its first decade

Defining the Sovereign Community Nadya Nedelsky,2012-02-28 Though they shared a state for most of the twentieth century when the Czechs and Slovaks split in 1993 they founded their new states on different definitions of sovereignty The Czech Constitution employs a civic model founding the state in the name of the citizens of the Czech Republic while the Slovak Constitution uses the more exclusive ethnic model and speaks in the voice of the Slovak Nation Defining the Sovereign Community asks two central questions First why did the two states define sovereignty so differently Second what impact have these choices had on individual and minority rights and participation in the two states Nadya Nedelsky examines how the Czechs and Slovaks understood nationhood over the course of a century and a half and finds that their views have been remarkably resilient over time These enduring perspectives on nationhood shaped how the two states defined sovereignty after the Velvet Revolution which in turn strongly affected the status of the Hungarian minority in Slovakia and the Roma minority in the Czech Republic Neither state has secured civic equality but the nature of the discrimination against minorities differs Using the civic definition of sovereignty offers stronger support for civil and minority rights than an ethnic model does Nedelsky s conclusions challenge much analysis of the region which tends to explain ethnic politics by focusing on postcommunist factors especially the role of opportunistic political leaders Defining the Sovereign Community instead examines the undervalued historical roots of political culture and the role of current constitutional definitions of sovereignty Looking ahead Nedelsky offers crucial evidence that nationalism may remain strong in Slovakia and the Czech Republic even in the face of democratization and EU integration and is an important threat to both The Contemporary Review ,1995

Музейное дело и охрана памятников ,2006 *Myths and Realities in Eastern Europe* Walter Kolarz,1946 Ethnicity and Ethnic Conflict in the Post-Communist World B. Fowkes,2002-03-06 Ethnic and national conflicts have been an unexpected and major source of problems in many parts of the world in recent times Nowhere more so than in the formerly communist countries This book provides a readable introduction to and brief analytical coverage of all the ethnic disputes of the 1990s Full justice is done both to complex present day situations and the deeper roots of ethnic conflict This is followed by a review and evaluation of the main available explanations The book is required reading for anyone who wants to

understand why the fall of communism did not introduce an era of goodwill between the nations *The Path to Fascism in Slovakia* Thomas Lorman, 2017-09-30 In 1945 just six years after coming to power the Slovak People's Party SLS was disbanded as a criminal organization and its leader Jozef Tiso hanged for treason What made it possible for the SLS initially founded in 1905 by priests to represent the Catholic Slovak minority residing in the north of the Kingdom of Hungary to form an openly pro Nazi government in 1939 And what put Slovakia on the path to a fascism that would see more than 45 000 Jews deported to their deaths in 1942 To answer these questions Thomas Lorman draws on more than a decade's research in archives across the region in Hungarian Slovak and Latin and studies the party's formative years in depth for the first time in English Lorman examines the various strands which fused to form the party and its popularity including a complex and nebulous nationalism Catholicism and a resounding mistrust of liberalism and modernity *The Path to Fascism in Slovakia* is a vital and timely study of the genesis and success of far right movements that will be essential reading for all scholars working on 20th Century European history nationalism and the interplay of religion and politics *Hammer, Sichel, Hakenkreuz* Tom Thieme, 2007 **The Republic of the Ushakovka** Richard M Connaughton, 2017-03-27 This volume originally published in 1990 and now with an updated Preface gives an account of the Allies last concerted attempt to destroy Russia's nascent Bolshevik regime At the start it looked like a threat that should be taken seriously as the Reds enemies both native and foreign combined with trained mercenaries under the leadership of a Tsarist admiral But it finished with a firing squad on the ice and a grisly end for the ill fated Admiral Kolchak With him died the last hope for the old order in Russia and the future of the new Soviet state was secure The skill of the author's narrative lies in his mastery both of the detail and of the wider implications of these epic events *A European Geography* P. T. H. Unwin, 1998 *A European Geography* provides a geographical interpretation and exposition of the whole of Europe Beginning with a historical and environmental introduction the text covers the cultural identity political structure economic organisation and social context of Europe examining the complex issues that are shaping the characteristics and meaning of contemporary Europe More than fifty contributors are drawn from Europe and North America contributing a wealth of research expertise in their specialist subject areas Detailed case studies provide empirical examples of the broader research themes examined *A European Geography* is written for undergraduate students taking courses on Europe Regional Geography European Studies and European Integration It will provide valuable reading for anyone interested in developing a detailed understanding of the processes shaping contemporary Europe

Reviewing **Slovakia The Path To Nationhood**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Slovakia The Path To Nationhood Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Slovakia The Path To Nationhood PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to

personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Slovakia The Path To Nationhood PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Slovakia The Path To Nationhood free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Slovakia The Path To Nationhood Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience.
