

Slow Day

A colorful illustration of a family of three sitting inside a tent. The mother, with short brown hair and wearing a pink shirt, is in the center, holding an open book. To her left, a young boy with brown hair and a blue shirt is sitting, holding a brown teddy bear. To her right, a young girl with blonde hair and an orange shirt is sitting, holding a red cup. They are all smiling and appear to be enjoying their time together. The tent is made of a green and yellow striped fabric. The background shows a blue sky with soft clouds and a green hillside.

The Dime Novel in Children's Literature Vicki Anderson, 2014-10-16 With their rakish characters sensationalist plots improbable adventures and objectionable language like swell and golly dime novels in their heyday were widely considered a threat to the morals of impressionable youth Roundly criticized by church leaders and educators of the time these short quick moving pocket sized publications were also inevitably wildly popular with readers of all ages This work looks at the evolution of the dime novel and at the authors publishers illustrators and subject matter of the genre Also discussed are related types of children's literature such as story papers chapbooks broadsides serial books pulp magazines comic books and today's paperback books The author shows how these works reveal much about early American life and thought and how they reflect cultural nationalism through their ideological teachings in personal morality and ethics humanitarian reform and political thought Overall this book is a thoughtful consideration of the dime novel's contribution to the genre of children's literature Eight appendices provide a wealth of information offering an annotated bibliography of dime novels and listing series books story paper periodicals characters authors and their pseudonyms and more A reference section index and illustrations are all included
