Making and remaking saints in nineteenth-century Britain Gareth Atkins, 2016-08-25 This book examines the place of saints and sanctity in a self consciously modern age and argues that Protestants were as fascinated by such figures as Catholics were Long after the mechanisms of canonisation had disappeared people continued not only to engage with the saints of the past but continued to make their own saints in all but name Just as strikingly it claims that devotional practices and language were not the property of orthodox Christians alone Making and remaking saints in the nineteenth century Britain explores for the first time how sainthood remained significant in this period both as an enduring institution and as a metaphor that could be transposed into unexpected contexts Each of the chapters in this

volume focuses on the reception of a particular individual or group and together they will appeal to not only historians of religion but those concerned with material culture the cult of history and with the reshaping of British identities in an age of faith and doubt

Reflexivity in Love A Self-Reflexive Portrait of the Little Flower of Jesus Fr. Emmanuel Javert Nnadozie OCD, 2024-09-19 This book focuses particularly on the self reflexive elements of the divine and human transformation in the Christian life which we find in St Therese especially her ability to wonder and question herself about the mysteries of God as they relate to her spiritual life and growth It studies Therese s spirit of critical listening and profound spiritual reflection on the things of her experience and explores her self reflective and interrogative self understanding of her call to sanctity of life The author also discusses how the Saint appropriated God s Word and God s grace hidden in the events of her life The book shows how through self reflexivity and meditation on God s Word she discovered her vocation as love in the heart of the Church following which she desired to sing of the mercies of the Lord with her whole life by loving God and neighbor in ordinary things in an extraordinary way and by leading a legion of souls through this Little Way of love which has a general or universal application to all who desire to attain perfection by a straight and short route While it is recognized that God s grace works in individuals according to their personal vocations the author believes that spiritual self reflexivity helps the faithful to integrate meaningfully like St Therese the general principles of the spiritual life and the example of the Saints into each individual s spiritual life in the events of daily life irrespective of their individual vocations And this is why the Little Way as a spiritual path can be lived by all who commit themselves to following the example found in St Therese s simple humble and confident way of spiritual childhood and of loving God and neighbor in the ordinary life and events of every day with reflexivity in love as the key

Peacemaking and the Canon Law of the Catholic Church Charles Reid, Jr., 2023-12-21 This volume unites three disparate strands of historical and legal experience Nearly from its beginning the Catholic Church has sought to promote peace among warring parties and among private litigants The volume explores three vehicles the Church has used to promote peace papal diplomacy of international disputes both medieval and contemporary the arbitration of disputes among litigants and the use of the tools of reconciliation to bring

about rapprochement between ecclesiastical superiors and those subject to their authority The book concludes with an appendix exploring a wide variety of hypothetical yet plausible scenarios in which the Church might use its good offices to repair breaches among persons and nations

Therese s road was one of suffering spiritual childhood abandonment to the benevolence of the Lord trials of faith periods of painful spiritual barrenness and a life devoted entirely to love and to the Church St. Therese of Lisieux Spouse and Victim Cliff Ermatinger, 2011-11-09 On Christmas Eve 1886 a young girl Th r se Martin received special grace Although it was the littleness of the Christ Child that reached out to this girl and taught her to give up the defects of childhood the grace was by no means small Her long bout with scruples and empty fears was not completely over yet in her own words since that night I have never been defeated in any combat but rather walked from victory to victory Such was her experience of God s mercy that she decided then and there to give her life to the mission of converting sinners This book by Cliff Ermatinger presents us with deep theological insights into the meaning of the seemingly simple life and journey of St Th r se of Lisieux This little book

treats of a love story that began on January 4 1873 the day of Therese's baptism On that day God began to court the soul of this little girl who would remain just that a little girl She would also learn to correspond with her baptismal grace thus maturing into a strong willed woman and ultimately into the faithful bride of her divine Spouse Her formal relationship with Christ and her new insertion into his life began fittingly on Christmas Also fittingly her relationship with him on earth ended on Calvary Tracing St Therese of Lisieux's life we discover that she begins with the life of grace going from child of God to child in the Son She then advances to a theological existence from theological existence to union and from union to its culmination in espousals with Christ the ordinary terminus of the spiritual life to which everyone is called Having arrived at such union with the divine Spouse Therese was next inducted into the victimhood of Christ The author then examines the relation between the type of victimhood St Therese experienced and the type of sin she was expiating atheism
