The National Mall Nathan Glazer,Cynthia R. Field,2008-07-30 The National Mall in Washington D C has held an important place in the American psyche since the early nineteenth century Home to monuments and museums dedicated to the ideals upon which the United States rests the Mall serves as a gathering place for public protest and celebration But as the nation ages and the population diversifies demands for additional structures and uses have sparked debates over the Mall s future and the necessity of preserving its legacy and the vision of its designers The National Mall addresses these issues with a novel and compelling collection of essays the work of leading design professionals historians and social scientists Supplemented by eye catching illustrations and photographs this cross disciplinary examination follows the discussion over the Mall s design and use from its conceptual origins as part of Pierre Charles L Enfant s vision for the capital to the 1902 McMillan Plan to the present day and beyond It assesses how architectural societal and political changes have altered the park like space between the Capitol and the Lincoln Memorial and explores the influence that disparate interest groups and creeping corporatism have already had on and are likely to exert upon America s public square The National Mall presents an overarching account of how a democratic society plans creates and expands a national ceremonial space opening the way for a broadly based inquiry into the Mall as it was is and will become Urban planners architectural and design historians and engaged citizens will be challenged and well served by the thoughtful essays collected by Nathan Glazer and Cynthia R Field

American Aloha Heather A. Diamond,2008-06-03 At the 1989 Smithsonian Folklife Festival throngs of visitors gathered on the National Mall to celebrate Hawai i s multicultural heritage through its traditional arts The education spectacle revealed a richly complex Hawai i few tourists ever see and one never

before or since replicated in a national space The program was restaged a year later in Honolulu for a local audience and subsequently inspired several spin offs in Hawai i In both Washington D C and Honolulu the program instigated a new paradigm for cultural representation Based on archival research and extensive interviews with festival organizers and participants this innovative cross disciplinary study uncovers the behind the scenes negotiations and processes that inform the national spectacle of the Smithsonian Folklife Festival Intersecting the fields of museum studies folklore studies Hawaiian studies performance studies cultural studies and American studies American Aloha supplies a nuanced analysis of how the carefully crafted staging of Hawai i s cultural diversity was used to serve a national narrative of utopian multiculturalism one that collapsed social inequities and tensions masked colonial history and subordinated indigenous politics while empowering Hawai i s traditional artists and providing a model for cultural tourism that has had long lasting effects Heather Diamond deftly positions the 1989 program within a history of institutional intervention in the traditional arts of Hawai i s ethnic groups as well as in relation to local cultural revivals and the tourist industry By tracing the planning fieldwork site design performance and aftermath stages of the program she examines the uneven processes through which local culture is transformed into national culture and raises questions about the stakes involved in cultural tourism for both culture bearers and culture brokers
