films and or television and thus had no first hand knowledge of it from personal experience The books were written from hearsay and observation like trying to learn how to swim by standing at the edge of a pool and watching others do it without ever getting into the water yourself Or trying to fly by flapping your arms like a bird It doesn't work They have no hands on or wings on concept of how commercially produceable scripts are actually put together and then marketed and are of no real practical help to the beginning writer or anyone else who's interested Only a swimmer or a bird or a writer who has made his living at it really knows how his special trick is done and can pass it on to others And so here it is Enjoy while you learn Because if writing isn't fun it's no way to make a living Rob banks instead but try not to get caught
