Soccer 150 Years José Eduardo de Carvalho,2013-11-18 In its one and a half century of life soccer has helped telling the story of societies in transformation Under the eye of such simple and at the same time magnetic game passionate tragic sublime and dramatic moments have been registered Like a faithful portrait of the people who adopted it soccer witnesses both social barbarities and episodes of collective joy it has suffered threats and been unfair it has distributed pleasures and ecstasies with the same agility it has produced traumas and minor suffering but it has always been there It is not by chance that this original and skilful form of group competition which highlights individualities is the only human activity known to be followed every day of the week anytime and anywhere by nothing less than four billion people

There are neither geographical frontiers nor social barriers for those who appreciate the game. The spectacle of soccer may be expensive and unaffordable; the guts of the sport may be obscure like so many activities of the contemporary jungle; and the control mechanisms are not always based on common sense and honesty. However, in this regard, enjoying it is for free. There shall never be exclusion for those who want to practice it, adhere to it, admire it, and suffer with it. Yes, because soccer is also a land of uncertainties and afflictions, attractive, renewing, and energetic ones, but afflictions nevertheless. In 150 years, the sport that was born in the heart of England's Industrial Revolution has undergone through countless periods of transformation and adjustments to several cultures. It has been molded in accordance to the idiosyncrasies of the societies that have incorporated it, embraced local costumes in a long maturation process, and just when it seemed consolidated, it discovered the market laws and plunged into a new revolutionary adventure based on technology, on the speed of information, and on globalization. Even so, it has never lost its human essences because in this game, as the writer Eduardo Galeano lucidly and wisely states, from where we least expect comes the impossible: the dwarf teaches the giant a lesson, and the puny, bowlegged black boy makes a fool out of an athlete sculpted in Greece.

Soccer Training Programmes Gerhard Frank, 2009. In the deepest, darkest midnight of her soul, Gabriella writes a book, a horror story about demons, and then one of them crawls up out of the pages and confronts her face to face. A deranged, fanatical fan who believes he is The Beast of Babylon from her novel turns up at a book signing, and then comes after her to claim her as his bride. And to sacrifice her son Ty as an offering to their unholy union. Gabriella, Ty, and Ty's grandfather, Theothe, the crusty old stand-up comic called Slap Yo Mama Carmichael, run for their lives back to the only place in Gabriella's life where she ever felt safe. But once there, she discovers that facing the demons from her past may be harder and more dangerous than facing the one who hunts her. As Ty and Theo battle their own personal monsters, Gabriella begins to fall for a man who carries a guilt she can't even begin to imagine. The predator who stalks Gabriella and her family tracks them down and corners his prey as a full moon rides high in the night sky, and lightning explodes on the mountaintop. Then all their lives and demons collide in a final, apocalyptic celebration of one man's madness. Gabriella's only hope lies in the unexplainable power of a 2,000-year-old tree. Is it strong enough to save them? Can a single, perfect, bristlecone pine somehow determine the fate of them all?
