### **Language Education and the Challenges of Globalisation**

Edith Esch, Martin Solly, 2014-06-02 This book by an international group of scholars focuses on a number of sociolinguistic issues some of them complex and controversial linked to language education in the age of globalisation It examines these in different contexts of immigration and super diversity in the light of new mobilities and new conceptualisations of changing social realities and language communities The various investigations presented in the volume are often united and interconnected in their approaches to these key areas of focus although each peer edited chapter brings its own relevance to the work as a whole and each reflects the complexities and practices of the particular contexts and speech communities

examined The insights presented provide a useful way of looking at the current state of the art of language education across the different levels of schooling and also within the various contexts analysed Because of the increasing interest in language education as a result of both the growing number of migrant children in schools and the globalisation associated with the rapid spread of English the volume will be of interest to a wide international readership including scholars and students of sociolinguistics and language education

**Classroom Language** Jill Richards, 2012 The acquisition and use of language are just as vital to children's learning when the newer classroom methods are being employed as ever they were when the more traditional approaches were being used Child centred learning has increasingly influenced language use and language work in the classroom mainly in the primary sector but also in the teaching of English and indirectly in the teaching of other subject areas including the sciences In this volume the author focuses mainly on the language of subject learning in the secondary schools She looks critically at some current notions concerned with language and learning and examines their translation into classroom practice She then develops a picture of the language demands made by other subject areas using collected language material and finally in the light of this evidence she attempts to identify the range of language in everyday use in schools goes on to draw conclusions and then makes recommendations

Language, Ability and Educational Achievement Christopher Winch, 2016-10-04 This title first published in 1990 engages in the current debates about the teaching of literacy and the reform of education Based on his dissatisfaction with prevalent theories of educational achievement and his experience of teaching in elementary schools Winch argues that the dichotomy of biological inheritance and environmental influence is inadequate to describe the diverse phenomena of educational achievement This title will be of interest to students of the philosophy of education

**Social class language and communication** Walter Brandis, Dorothy Henderson, 1974

**Social Class and Education** Lois Weis, Nadine Dolby, 2012-04-27 Social Class and Education Global Perspectives is the first empirically grounded volume to explore the intersections of class social structure opportunity and education on a truly global scale Fifteen essays from contributors representing the US Europe China Latin America and other regions offer an unparalleled examination of how social class differences are made and experienced through schooling By underscoring the consequences of our new global reality this volume takes seriously the transnational migration of commerce capital and peoples and the ramifications of such for education and social structure Moving beyond national confines internationally recognized scholars Lois Weis and Nadine Dolby offer a set of emblematic essays that break new theoretical and empirical ground on the ways class is produced and maintained through education around the world

**Applied Studies Towards a Sociology of Language** Basil Bernstein, 2004-11-23 The papers in this second volume show some of the results of the empirical exploration of Bernstein's hypothesis The volume represents a significant contribution not only to the study of the sociology of language but also to education and the social sciences This collection demonstrates the magnitude of Bernstein's pioneering contribution to socio linguistic studies S John Eggleston Times Educational Supplement

Foreign

Language Education in Multilingual Classrooms Andreas Bonnet, Peter Siemund, 2018-10-15 This volume challenges traditional approaches to foreign language education and proposes to redefine them in our age of international migration and globalization Foreign language classrooms are no longer populated by monolingual students but increasingly by multilingual students with highly diverse language backgrounds This necessitates a new understanding of foreign language learning and teaching The volume brings together an international group of researchers of high caliber who specialize in third language acquisition teaching English as an additional language and multilingual education In addition to topical overview articles on the multilingual policies pursued in Europe Africa North America and Asia as well as several contributions dealing with theoretical issues regarding multilingualism and plurilingualism the volume also offers cutting edge case studies from multilingual acquisition research and foreign language classroom practice Throughout the volume multilingualism is interpreted as a valuable resource that can facilitate language education provided it is harnessed in appropriate conditions

**Schooling in Hong Kong** Gerard A. Postiglione, Wing On Lee, 1997-09-01 This volume presents readers with background material for understanding more about the characteristics of Hong Kong education as well as social and organizational perspectives that will contribute to informed discussion about key educational issues facing Hong Kong educators The book is organized into three parts The first part introduces the Hong Kong education system and its relationship to the labour market manpower planning and the policymaking process The second part introduces the organizational and managerial aspects of schools The third part examines social factors as they affect educational attainment Here attention is focused upon social stratification language of instruction and special education A comprehensive and timely publication this volume should be of interest to practising teachers and participants in teacher education programmes in Hong Kong

Language, Structure and Reproduction (Routledge Revivals) Paul Atkinson, 2014-06-17 Basil Bernstein is one of the most creative and influential of contemporary British sociologists yet his work especially that relating to language and social structure is widely misunderstood and misrepresented This book first published in 1985 addresses the underlying themes and continuities in Bernstein's work and portrays him as a sociologist in the Durkheimian tradition This reissue will be of particular value to students interested in the sociology of education language and society anthropological linguistics and communication studies
