Social Classes And Social Relations In Britain 1850 1914:

Social Classes and Social Relations in Britain, 1850-1914 Alastair J. Reid, 1992 A clear guide to the debates surrounding British social history between 1850 and 1914 Copyright Libri GmbH All rights reserved **Fertility, Class and Gender in Britain, 1860-1940** Simon Szreter, 2002-07-25 This book offers an original interpretation of the history of falling fertilities in Britain between 1860 and 1940 It integrates the approaches of the social sciences and of demographic feminist and labour history with intellectual social and political history It exposes the conceptual and statistical inadequacies of the orthodox picture of a national unitary class differential fertility decline and presents an entirely new analysis of the famous 1911 fertility census of England and Wales Surprising and important findings emerge concerning the principal methods of birth control births were spaced from early on in marriage and sexual abstinence by married couples was a far more significant practice than previously imagined The author presents a new general approach to the study of fertility change raising central issues concerning the relationship between history and social science **Law and Society in England 1750-1950** William Cornish, Stephen Banks, Charles Mitchell, Paul Mitchell, Rebecca Probert, 2019-10-31 Law and Society in England 1750 1950 is an indispensable text for those wishing to study English legal history and to understand the foundations of the modern British state In this new updated edition the authors explore the complex relationship between legal and social change They consider the ways in which those in power themselves imagined and initiated reform and the ways in which they were obliged to respond to demands for change from outside the legal and political classes What emerges is a lively and critical account of the evolution of modern rights and expectations and an engaging study of the formation of contemporary social administrative and legal institutions and ideas and the road that was travelled to create them The book is divided into eight chapters Institutions and Ideas Land Commerce and Industry Labour Relations The Family Poverty and Education Accidents and Crime This extensively referenced analysis of modern social and legal history will be invaluable to students and teachers of English law political science and social history Health and Society in Britain Since 1939 Virginia Berridge, 1999-05-27 British health policy has undergone enormous change in the post war era The NHS established in the post war period has been constantly reorganised and the role of doctors and associated medical professions has radically changed This book considers the changes in health policy and in the service provided by the NHS and examines in detail the mixed economy of health care and the role of different providers of health care as well as their relationships both with recipients of care and the state In doing so Professor Berridge sheds light on the increasingly important part that lay people especially women have played in the provision of health care and looks at community care and the shifting balance of power within the medical profession The book provides a guide to changes in health and health policy during and since World War II giving an authoritative analysis of the most recent research *A Companion to Nineteenth-Century Britain* Chris Williams, 2008-04-15 A Companion to Nineteenth Century Britain presents 33 essays by expert scholars on all the major aspects of the political

social economic and cultural history of Britain during the lateGeorgian and Victorian eras Truly British rather than English in scope Pays attention to the experiences of women as well as of men Illustrated with maps and charts Includes guides to further reading

Religion and the Working Class in Nineteenth-Century Britain Hugh Mcleod,1984-11-11 It might have been little more than an annotated bibliography It is in fact an important independent study in its own right The Expository Times

The Remaking of the British Working Class, 1840-1940 Andrew Miles, Mike Savage,2013-02-01 Mike Savage and Andrew Miles provide a comprehensive introduction to the working class in Britain in the years after 1840 This textbook Includes a provocative timely and clear defence of class analysis Breaks new ground in showing how social mobility and urban change affected working class formation Demonstrates how the history of the working class is politically reconstructed Shows how class and gender interact in mediating social and political change

A Companion to Early Twentieth-Century Britain Chris Wrigley,2008-04-15 This Companion brings together 32 new essays by leading historians to provide a reassessment of British history in the early twentieth century The contributors present lucid introductions to the literature and debates on major aspects of the political social and economic history of Britain between 1900 and 1939 Examines controversial issues over the social impact of the First World War especially on women Provides substantial coverage of changes in Wales Scotland and Ireland as well as in England Includes a substantial bibliography which will be a valuable guide to secondary sources

Change, Continuity and Class Neville Kirk,1998 EU security governance assesses the effectiveness of the EU as a security actor The book has two distinct features Firstly it is the first systematic study of the different economic political and military instruments employed by the EU in the performance of four different security functions The book demonstrates that the EU has emerged as an important security actor not only in the non traditional areas of security but increasingly as an entity with force projection capabilities Secondly the book represents an important step towards redressing conceptual gaps in the study of security governance particularly as it pertains to the European Union The book links the challenges of governing Europe s security to the changing nature of the state the evolutionary expansion of the security agenda and the growing obsolescence of the traditional forms and concepts of security cooperation

Young Women, Work, and Family in England 1918-1950 Selina Todd,2005-09-22 This fascinating account of young women s lives challenges existing assumptions about working class life and womanhood in England between the end of the First World War and the beginning of the 1950s While contemporaries commonly portrayed young women as pleasure loving leisure consumers this book argues that the world of work was in fact central to their life experiences Social and economic history are woven together to examine the working family and social lives of the maids factory workers shop assistants and clerks who made up the majority of England s young women Selina Todd traces the complex interaction between class gender and locale that shaped young women s roles at work and home indicating that paid work structured people s lives more profoundly than many social histories suggest Rich autobiographical accounts show that while poverty continued to

constrain life choices young women also made their own history Far from being apathetic workers or pliant consumers they forged new patterns of occupational and social mobility were important breadwinners in working class homes developed a distinct youth culture and acted as workplace militants In doing so they helped to shape twentieth century society

Education and Economic Decline in Britain, 1870 to the 1990s Michael Sanderson,1999-04-22 Since the 1870s the British economy has steadily declined from its position as the workshop of the world to that of a low ranking European power Michael Sanderson examines the question of how far defects in education and training have contributed to this economic decline By looking at issues such as literacy the quality of scientific and technical training the supposed anti industrial bias of public schools and the older universities the neglect of vocational and technical training and the neglect of the non academic teenager Michael Sanderson demonstrates that education was far from the sole cause of economic decline but that its deficiencies have certainly played a part This book offers an accessible and concise analysis of a topic of current importance interest and debate and will be of interest to students and teachers of the history of education and its impact on British economic development in the twentieth century

The Population History of Britain and Ireland 1500-1750 R. A. Houston,1995-09-28 This concise volume for students reviews the literature on the population history of Britain and Ireland

The Lancashire Working Classes c.1880-1930 Trevor Griffiths,2001-10-04 This book examines the experiences and values which shaped working class life in Britain in the half century from 1880 It takes as its focus a region Lancashire which was central to the social and political changes of the period The discussion centres on two towns Bolton and Wigan which while they were geographically close differed significantly in their industrial fortunes and their electoral development The formation of class identity is traced through developments in the world of work from the impact of technological and managerial innovations to the elaboration of collective bargaining procedures Beyond work particular attention is paid to the dynamics of neighbourhood and family life the latter emerging as an important source of continuity in working class life The broader impact of such influences are traced through a close examination of the electoral politics of the period Dr Griffiths conclusions fundamentally challenge the notion that the fifty years around the turn of the century witnessed the emergence of a working class more culturally and politically united than at any other time either before or since Rather an alternative narrative of class development is offered in which broad continuities in working class life in particular the survival of religious ethnic and occupational points of division are emphasised Despite the presence of strong and stable labour institutions from trade unions to Co operative and Friendly Societies the picture emerges of a working class more individualist than collectivist in outlook more flexible in response to economic change and less constrained by the broader solidarities of work and neighbourhood than has previously been supposed

Education, Economic Change and Society in England 1780-1870 Michael Sanderson,1995-09-14 Moving from a specialist interest in recent years the study of the history of education has flourished and expanded Focusing on literacy this study reviews the history of education in the nineteenth

century and the academic debates surrounding it **Targeting Schools** Alan Penn,2013-03-07 Militarism was inseparable from imperialism in Britain as in other imperialist nations and its proponents saw schools as ideal means by which to give the nation's youth an early introduction to military drill This book traces the history of military drill for pupils in elementary schools from 1870-1914 **Philanthropy and Voluntary Action in the First World War** Peter Grant,2014-02-18 This book challenges scholarship which presents charity and voluntary activity during World War I as marking a downturn from the high point of the late Victorian period Charitable donations rose to an all time peak and the scope and nature of charitable work shifted decisively Far more working class activists especially women became involved although there were significant differences between the suburban south and industrial north of England and Scotland The book also corrects the idea that charitably minded civilians' efforts alienated the men at the front in contrast to the degree of negativity that surrounds much previous work on voluntary action in this period Far from there being an unbridgeable gap in understanding or empathy between soldiers and civilians the links were strong and charitable contributions were enormously important in maintaining troop morale This bond significantly contributed to the development and maintenance of social capital in Britain which in turn strongly supported the war effort This work draws on previously unused primary sources notably those regarding the developing role of the UK's Director General of Voluntary Organizations and the regulatory legislation of the period **An Age of Equipoise? Reassessing mid-Victorian Britain** Martin Hewitt,2017-07-05 The Age of Equipoise by W L Burn was published in 1964 and became a central text in the canon of interpretations of the Victorian period The book subsequently fell out of favour but recent claims to establish a new interpretative standard have paradoxically prompted reviewers to cast back to Burn's work as the orthodox standard against which such claims should be judged The essays in this volume by British and American contributors all engage to varying degrees with the notion of equipoise and how it can help to illuminate the mid-Victorian period in ways which alternative formulations cannot Some of the chapters develop arguments embedded in Burn's own book others take up issues largely absent in The Age of Equipoise such as the position of children Britain's interaction with the wider world and the threats the period experienced to its concept of masculine identity Together the essays demonstrate the intricacy and turbulence of the forces of cohesion in Victorian society along with the success of that culture in achieving a working if shifting modus vivendi Moreover they substantiate the argument that whatever the limitations of Burn's work equipoise deserves rehabilitation as a powerful conceptual framework for making sense of mid-Victorian Britain About the Editor Martin Hewitt is Director of the Leeds Centre for Victorian Studies and editor of the Journal of Victorian Culture With Robert Poole he has recently produced an edition of The Diaries of Samuel Bamford 1858-61 Sutton 2000 **Modern Britain Third Edition** Edward Royle,2016-05-16 Praise for the first edition Royle calls on an impressive range of materials supported by an excellent bibliography to offer a judicious review of most of the issues currently confronted by social historians His agenda contains both traditional and novel elements all are presented with

admirable clarity and balance A volume which shows an astonishing command of such a wide range of material will long prove essential reading Times Literary Supplement This popular work provides an in depth historical background to issues of contemporary concern tracing developments over the past two and a half centuries It promotes accessibility by adopting a thematic approach with each theme treated chronologically Major themes are chosen partly by their importance to an understanding of the past and partly by their relevance to students of contemporary Britain rather than by imposing current fashions in historical study on the past Thoroughly revised the third edition of Modern Britain reviews and brings up to date the content to take account of developments since 1997 and reconsiders emphases and interpretations in light of more recent scholarship It incorporates new currents in historical writing on matters such as the language of class the position of women and the revolution worked by the Internet and mobile technologies Modern Britain is vital reading for students of history and the social and political sciences **The Industrial Revolution in Scotland** Christopher A. Whatley,1997-01-28 A succinct and accessible account of the nature and impact of industrialisation in Scotland [The Nazi Economic Recovery 1932-1938](#) R. J. Overy,1996-06-27 A fully revised and updated edition of this short comprehensive survey of the Nazi economy

Enjoying the Melody of Phrase: An Mental Symphony within **Social Classes And Social Relations In Britain 1850 1914**

In a world eaten by screens and the ceaseless chatter of quick conversation, the melodic beauty and psychological symphony created by the written term frequently fade in to the backdrop, eclipsed by the relentless sound and interruptions that permeate our lives. But, located within the pages of **Social Classes And Social Relations In Britain 1850 1914** a marvelous fictional prize overflowing with fresh emotions, lies an immersive symphony waiting to be embraced. Constructed by an elegant musician of language, this interesting masterpiece conducts viewers on an emotional trip, well unraveling the concealed songs and profound influence resonating within each carefully constructed phrase. Within the depths of this moving evaluation, we shall discover the book is main harmonies, analyze its enthralling publishing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
