Soviet American Confrontation Postwar Reconstruction And The Origins Of The Cold War:

Soviet-American Confrontation Thomas G. Paterson,1996 Soviet-American Confrontation; Postwar Reconstruction and the Origins of the Cold War [By] Thomas G. Paterson Thomas G. Paterson,1973 **Stalin's Wars** Geoffrey Roberts,2006-01-01 This breakthrough book provides a detailed reconstruction of Stalin s leadership from the outbreak of the Second World War in 1939 to his death in 1953 Making use of a wealth of new material from Russian archives Geoffrey Roberts challenges a long list of standard perceptions of Stalin his qualities as a leader his relationships with his own generals and with other great world leaders his foreign policy and his role in instigating the Cold War While frankly exploring the full extent of Stalin s brutalities and their impact on the Soviet people Roberts also uncovers evidence leading to the stunning conclusion that Stalin was both the greatest military leader of the twentieth century and a remarkable politician who sought to avoid the Cold War and establish a long term detente with the capitalist world By means of an integrated military political and diplomatic narrative the author draws a sustained and compelling personal portrait of the Soviet leader The resulting picture is fascinating and contradictory and it will inevitably change the way we understand Stalin and his place in history Roberts depicts a despot who helped save the world for democracy a personal charmer who disciplined mercilessly a utopian ideologue who could be a practical realist and a warlord who undertook the role of architect of post war peace **The Origins of the Cold War in the Near East** Bruce Robellet Kuniholm,2014-07-14 Bruce Kuniholm takes a regional perspective to focus on postwar diplomacy in Iran Turkey and Greece and efforts in these countries to maintain their independence from the Great Powers Drawing on a wide variety of secondary sources government documents private papers unpublished memoirs and extensive interviews with key figures he shows how the traditional struggle for power along the Northern Tier was a major factor in the origins and development of the Cold War between the U S and the U S S R Originally published in 1980 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Cambridge History of the Cold War Melvyn P. Leffler,Odd Arne Westad,2010-03-25 This volume examines the origins and early years of the Cold War in the first comprehensive historical reexamination of the period A team of leading scholars shows how the conflict evolved from the geopolitical ideological economic and sociopolitical environments of the two world wars and interwar period **The German Question and the Origins of the Cold War** Nicolas Lewkowicz,2008 The book analyses the role of the German Question in the origins of the Cold War The work evaluates the transformation which occurred in Germany and the post war international order due to the inter Allied work on denazification The author analyses the Rationalist aspects of superpower interaction

with particular emphasis on the legal and diplomatic framework which sustained not only the treatment of the German Question but also the general context of inter Allied relations The author also tackles the conflictual aspects of the treatment of the German Question by examining superpower interaction in relation to the enforcement of their structural interests The main argument of the book is that due to the interaction between the elements of intervention and coexistence the German Question constituted the most significant issue in the configuration of the post war international order **The Cambridge History of the Cold War: Volume 1, Origins** Melvyn P. Leffler, Odd Arne Westad, 2012-01-26 This volume examines the origins and early years of the Cold War In the first comprehensive reexamination of the period a team of leading scholars shows how the conflict evolved from the geopolitical ideological economic and sociopolitical environments of the two world wars and interwar period and discusses how markets ideas and cultural interactions affected political discourse diplomacy and strategy after World War II The chapters focus not only on the United States and the Soviet Union but also on critical regions such as Europe the Balkans and East Asia The authors consider the most influential statesmen of the era and address issues that mattered to people around the globe food nutrition and resource allocation ethnicity race and religion science and technology national autonomy self determination and sovereignty In so doing they illuminate how people worldwide shaped the evolution of the increasingly bipolar conflict and in turn were ensnared by it **American Foreign Relations**

Reconsidered Gordon Martel, 2002-11 Brings together 12 scholars of US foreign relations Each contributor provides a concise summary of an important theme in US affairs since the Spanish American War US policy process economic interests relations with the Third World and the nuclear arms race have been highlighted **The Routledge Handbook of the Cold War** Artemy M. Kalinovsky, Craig Daigle, 2014-06-05 This new Handbook offers a wide ranging overview of current scholarship on the Cold War with essays from many leading scholars The field of Cold War history has consistently been one of the most vibrant in the field of international studies Recent scholarship has added to our understanding of familiar Cold War events such as the Korean War the Cuban Missile Crisis and superpower d tente and shed new light on the importance of ideology race modernization and transnational movements The Routledge Handbook of the Cold War draws on the wealth of new Cold War scholarship bringing together essays on a diverse range of topics such as geopolitics military power and technology and strategy The chapters also address the importance of non state actors such as scientists human rights activists and the Catholic Church and examine the importance of development foreign aid and overseas assistance The volume is organised into nine parts Part I The Early Cold War Part II Cracks in the Bloc Part III Decolonization Imperialism and its Consequences Part IV The Cold War in the Third World Part V The Era of Detente Part VI Human Rights and Non State Actors Part VII Nuclear Weapons Technology and Intelligence Part VIII Psychological Warfare Propaganda and Cold War Culture Part IX The End of the Cold War This new Handbook will be of great interest to all students of Cold War history international history foreign policy security studies and IR in general **American-Soviet Relations** Peter G.

Boyle, 2022-12-28 American Soviet Relations 1993 is a study of American policy towards the Soviet Union from 1917 to the fall of Communism. It attempts to understand what precisely were the roots of the Cold War and an analysis of the later relationship in the light of the Soviet Union's evolution since the Revolution. It argues that American policy was shaped not only by the external threat from the USSR but also by internal forces within American society: domestic politics, economic interests, emotional and psychological attitudes, and images of the Soviet Union.

Getting the books **Soviet American Confrontation Postwar Reconstruction And The Origins Of The Cold War** now is not type of challenging means. You could not lonesome going next ebook accretion or library or borrowing from your friends to entre them. This is an utterly simple means to specifically acquire lead by on-line.
