Soviet Local Politics And Government:

Soviet Local Politics and Government Everett M. Jacobs, 2024-04-12 *Soviet Local Politics and Government* 1983 examines the local government system of the Soviet Union an important part of the great bureaucracy that ran the country The leading experts contributing to this book look at the wide range of duties that the local soviets managed including supervision of the economic plan in their area control over construction and agriculture healthcare housing transport and infrastructure and the attempts to adapt the local government system to new circumstances and requirements *Soviet Grassroots* Jeffrey W. Hahn, 2017-03-14 Jeffrey Hahn examines the degree to which citizens who are elected to local government in the USSR can successfully represent the interests of those who elected them More specifically how effectively do the mechanisms available for citizen participation in local government work in practice What can elected deputies do to respond to the expressed needs and preferences of their constituents Basing his conclusions on interviews with local deputies observations of local soviets at work and the analysis of a wide range of primary source material the author finds that Soviet citizens do have some chances to participate meaningfully in local government and that a basis exists for the continued expansion of such participation The elected deputy can and occasionally does play an active role as an ombudsman for those who choose to use opportunities for citizen input *Soviet Grassroots* not only contributes to our empirical knowledge of political participation in the USSR but also provides a basis for speculation about the nature of political change in the Soviet system If opportunities for effective participation in local government do exist and they can be shown to have grown over time then one precondition for the emergence of a civic culture in Soviet society already exists Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Soviet Politics** Richard Sakwa, 2012-11-12 *Soviet Politics in Perspective* is a new edition of Richard Sakwa's successful textbook *Soviet Politics* an introduction Thoroughly revised and updated it builds on the previous editions comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991 The book is divided into five parts which focus on key aspects of Soviet politics They are historical perspectives beginning with the Tsarist regime on the eve of Revolution the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors and Gorbachev's attempts to revive the system institutions of Government such as the Communist Party security apparatus the military the justice system local government and participation theoretical approaches to Soviet politics including class and gender politics the role of ideology and the shift from dissent to pluralism key policy areas the command economy and reform nationality politics and foreign and defence policy an

evaluation of Soviet rule and reasons for its collapse Providing key texts and bibliographies this book offers the complete history and politics of the Soviet period in a single volume It will be indispensable to students of Soviet and post Soviet politics as well as the interested general reader *Local Government in the Soviet Union* Cameron Ross,2024-04-12 *Local Government in the Soviet Union* 1987 analyses the Soviet Union's limited success in improving local government between in the 1960s to 1980s as the country made a drive toward centralized policy control It examines the institutional framework and changes in crucial policy areas and argues that a fragmented vertical power structure involving the three bureaucracies of Party ministries and the city and regional soviets was unproductive It shows how group interests moulded and adapted policies and how the Party's initiative in centralizing policy was thwarted It also outlines the significance of the industrial base in determining local budgets and the provision of amenities as opposed to overtly political factors Directory of European political scientists European Consortium for Political Research, University of Essex. Compiled and ed. by the Central Services of the ECPR,2016-11-07 No detailed description available for Directory of European political scientists

People's Power Peter Roman,2003 Focusing primarily on the municipal level but also presenting material on the national and provincial elected bodies and the newer people's councils and workers parliaments Roman behavioral and social sciences City U of New York offers a theoretical historical and contemporary analysis He finds theoretical foundations in Rousseau Marx and Lenin and historical precedents in the Paris Commune the 1905 and 1917 Soviets and the Soviet Union before and after Stalin His coverage extends from the various experiments after the triumph of the revolution in 1959 through effects of the 1992 Constitution and election law to the present Annotation copyrighted by Book News Inc Portland OR Soviet Administrative Law: Theory and Policy George Ginsburgs, Ger P. van den Berg, Gianmaria Ajani, William B. Simons,2024-12-30

Local Power and Post-Soviet Politics Theodore H. Friedgut, Jeffrey W. Hahn,2016-09-16 An analysis of local legislative and budgetary politics during the late Soviet and post Soviet period with case studies of electoral behaviour distribution processes political contestation and institutional development **Dilemmas of Transition in Post-Soviet Countries** Joel C. Moses,2003 Exploring the tensions inherent in transition this perceptive book offers a wide ranging overview of the impact of democracy and capitalism on the former Soviet republics Leading scholars assess the region's daunting problems in the key realms of privatization democratization foreign investment agrarian reform local governance and market economics The contributors argue that the central dilemma facing all these fledgling countries is the inherent contradiction between the immediate pursuit of privatization and foreign investment and the long term policy goal of democratization Offering both theoretical and comparative perspectives on the far reaching implications of nation building and democratic transition this valuable study will enable both students and scholars to comprehend the unique difficulties of transition **The Rebirth of Politics in Russia** Michael E. Urban, Vyacheslav Igrunov,1997-03-28 Blending first hand accounts of grassroots politics with an original theory of social relations under communism this 1997 book seeks to explain one of the seminal events of this

century the rebirth of politics in Russia amid the collapse of the USSR The authors trace the process from the pre political period of dissident activity through perestroika and the appearance of political groups and publications elections the formation of political parties and mass movements counter revolution and coup d tat the victory of democratic forces and the organization of a Russian state to the struggle of power in the post communist epoch the violent end of the first republic and the contentious relations engulfing its successor By focusing on the popular forces which accomplished Russia s political rebirth rather than the reforms of the Soviet establishment this book offers an original perspective on this critical period

The Enigmatic Realm of **Soviet Local Politics And Government**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary.
