Soviet Nationalities In Strategic Perspe:

Soviet Nationalities in Strategic Perspective S. Enders Wimbush, 2021-01-26 This book first published in 1985 examines the problem of nationality in the Soviet empire Nationality issues affect many of the critical domestic and foreign policy questions that faced the Soviet leadership Nationality trends in the 1980s conduced to make the relationship between Soviet domestic nationality concerns and Soviet foreign policy clearer the problem both affected and was affected by its strategic environment This book analyses this environment and the forces at work within it

Soviet Nationalities in Strategic Perspective S. Enders Wimbush, 2021-01-26 This book first published in 1985 examines the problem of nationality in the Soviet empire Nationality issues affect many of the critical domestic and foreign policy questions that faced the Soviet leadership Nationality trends in the 1980s conduced to make the relationship between Soviet domestic nationality concerns and Soviet foreign policy clearer the problem both affected and was affected by its strategic environment This book analyses this environment and the forces at work within it

The Nationalities Factor In Soviet Politics And Society Lubomyr Hajda, Mark Beissinger, 2019-06-21 The editors express their gratitude to the John M Olin Foundation for its financial assistance and to the Harvard University Russian Research Center for the facilities and staff support that made this project possible We wish to thank those who contributed their invaluable scholarly advice including Vernon Aspaturian Abram Bergson Steven Blank Walker Connor Robert Conquest Murray Feshbach Erich Goldhagen Richard Pipes and Marc Raeff We gratefully acknowledge the assistance of Barbara A Anderson and Brian D Silver with Soviet demographic data used throughout the volume Susan Zayer and Karen Taylor Brovkin provided able administrative help For skillful technical assistance with the manuscript we are indebted to Jane Prokop Elizabeth Taylor and Alison Koff Catherine Reed Susan Gardos Bleich Christine Porto and Alex Sich helped generously in diverse ways Finally the editors profited at every stage from the congenial working atmosphere and the encouragement of colleagues at the Russian Research Center too numerous to mention To all of them goes our deep appreciation

Politics of Nationality and the Erosion of the USSR Zvi Y. Gitelman, 1992-06-18 The Soviet Union has undergone many changes recently as many of its peoples are demanding autonomy and even independence This volume of essays analyzes recent political and social movements and trends among a variety of Soviet ethnic groups and explains their grievances and goals

Soviet Nationalities Survey, 1983

Soviet Strategy and Islam Alexandre A. Bennigsen, 1989-06-18 A study of the origins evolution and current state of the Soviet use of its official Islamic establishment as a means of increasing its influence among Muslim elites in the Islamic world especially in the Persian Gulf Case studies and recommendations for US policy are included

Russian Imperialism Ariel Cohen, 1996-08-23 The fall of the Soviet Union was one of the most dramatic events of this century It was also one of the most surprising Evidence of the USSR s impending fall was abundantly available both in theory in the writings on empires and on the ground Yet prior to its downfall the very profession that specialized in the study of the Soviet Union held no consensus

that the USSR was an empire to begin with Perhaps because many Sovietologists neglected its status as an empire most Americans were taken completely by surprise when the USSR began its precipitous collapse under Mikhail Gorbachev This book subjects the Soviet Union as an empire to systematic scrutiny using tools and methods at the disposal of modern political science Foreign policy specialists defense experts and Russian area analysts will find this book essential The book is also recommended for undergraduate and graduate courses in Russian and Soviet history and the study of empires

Moscow's Lost Empire Michael Rywkin, 2016-09-16 This volume gives an overview of the regional ethnic and political structure of the Soviet empire from its establishment through its ultimate disintegration It provides a corrective to the Russocentrism and Great Power bias that has marked most studies of the Soviet Union *The Soviet Union* Tania Raffass, 2012 The Soviet Union is often characterised as nominally a federation but really an empire liable to break up when individual federal units which were allegedly really subordinate colonial units sought independence This book questions this interpretation revisiting the theory of federation and discussing actual examples of federations such as the United States arguing that many federal unions including the United States are really centralised polities It also discusses the nature of empires nations and how they relate to nation states and empires and the right of secession highlighting the importance of the fact that this was written in to the Soviet constitution It examines the attitude of successive Soviet leaders towards nationalities and the changing attitudes of nationalists towards the Soviet Union Overall it demonstrates that the Soviet attitude to nationalities and federal units was complicated wrestling in a similar way to many other states with difficult questions of how ethno cultural justice can best be delivered in a political unit which is bigger than the national state

Ethnicity in China: A Critical Introduction Xiaowei Zang, 2015-06-05 On the global stage China is often seen to be a homogenous nation when in fact it is a diverse multi ethnic society with 55 minority nationality groups recognized by the government Scattered across the vast landmass ethnic minorities in China occupy a precarious place in the state where the Confucian concept of cultural community plays down ethnicity and encourages integration of minority nationalities into the majority Han Chinese society This insightful book reveals the ethnic diversity underlying the People's Republic of China and examines how ethnicity intersects with social and political issues through key themes such as ethnic inequality the preservation and contribution of the rich traditions and customs of minority cultures and the autonomy of regions such as Tibet and Xinjiang The author investigates the important role of the state and Beijing's assimilation stance to show how its nationality policy driven by Confucian assimilation ideology has dictated China's own minority rights regime and influenced its foreign policy towards international minority rights This book by a distinguished scholar of ethnicity in China will be essential reading for students and scholars of race and ethnic relations nationalism and Chinese culture and society
