Soviet Perestroika 1985 1993 Russias Road To Democracy:

Soviet Perestroika John Francis Nejez Bradley, 1995 This comprehensive survey of perestroika by seventeen leading specialists covers key domestic and international aspects of the Soviet Union's reform movement **Russia's**

Constitutional Revolution Robert Ahdieh, 2010-11-01 **Socialism in Russia** J. Gooding, 2001-12-03 This book asks three fundamental questions about the socialist experiment in twentieth century Russia How did Marxist ideas come to be implemented in Russia a country entirely unsuited to them Why did the experiment lead to such suffering and upheaval and prove so fruitless And why did the attempt to return to a proper Marxism Leninism bring about the rapid collapse of the experiment In its answers this book pays special attention to the shadow cast by Lenin throughout the entire Soviet era

Russia's Bitter Path to Modernity Alexander Chubarov, 2001-01-01 Will it follow the model of the Western capitalist democracies as those who applied the economic shock therapy of the early 90s hoped or will it chose its own distinct path of development In this history of Russia from 1917 to the present Alexander Chubarov teases out certain themes developed in his previous book on tsarist Russia The Fragile Empire One of the key factors to Russia's distinctiveness is its halfway location in the center of the Eurasian landmass This lends an inevitability to the traditional cultural schism between Westernizing reformers and Slavophiles Neither approach says Chubarov will work on its own Chubarov offers a balanced view abstaining from narrow ideologically biased assessments and examines the triumphs yes and failures of Russia's Soviet development within Russia's own cultural and historical context Without ever minimizing the brutalities of the Soviet period the state terror the collectivizations the labor camps the deportations of whole peoples Chubarov demonstrates much continuity between tsarist and Soviet Russia with the latter often repeating the former's mistakes Russia says Chubarov cannot turn its back on its Soviet experience Far from being a blind alley or aberrant phase the Soviet period was an organic part of Russia history and was largely successful in turning Russia and most of the other Soviet republics into modern states

Ideology and the Collapse of the Soviet System Neil Robinson, 1995-01-01 this is an excellent book which sheds considerable light upon the role of ideology particularly in the last years of the Soviet Union Graeme Gill Europe Asia Studies this work is a serious attempt to bring ideology back into discussions about the end of the Soviet Union Bartholomew Goldyn Slovo This innovative book offers a critical history of the development of Soviet ideology discussing its centrality to Soviet politics and the destructive effect that it had on the Gorbachev reforms Neil Robinson analyses the nature and historical evolution of Soviet ideology between 1917 and 1985 to demonstrate the structural importance of Soviet ideological discourse and the uncertain place that it allocated to the communist party in the Soviet political system On the basis of this analysis Dr Robinson provides a fresh interpretation of Gorbachev's political reforms He describes the ideological dynamic that underwrote the development of perestroika how Gorbachev's ideas on democratization sent contradictory messages to the communist party and how this stimulated opposition to perestroika from party cadres and Soviet society **Reinterpreting**

Russia Steve D. Boilard, 1997-03-27 Attempts to advance the understanding of Russia by listing categorizing and describing some 600 recent books concerning Russia the Soviet Union and the post Soviet Russian Federation All books included were published between 1991 and 1996 inclusive **Scholars of Bohemian, Czech and Czechoslovak History Studies: A-I** Jaroslav Pánek, Svatava Raková, Václava Horčáková, 2005 The Dialectics of Small States Asbed Kotchikian, 2008 This book focuses on the foreign policy making processes in Armenia and Georgia in the 1990-2006 period but it also aims to survey examine and critique the literature pertaining to the theory of small states by examining the way small states conduct foreign policy and adapt to changing international political systems In four separate sections the book analyzes the various concepts related to small states Then it examines the political realities in the South Caucasus during the post Cold War era after which it focuses on the attempts of Armenia and Georgia to assert statehood and independence through foreign policy that is bound by limited political and military power Finally a discussion of Armenian-Georgian bilateral relations addresses the dynamics of small state interaction with each other subsequently arguing that Realpolitik and the burden of history hold Armenian and Georgian foreign policies hostage between them In sum the book offers an insight in understanding the perceptions that these two nations have towards various issues such as Western integration or relations with Russia and contributes to the larger understanding of societies in transition *The Collapse of the Soviet Union, 1985-1991* David R. Marples, 2016-09-17 Why did the Soviet Union collapse in 1991 The collapse of the Soviet Union has widely been seen as the result of the arms race and Cold War and the failure of the Soviet side to keep pace with new technology This book argues that the disintegration was mainly a result of two interrelated factors the rise of the Soviet national republics and the manipulation of the new Russian presidency by Boris Yeltsin in what became a direct power struggle between Yeltsin and the Soviet leader Gorbachev Written in a clear and accessible manner the book provides an explanation of how the national question came to dominate Soviet politics by 1990 1 analysis of the economic crisis that occurred in the late 1980s a chapter devoted to the year 1991 from the referendum to reform the Soviet Union to the unforeseen dissolution of the country by December a discussion of the personalities of and political confrontation between the two key statesmen Gorbachev and Yeltsin Also containing a Chronology Glossary and Who's Who of key figures *The Collapse of the Soviet Union* is essential reading for students of twentieth century European history **American Book Publishing Record**, 1999
