Soviet Polity In The Modern Era:

The Soviet Polity in the Modern Era Erik P. Hoffmann, Robbin Frederick Laird, 1984
The End Of Soviet Politics Brendan Kiernan, 2019-09-06 The author examines the intent and the unexpected side effects of Gorbachev's policy of demokratizatsiia on the Soviet political system. His analysis traces the emergence of competitive multiparty politics drawing from interviews and primary materials collected during 15 months 1988-1990 in the Soviet Union.
A History Of Russia Volume 2 Walter G. Moss, 2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects. He has also brought the history up to date by revising the post-Soviet material which now covers events from the end of 1991 up to the present day. This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US, Canada, and around the world.
Intellectuals in Politics Jeremy Jennings, Tony Kemp-Welch, 2013-04-15 After an introduction to the major issues confronting intellectuals, this book explores the various aspects of the intellectual's role including philosophers and academics who have tried to define the function of the intellectual, how intellectuals have assumed the status of the conscience of the nation and the voice of the oppressed, the interaction of intellectuals with Marxism, the place of the intellectual in American society. Covering regions as diverse as Israel, Algeria, Britain, Ireland, central Europe, and America, this collection considers the question of whether the intellectual can still lay claim to the language of truth. In answering this study tells us much about the modern world in which we live. Coverage includes the following thinkers: Gramsci, Weber, Yeats, Auden, Levy, Mailer, Walzer, Marx, and many more.

World Politics in a New Era Steven L. Spiegel, Elizabeth G. Matthews, Kristen P. Williams, 2013-09 A uniquely in-depth treatment of the field. *World Politics in a New Era* Sixth Edition features extensive historical coverage that ranges from the Peace of Westphalia in 1648 to the present, offering students the best context to fully comprehend the modern political stage. It focuses on levels of analysis: systemic, domestic, and individual in relation to major IR theories: realism, liberalism, and constructivism, and gives students the analytical tools to apply the theories to current issues. The authors integrate coverage of the competing threads of globalization and fragmentation throughout, examining how they tangle and weave through studies of global politics, economics, and culture. FEATURES: At a Glance text boxes apply the theories and levels of analysis; individual, domestic, and systemic to each chapter's theme; What Would You Do boxes profile real-life events, asking students to play the role of a world leader, decision maker, and propose a solution that takes into account the many complexities of world politics; Spotlight features in every chapter highlight interesting people, places, and situations; discuss important international events and colorful personalities in greater depth or focus on specific facets of complex conflicts or theories. Package this text with Oxford Pocket World Atlas, any title from our Very Short Introductions series, or Now Playing Learning Global Politics Through Film for FREE. for details *Empire* D. C. B. Lieven, 2002-01-01 Focusing on the Tsarist and Soviet empires of Russia Lieven reveals the nature and meaning of all empires throughout history He examines factors that mold the shape of the empires including geography and culture and compares the Russian empires with other imperial states from ancient China and Rome to the present day United States Illustrations **Popular Perceptions of Soviet Politics in the 1920s** O. Velikanova, 2013-01-28 This is the first study of popular opinions in Soviet society in the 1920s These voices which made the Russian revolution characterize reactions to mobilization politics patriotic militarizing campaigns the tenth anniversary of the revolution and state attempts to unite the nation around a new Soviet identity *Post-communist Studies And Political Science* Jr. Fleron, Erik P Hoffmann, 2019-08-15 Serious stock taking is in progress now among practitioners of what has been called Sovietology meaning studies of the Union of Soviet Socialist Republics The reason is that the field for the most part had not been expecting what happened in 1991 The USSR collapsed and went out of existence as a unified state system governing a sixth of the world's territory having allowed its East European empire to free itself from Soviet dominance somewhat earlier It might be said in defense of Sovietology that by the beginning of the 1980s it understood that economic and political crises were brewing in the Soviet Union and its outer empire But the field as a whole failed to grasp the full depth of the systemic crisis in Soviet Russia and the destructive or self destructive potentialities inherent in it As the editors of this valuable volume write in the Introduction Sovietology was not prepared for perestroika and postcommunism *The American Bibliography of Slavic and East European Studies*, 1992 Provides information on East Central Europe and the former Soviet Union
