The Effect of Apple Handling Methods on Storage Space Utilization D. Loyd Hunter, Francis Kafer, Charles Henry Meyer, 1956

Space(s) of the Fantastic David Punter, C. Bruna Mancini, 2020-12-29 This book provides a series of new addresses to the enduring problem of how to categorize the Fantastic The approach taken is through the lens of spatiality the Fantastic gives us new worlds although of course these are refractions of worlds already in being In place of real spaces whatever they might be the Fantastic gives us imaginary spaces although within those spaces historical and cultural conflicts are played out albeit in forms that stretch our understanding of everyday location and our usual interpretations of cause and effect Many authors are addressed here from a variety of different geographical and national traditions thus demonstrating how the Fantastic as a mode a genre a way of thinking imagining and writing continually traverses borders and boundaries We hope to move the ongoing debate about the Fantastic forward in a scholarly as well as an engaging way

Goldschmidt, 2014-04-01 I didn't ask her if it had been Walt Whitman and his declaration that he was vast and contained multitudes that she'd read as she lay on the bed in the boarding house at Dover but it would have been appropriate because She was an anti Zionist who went to Israel for her holidays She read the Telegraph and voted Labour She ate bacon for breakfast and then cooked kosher lunches at the club for other Jewish pensioners She said she was disappointed in me when I explained how to jiggle coins out of public phones yet she stole small plants from Tel Aviv airport and smuggled them back to England in her handbag Pippa Goldschmidt's protagonists have a special way of observing the world intelligent as they undoubtedly are they all suffer from a weird and warped lack of understanding certain parts of life It is science that helps them regulate the world they live in It is science that brings chaos upon them Goldschmidt connects realism hyperrealism surrealism satire subtle political statements anti Semitic tendencies and the gender gap in a unique and surprising way Pippa Goldschmidt is an important new voice in contemporary fiction Pippa Goldschmidt grew up in London and now lives in
