Spaceships Of Ezekiel:

The Spaceships of Ezekiel Joseph Blumrich, 2017-12-20 Not a description of a meeting with God but with ancient astronauts in a shuttlecraft The Spaceships of Ezekiel is about a ship that was supposedly observed by the prophet Ezekiel It was written while the author Josef Blumrich was chief of NASA's systems layout at the Marshall Space Flight Center After ufologists such as Erich von Däniken pointed to the possibility of interpreting Ezekiel's vision as a report of an extraterrestrial spacecraft Blumrich decided to disprove the hypothesis However a thorough examination convinced him that Ezekiel had in fact seen a spaceship He then made detailed drawings of the alien craft concluding that the technology of the builders must have been somewhat higher than mankind's at the present Blumrich asserts that Ezekiel's account in the Bible was not a description of a meeting with God in a prophetic vision but one of several encounters with ancient astronauts in a shuttlecraft from another planet Blumrich analyzes six different translations of the Bible in conjunction with his experience in engineering and presents one possible version of Ezekiel's visions of how God described as riding in an elaborate vehicle capable of seeing supposedly showed him the future and gave him various messages to deliver In the appendices to the book Blumrich presents technical specifications of the hypothesized spacecraft He proposed a wheel that is capable of rotating not only in the forward backward direction but also sideways based on his interpretation of the description in Ezekiel and patented it The wheel is now known as the Omni wheel and it is used in special applications **The Spaceships of Ezekiel**

Josef F. Blumrich, 1974 **The Spaceships of the Visitors** Kevin Randle, Russ Estes, 2011-01-18 The first comprehensive field guide to alien spacecraft complete with illustrations of more than one hundred spaceships In the last decade the number of reports of alien spacecraft sightings has skyrocketed However the phenomenon of alien encounters is not new Here for the first time two UFO experts Kevin Randle and Russ Estes cover the history of UFO sightings from the ancient to the modern using research from many different sources including the Air Force and private UFO groups Each of the more than one hundred entries is based on actual eyewitness accounts and includes A detailed drawing of each spaceship based on photographs or drawings made by the people who saw it with their own eyes A concise summary of the facts where the sighting took place names of the witnesses craft type and such specifics as each craft's dimensions color sound and exhaust mechanism A unique reliability rating on a scale from 0 to 10 A gripping you were there narration of the encounter along with meticulous documentation of source material Spaceships of the Visitors is a fascinating and essential reference for anyone curious about alien visitation Glimpses into Other Worlds Kristy Shanahan, 2025-04-18 Glimpses into Other

Worlds will take you on a personal journey through other times and dimensions It is mostly nonfiction but also stretches the imagination to consider other possibilities and controversies It is filled with spectacular images from NASA of our universe and other fantastic artwork You will begin in our universe in the past and consider what some of the ancients thought about the heavens and gods from the heavens through their oral traditions myths legends holy books and history From there you

will read recent information on UFOs now UAPs and some recent well known UFO incident reports The words of the witnesses to these events give clear and compelling testimony and impact our limited knowledge of our universe Then we will examine some of the scientific and technological wonders of what science tells us about our universe From there you will consider other dimensions from differing perspectives You will look at ancient oral traditions myths legends and historical beliefs about other dimensions other worlds realms You will learn what scientists currently theorize about other dimensions Finally you consider the inner dimension or realm You will learn about recent prophets psychics and scientific attempts to use their skills Then you will seek the ancient wisdom of classic metaphysics Hindu metaphysics and the spirituality of diverse cultures You will consider recent scientific support for connections between the consciousness of your mind and the entire universe through quantum physics And this will return you to our universe again hopefully with new insights into life As T S Eliot said so well We shall not cease from exploration And the end of all our exploring Will be to arrive where we started And know the place for the first time 1 Enjoy your explorations 1 Eliot T S from Little Gidding Four Quartets Main Edition April 30 2001 originally published in 1943

The Oxford Handbook of Biblical Monsters Associate Professor of Biblical Studies and Academic Dean Brandon R Grafius, Brandon R. Grafius, Adjunct Instructor in New and World Religions John W Morehead, John W. Morehead, 2025 The Oxford Handbook of Biblical Monsters brings together the work of world renowned scholars in Bible theology religion and cultural studies to explore the monsters that rampage through the biblical text Essays provide in depth analysis of the Ancient Near Eastern background of these creatures explore how they have continued to live on after the biblical text and discuss how they remain impactful through art and literature today The chapters not only study where monsters came from but continually focus on what they mean and how these meanings are generated These chapters work to bridge the perspectives of traditional scholarship and more postmodern ideas of monsters as cultural and rhetorical constructions There are chapters on the Ghosts of Mesopotamia Leviathan and the Giants but also on the Monstrous Jew in the Gospels and the Monstrosity of the Crucifixion They serve both as foundational pieces of research for scholars looking to familiarize themselves with monsters and discourses of monstrosity but also as creative and provocative examinations of how these monsters generate meaning While working to summarize the research that has been done on biblical monsters up to the present day this Handbook points the way forward towards new and exciting studies in unnatural creatures and the rhetoric of horror

There are over 300 images eyewitness drawings and photographs **Secret History** Nick Redfern,2015-04-20 A guide to the hidden mysteries and secrets of the world from an established author and expert on conspiracies the unexplained and the paranormal History is written by the winners and the powerful but how much of it is fiction And who is really in control today From the dawn of civilization to the 21st century from ancient aliens to the New World Order Secret History Conspiracies from Ancient Aliens to the New World Order examines explores and uncovers the hidden overlooked and buried history of civilization The book moves from biblical Egyptian Mayan Greek and early mysteries of antiquity to the clandestine doings of the Nazis and the Masons and assassination plots of the more recent past to the surveillance monitoring mind control and secret schemes of today Researcher Nick Redfern investigates the stories mythologies lore behind incredible events and clandestine groups of yesterday and today More than 60 entries dig deep into the manipulation of events by influential groups including Historical riddles revealing alien visitations space gods human alien crossbreeding and more Government cover ups exposing mind control murders scientists research secret agents agendas and more Powerful groups and intended consequences illuminating 9 11 new world order bird flu chemtrails and more Tracing the chilling and lasting effects of conspiracies cabals and plots Secret History Conspiracies from Ancient Aliens to the New World Order exposes their deep reach in shaping today s world Truly an eye opening read Dictionary of the Old Testament: Prophets G

MCCONVILLE,MARK J BODA,2020-05-21 The writings of the prophets make up over a quarter of the Old Testament But perhaps no other portion of the Old Testament is more misunderstood by readers today For some prophecy conjures up knotted enigmas opaque oracles and terrifying visions of the future For others it raises expectations of a plotted out future to be reconstructed from disparate texts And yet the prophets have imprinted the language of faith and imagination with some of its most sublime visions of the future nations streaming to Zion a lion lying with a lamb and endlessly fruiting trees on the banks of a flowing river We might view the prophets as stage directors for Israel s unfolding drama of redemption Drawing inspiration from past acts in that drama and invoking fresh words from its divine author these prophets speak a language of sinewed poetry their words and images arresting the ear and detonating in the mind For when Yahweh roars from Zion and thunders from Jerusalem the pastures of the shepherds dry up the crest of Carmel withers and the prophetic word buffets those selling the needy for a pair of sandals The Dictionary of the Old Testament Prophets is the only reference book of its kind Not only does it focus exclusively on the prophetic books it also plumbs their imagery of mountains and wilderness flora and fauna temple and Zion It maps and guides us through topics such as covenant and law exile and deliverance forgiveness and repentance and the Day of the Lord Here the nature of prophecy is searched out in its social historical literary and psychological dimensions as well as its synchronic spread of textual links and associations And the formation of the prophetic books into their canonical collection including the Book of the Twelve is explored and weighed for its significance Then too contemporary approaches such as canonical criticism conversation analysis editorial redaction criticism feminist

interpretation literary approaches and rhetorical criticism are summed up and assayed Even the afterlife of these great texts is explored in articles on the history of interpretation as well as on their impact in the New Testament **Equal to Angels**

Darren L. Johnson, 2013-04 God's universe is filled with hundreds of billions of celestial bodies composed of stars and planets Yet no reasoning life other than man has been discovered Through his written word God has used suffering to perfect man's nature This perfection of man will be necessary to rule in God's Kingdom When the next age comes believers will become equal to angels in power and might and will judge the world and the saints This task will also include the ability to create life and thus fill the cosmos This incredible gift will be given to those who love the Lord through willful obedience to His word

Are we equal to the task Are we Equal to Angels God's Superstars **The Bloomsbury Handbook of Apocalypticism and**

Millennialism Tristan Sturm, Andrew Crome, 2025-10-16 In an age shadowed by pandemics climate catastrophe authoritarian resurgence and existential technological threats The Bloomsbury Handbook of Apocalypticism and Millennialism offers a timely and indispensable exploration of how societies make sense of their Ends and their hoped for new beginnings This ground breaking volume gathers leading scholars to trace the evolution meanings and enduring potency of apocalyptic and millennial ideas across religious secular and cultural landscapes From ancient revelatory texts to contemporary political movements and popular culture the book dissects how these concepts function not just as prophecies of doom but as frameworks for resistance renewal and transformation Through meticulous historical analysis and bold theoretical interventions the contributors interrogate core debates from the distinctions between apocalypticism and millennialism to their radical entanglements with justice space temporality and morality This volume dismantles simplistic portrayals of End Times thinking revealing instead its nuanced world shaping logic Whether manifest in religious movements or global politics apocalypse is no longer a marginal concern it is the defining hermeneutic of our times Scholarly provocative and urgent this Handbook is essential reading for researchers students and anyone seeking to understand how humanity envisions and enacts its endings and potentially new beginnings
