Spanish Film Under Franco:

Popular Spanish Film Under Franco S. Marsh, 2005-12-15 Popular Spanish Film Under Franco is the first book of its kind to analyze cinematic comedy during the initial two decades of Francisco Franco's dictatorship. Focusing on the intersection between popular culture and political populism, it breaks new theoretical ground in re-evaluating the policies of the regime and the tactics employed by those who sought to undermine it. Its cultural studies approach, combining Gramsci, de Certeau, and Bakhtin, interrogates the ambiguous nature of subversion and challenges common assumptions concerning post-war Spanish film.

Spanish Film Under Franco Virginia Higginbotham, 2014-01-27 How does a totalitarian government influence the arts and how do the arts respond? Spanish Film Under Franco raises these important questions, giving English speakers a starting point in their study of Spanish cinema. After a brief overview of Spanish film before Franco, the author proceeds to a discussion of censorship as practiced by the Franco regime. The response of directors to censorship, the franquista aesthetic, or aesthetic of repression with its highly metaphorical, oblique style, is explored in the works of Luis Buñuel, Carlos Saura, Juan Antonio Bardem, Luis García Berlanga, and other important directors. Virginia Higginbotham combines historical perspective with detailed critical analysis and interpretation of many famous Franco-era films. She shows how directors managed to evade the censors and raise public awareness of issues relating to the Spanish Civil War and the repressions of the Franco regime. Film has always performed an educational function in Spain, reaching masses of poor and uneducated citizens. And sometimes, as this study also reveals, Spanish film has been ignored when the questions it raised became too painful or demanding. The author concludes with a look at post-Franco cinema and the directions it has taken. For anyone interested in modern Spanish film, this book will be essential reading.

Spanish Film Under Franco Virginia Higginbotham, *The A to Z of Spanish Cinema* Alberto Mira, 2010-04-27 Spanish cinema is emerging as one of the most exciting, fascinating, and special cinemas in the world. Not only are others viewing Spanish films, but they are adopting Spanish producers and Spanish actors as their own. While Spanish cinema has been maturing for a long time and has been producing excellent directors, actors, and films for decades, including during the dark times of the Franco regime, only now is it winning numerous fans, not only at home but also abroad. And with directors like Pedro Almodóvar, actors and actresses like Javier Bardem, and Penélope Cruz, and films such as *Abre los ojos* and *Alatriste* to build upon the outlook for Spanish cinema, it appears brighter than ever. *The A to Z of Spanish Cinema* provides a better understanding of the role Spanish cinema has played in film history through a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on producers, directors, film companies, actors, and films.

Refiguring Spain Marsha Kinder, 1997 In *Refiguring Spain*, Marsha Kinder has gathered a collection of new essays that explore the central role played by film, television, newspapers, and art museums in redefining Spain's national cultural identity and its position in the world economy during the post-Franco era. By emphasizing issues of historical recuperation, gender, and sexuality, and the marketing of Spain's peaceful political

transformation the contributors demonstrate that Spanish cinema and other forms of Spanish media culture created new national stereotypes and strengthened the nation's place in the global market and on the global stage These essays consider a diverse array of texts ranging from recent films by Almodóvar Saura Erice Mir Bigas Luna Gutiérrez Aragón and Eloy de la Iglesia to media coverage of the 1993 elections Francoist cinema and other popular media are examined in light of strategies used to redefine Spain's cultural identity The importance of the documentary the appropriation of Hollywood film and the significance of gender and sexuality in Spanish cinema are also discussed as is the discourse of the Spanish media star whether involving film celebrities like Rita Hayworth and Antonio Banderas or historical figures such as Cervantes The volume concludes with an investigation of larger issues of government policy in relation to film and media including a discussion of the financing of Spanish cinema and an exploration of the political dynamics of regional television and art museums Drawing on a wide range of critical discourses including feminist postcolonial and queer theory political economy cultural history and museum studies *Refiguring Spain* is the first comprehensive anthology on Spanish cinema in the English language Contributors Peter Besas Marvin D Lugo Selma Reuben Holo Dona M Kercher Marsha Kinder Jaume Mart Olivella Richard Maxwell Hilary L Neroni Paul Julian Smith Roland B Tolentino Stephen Tropiano Kathleen M Vernon Iaki Zabaleta

Casting Masculinity in Spanish Film Mary T. Hartson, 2017-09-13 The rise of consumerism in the twentieth and twenty first centuries radically changed the way we perceive ourselves and the world around us And as it has throughout history the social construct of ideal masculinity both reflects and responds to that lived reality helping individuals adapt Through a close study of Spanish film of the twentieth and twenty first centuries this book investigates hegemonic or dominant masculinity in the wake of dramatic consumer changes that occurred in Spain It explores the ways in which masculine identity as represented in Spanish film positions itself in relation to desire and consumption focusing especially on representations of hegemonic masculinity from the almost 40 year dictatorship of General Francisco Franco through the transition to democracy and into the early 1990s Using psychoanalytic theory as employed primarily by Todd McGowan and

Slavoj i ek this book analyzes cinematic representations of hegemonic masculine models along with those portrayed as less favorable to understand how political social and economic changes in Spain in the twentieth and early twenty first centuries affect the process of masculine identity formation In the shift from a society of prohibition to a society of commanded enjoyment hegemonic masculinity as represented in Spanish film changes dramatically initially organizing itself around prohibition and self renunciation in the early Franco dictatorship and later with neoliberal reforms and mass media promotion of consumerist values starting in the 1950s reorienting itself around desire and enjoyment embodied for example in the sexually promiscuous fashionable young man of the 1970s Personal pleasure and the satisfaction of one s desires replace submission obedience and self abnegation leading to a reconstruction of masculine identities in a social context that appears increasingly fragmented plural and individualistic The primary innovation of this text involves the repositioning of consumerism as a fundamental force in the formation of Spanish masculinity and showing how widely disseminated masculine models serve to accommodate political social and economic demands
