Spanish Society After Franco Regime Transition And The Welfare State:

Spanish Society After Franco Stephen P. Mangen, 2001 Spanish Society After Franco investigates the origins of collective social welfare from the early nineteenth century to set the context for an analysis of contemporary social policy from the perspective of economic and political trends since the transition of democracy in the mid 1970s The review of policy evolution is complemented by an examination of the critical impact of social change particularly the decline of the power of the church regional devolution the gender dimension and social exclusion **Spanish Society After Franco S.**

Mangen, 2001-08-14 Spanish Society After Franco investigates the origins of collective social welfare from the early nineteenth century to set the context for an analysis of contemporary social policy from the perspective of economic and political trends since the transition of democracy in the mid 1970s The review of policy evolution is complemented by an examination of the critical impact of social change particularly the decline of the power of the church regional devolution the gender dimension and social exclusion **Spanish Society After Franco S.** Mangen, 2001-08-14 Spanish Society After Franco investigates the origins of collective social welfare from the early nineteenth century to set the context for an analysis of contemporary social policy from the perspective of economic and political trends since the transition of democracy in the mid 1970s The review of policy evolution is complemented by an examination of the critical impact of social change particularly the decline of the power of the church regional devolution the gender dimension and social exclusion **The**

Spanish Welfare State in European Context Ana Marta Guillén, Margarita León, 2016-02-17 Following the death of Franco Spain underwent a transition to democracy in the mid 1970s Although a rapid process of modernization occurred the Spanish welfare state was seen until fairly recently as relatively underdeveloped However given the progressive Europeanization and expansion of Spanish social policy questions arise as to whether the Spanish welfare system should still be considered as peripheral to West European welfare states This volume is divided into three sections The first section deals with broad trends in the evolution of the Spanish welfare state To begin with the consolidation path of social protection policies is explored Attention is also paid to the process of Europeanization Furthermore the analysis explores advances in gender equality policies In the second section attention is turned to governance issues such as collective bargaining the interplay among levels of government the welfare mix and public support for social policies The third and final part of the book addresses five main challenges facing the Spanish welfare state in the 21st century namely the need to enhance flexicurity to achieve a better work family balance to coordinate immigration policies with existing social protection to tackle the persistence of high rates of relative poverty and to face intense population ageing both in terms of increasing needs for care and the reform of the pension system *Inequality After the Transition* Ekrem Karakoç, 2018-09-26 After the Transition is an all encompassing examination of the origins increase and persistence of inequality in new democracies It challenges the conventional thinking found in much of the democratization inequality literature and offers a new theory It speaks

simultaneously to literature of democratization party systems social policy and inequality to explain why democracies are not able to fulfill their promise to the disadvantaged and why they cannot achieve income equality It investigates social policy programs such as pensions unemployment benefits and other social transfers in Poland and the Czech Republic in Post Communist Europe and Turkey and Spain in Southern Europe The volume traces the origins and development of social policy from the formation of nation states to the present and considers how different political regimes whether totalitarian post totalitarian or authoritarian designed welfare policies to prioritize civil servants and the working classes in formal sectors at the expense of the majority poor It then demonstrates how these legacies perpetuate and widen disparities in access to welfare policies and thus income inequality in countries where low mobilization by the poor and unstable party systems prevail This study employs interviews with Polish Czech Turkish and Spanish union leaders bureaucrats and business people while also conducting an original survey in Turkey to dissect the linkage between organized groups and parties Employing a multi method approach two paired case studies on these countries also demystify why and how new populist parties have successfully appealed to voters and affected the trajectory of social policy party systems and inequality Comparative Politics is a series for researchers teachers and students of political science that deals with contemporary government and politics Global in scope books in the series are characterised by a stress on comparative analysis and strong methodological rigour The series is published in association with the European Consortium for Political Research For more information visit www.ecprnet.eu The series is edited by Emilie van Haute Professor of Political Science Universit libre de Bruxelles Ferdinand M ller Rommel Director of the Center for the Study of Democracy Leuphana University and Susan Scarrow John and Rebecca Moores Professor of Political Science University of Houston

A Handbook of Comparative Social Policy, Second Edition Patricia Kennett, 2013-01-01 This extensively revised edition of A Handbook of Comparative Social Policy provides up to date and valuable insights on key concepts and issues such as globalization crime diversity housing child poverty gender inequality and social policy regimes To write about these topics editor Patricia Kennett has gathered an excellent team of researchers who deal with both the developing and the advanced industrial world Students of comparative social policy would benefit from engaging with this illuminating Handbook Daniel B land Johnson Shoyama Graduate School of Public Policy Canada The current context of social policy is one in which many of the old certainties of the past have been eroded The predominantly inward looking domestic preoccupation of social policy has made way for a more integrated international and outward approach to analysis which looks beyond the boundaries of the state It is in this context that this Handbook brings together the work of key commentators in the field of comparative analysis in order to provide comprehensive coverage of contemporary debates and issues in cross national social policy research Organized around five themes this thoroughly revised and updated second edition explores the contextual conceptual analytical and processual aspects of undertaking comparative social research The contributions highlight specific areas of comparative social policy including

child poverty and well being patterns of housing provision and housing inequalities and social protection in East Asia as well as crime and criminology in a global context The authors of the Handbook explore continuing and emerging themes as well as issues which are of particular relevance to understanding the contemporary social world International in scope this authoritative Handbook presents original cutting edge research from leading specialists and will become an indispensable source of reference for anyone interested in comparative and international social research It will also prove a valuable study aid for undergraduate and postgraduate students from a range of disciplines including social policy sociology politics urban studies and public policy

Civil Society Activism Under Authoritarian Rule Francesco Cavatorta, 2013 This volume examines theoretical and comparative perspectives on civil society activism under authoritarian constraints to offer a better understanding of its relationship with regime change Rejecting a normative approach the authors focus on the whole range of civic activism under authoritarianism

The Politics of Industrial Relations Kerstin Hamann, 2012-02-20 The book provides a comprehensive analysis of Spanish unions since the Franco dictatorship It builds on industrial relations political science and political economy literature to investigate the trajectory of Spanish unions It analyzes unions as political actors that is their interaction and involvement with governments political parties and political processes

Historical Dictionary of Spain Angel Smith, 2017-12-29 Following Spain's transition to democracy in the 1970s the country experienced rapid economic modernization the establishment of a functioning liberal democracy and a cultural renaissance Along with rising living standards over the following thirty years ordinary Spaniards experienced massive improvements in the road and rail networks in local amenities from sporting facilities to centers for the aged and in the public health system As a result by the start of the 20th century Spaniards had largely overcome any sense of inferiority in comparison with other major western European countries and the United States However Spain was hit by a severe economic recession between 2008 and 2011 and unemployment levels are still very high Moreover a large number of corruption cases have come to light and tensions between the central government and Catalan autonomous government have burst into open conflict Restructuring the Spanish economy ensuring probity in public life and accommodating Catalonia within the Spanish state are therefore key tasks in the decade the lies ahead This third edition of the Historical Dictionary of Spain contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has more than 700 cross referenced entries on important personalities as well as aspects of the country's politics economy foreign relations religion and culture The book is an excellent resource for students researchers and anyone wanting to know more about Spain

Handbook on Gender and Social Policy Sheila Shaver, 2018-09-28 Providing a state of the art overview this comprehensive Handbook is an essential introduction to the subject of Gender and Social Policy Bringing together original contributions and research from leading researchers it covers the theoretical perspectives of the field the central policy terrain of gender inequalities of income employment and care and family policy Examining gender and social policy at both the regional and national level the

Handbook is an excellent resource for advanced students and scholars of sociology political science women s studies policy studies as well as practitioners seeking to understand how gender shapes the contours of social policy and politics
