Spartakusbund And The German Working Class Movement 1914-1919:

The Spartakusbund and the German Working Class Movement, 1914-1919 William A. Pelz, 1988 **The Spartakusbund and the German Working Class Movement, 1914-1919** William A. Pelz, 1988 This text attempts to put the Spartakusbund into an objective context by examining its activities during the years 1914-1919 **Working-Class Politics in the German Revolution** Ralf Hoffrogge, 2014-09-11 Richard M. Ller a leading figure of the German Revolution in 1918 is unknown today As the operator and unionist who represented Berlin's metalworkers he was main organiser of the Revolutionary Stewards a clandestine network that organised a series of mass strikes between 1916 and 1918 With strong support in the factories the Revolutionary Stewards were the driving force of the Revolution By telling M. Ller's story this study gives a very different account of the revolutionary birth of the Weimar Republic Using new archival sources and abandoning the traditional focus on the history of political parties Ralf Hoffrogge zooms in on working class politics on the shop floor and its contribution to social change First published in German by Karl Dietz Verlag as Richard M. Ller *Der Mann hinter der November Revolution* Berlin 2008 this English edition was completely revised for the English speaking audience and contains new sources and recent literature **A Political Biography of Arkadij Maslow, 1891-1941** Mario Kessler, 2020-04-30 This book is a political biography of Arkadij Maksimovich Maslow 1891-1941 a German Communist politician and later a dissident and opponent to Stalin Together with his political and common law marriage partner Ruth Fischer Maslow briefly led the Communist Party of Germany the KPD and brought about its submission to Moscow Afterwards Fischer and Maslow were removed from the KPD leadership in the fall of 1925 and expelled from the party a year later Henceforth they both lived as communist outsiders persecuted by both Hitler and Stalin Maslow escaped to Cuba via France and Portugal and was murdered under dubious circumstances in Havana in November 1941 He died as a communist dissident committed to the cause of a radical socialist labor movement that lay in ruins Kessler considers Maslow's role in pivotal events such as the Bolshevik Revolution in Soviet revolutionary parties and organizations through to the rise of Stalinism and Cold War anti communism What results is a deep dive into the life of a key yet understudied figure in dissident communism **Despite Everything!** William A. Pelz, 1983 *The German Revolution, 1917-1923* Pierre Broué, 2006 Broué enables us to feel that we are actually living through these epoch making events Do not miss this magnificent work Robert Brenner UCLA A magisterial definitive account of the upheavals in Germany in the wake of the Russian revolution Broué meticulously reconstitutes six decisive years 1917-23 of social struggles in Germany The consequences of the defeat of the German revolution had profound consequences for the world Pierre Broué 1926-2005 was for many years Professor of Contemporary History at the Institut d'études politiques in Grenoble and was a world renowned specialist on the communist and international workers movements [The Complete Works of Rosa Luxemburg, Volume II](#) Rosa Luxemburg, 2015-05-19 The second volume in Rosa Luxemburg's Complete Works entitled *Economic Writings 2* contains a new English translation of

Luxemburg's *The Accumulation of Capital: A Contribution to the Economic Theory of Imperialism* one of the most important works ever composed on capitalism's incessant drive for self expansion and the integral connection between capitalism and imperialism. This new translation is the first to present the full work as composed by the author. It also contains her book length response to her critics *The Accumulation of Capital: Or What the Epigones Have Made Out of Marx's Theory: An Anti Critique*. Taken together these two works represent one of the most important Marxist studies of the globalization of capital. Also included is an essay on the second and third volumes of Marx's *Capital* which had originally appeared as an unattributed chapter in Franz Mehring's book *Karl Marx: Thank you to David Gaharia for helping to support the translation of this book*.

Germany, Propaganda and Total War, 1914-1918 David Welch, 2000. Adolf Hitler writing in *Mein Kampf* was scathing in his condemnation of German propaganda in the First World War declaring that Germany had failed to recognize propaganda as a weapon of the first order. This despite the fact that propaganda had been regarded arguably for the first time as an intrinsic part of the war effort. David Welch has written the first book to fully examine German society, politics, propaganda, public opinion and total war in the Great War. Drawing on a wide range of sources from posters, newspapers, journals, film, parliamentary debates, police and military reports and private papers, Welch argues that the moral collapse of Germany was due less to the failure to disseminate propaganda than to the inability of the military authorities and the Kaiser to reinforce this propaganda and to acknowledge the importance of public opinion in forging an effective link between leadership and the people.
