Improve your trout fishing productivity satisfaction Here are just some of the topics covered
Spin Fishing for Trout Strategies Tactics for Success Spin Fishing Equipment Common Mistakes How to Correct Them
Favorite Seasonal Lures and Tactics Lure Performance Spinners and Spoons Common Water Structures and How to Fish
Them Fishing Small Lakes Brooks and Ponds Weather and its Impact on Lure Selection Tactics for Fishing Pressured Water
Tactics for Targeting and Catching Larger Trout When to Change Lures and Tactics Angler Behavior Doing the Right Thing
on the Water This book is not a basic 101 course on spin fishing for trout There are already plenty of excellent basic how to
books to help you master the basics of using spin fishing equipment Spin Fishing for Trout is a compilation of strategies and
tactics pulled from formal and informal discussions with professional guides and trout spinning experts from across the
country Each year millions of anglers spend time plying their local waters and trout waters from other destinations Since it
was introduced in the mid 20th century spin fishing has become a national favorite for catching all kinds of fish in both
freshwater and saltwater My goal with this book was to search out and put together the experience and perspectives of
multiple anglers Anglers who fish for trout and spend more time on the water doing it than the average angler Anglers who
work to make a living out of it selling services or products to average fishermen Anglers who have gained a volume of
knowledge based on 30 40 or even 50 years of spin fishing experience Why settle for one angler s perspective on a specific
subject when a number of insights from different levels and different anglers can be offered to readers So in addition to what
I have contributed to this book based on my collective spin fishing experience of over 35 years you have the perspectives of
different anglers who come to the sport from entirely different sets of angling histories No one angler attacks a fishing
challenge exactly the same as another Every angler has learned based on the depth and width of their angling experiences In
all the anglers who have helped me craft this book bring a collective experience base of more than 200 years to angling for
you to review and select what works This book is thick with insights on pro tactics for catching more fish consistently
Sprinkled liberally throughout this book you ll see special inserts noted as PRO TACTICS When you see these inserts pop up
in the book they are from the collective wisdom of the many expert anglers who ve helped me over the years become a better
trout fisherman Think of this book as helping you to continue to strengthen the foundation of trout angling expertise that you
already possess Take what you want from it liberally and freely and use it well Absorb the points made in the chapters of this
book letting them sink into your consciousness and seep into your actions on the water That s the one thing that I can
appreciate the most when it comes to fishing There is always something new to learn dirksoutdoors gmail com dirksoutdoors
