Spinning The Globe:

Zetetic Cosmogony: That The World Is Not A Rotating Revolving Globe Thomas Winship, 2018-02-18 To fanciful minds and theoretical speculators the so called science of modern astronomy furnishes a field unsurpassed in any science for the unrestrained license of the imagination and the building up of a complicated conjuration of absurdities such as to overawe the simpleton and make him gape with wonder to deceive even those who truly believe their assumptions to be facts and to make men doubt Divine Revelation with as little discrimination as they were formerly called upon to believe If the reader will carefully follow and weigh the evidence in the following chapters he cannot fail to be delivered from the thralldom of popular credulity and led to seek the truth himself **Spinning the Globe** Noel Purdon, 1999-03-01 **Hollywood**

Methodism and American Empire David William Scott, Filipe Fernandes R. Maia, 2024-01-31 Living into a less colonial way of being together Methodism and American Empire investigates historical trajectories and theological developments that connect American imperialism since World War II to the Methodist tradition as a global movement The volume asks to what extent is United Methodists vision of the globe marred by American imperialism Through historical analyses and theological reflections this volume chronicles the formation of an understanding of The United Methodist Church since the mid 20th century that is both global and at the same time dominated by American interests and concerns Methodism and American Empire provides a historical and theological perspective to understand the current context of The United Methodist Church while also raising ecclesiological questions about the impact of imperialism on how Methodists have understood the nature and mission of the church over the last century Gathering voices and perspectives from around the world this volume suggests that the project of global Methodism and the tensions one witnesses therein ought to be understood in the context of American imperialism and that such an understanding is critical to the task of continuing to be a global denomination The volume tells a tale of complex negotiations happening between United Methodists across different national cultural and ecclesial contexts and sets up the historical backdrop for the imminent schism of The United Methodist Church

History is Our Mother: Three Libretti Alice Goodman,2017-07-18 The first appearance of Alice Goodman s two internationally renowned and controversial libretti alongside one of her masterful translations An NYRB Classics Original Nixon in China and The Death of Klinghoffer played a crucial role in bringing opera back to life as a contemporary art form and they have been popular and in the case of Klinghoffer highly controversial ever since they were first staged by the director Peter Sellars in the eighties and nineties Both operas were conceived from the start as collaborations between composer and writer and their power is due as much to the dazzlingly constructed and deeply felt libretti of the poet Alice Goodman as they are to John Adams s music Nixon in China is a story at once heroic comic and unnerving of men and women making history and of their different conceptions of what history is and what it means to makes it Klinghoffer by contrast has at its center the tragedy of an innocent man condemned at the cost of his life to play a part in history History Is Our Mother which takes its title from a line sung by the title character in Nixon in China brings Goodman s two libretti together for the first time in book form Included alongside Goodman s no less inspired translation of Emanuel Schikaneder s famous libretto to The Magic Flute these vivid dramas of character and searching meditations on fate are here revealed as among the most original ambitious and accomplished poetic achievements of our time *Designing the BBC* Iain Macdonald,Paula

Williams,2025-02-06 Designing the BBC provides an insider perspective on the groundbreaking work of the BBC's Television Graphic Design Department from 1954-2005. Umbilicans of Babylon Richard Leviton,2024-03-13 Do you ever think about solid ground? The author of this book does a lot. Providing solid ground for consciousness is the umbilican function, he says. On January 1, 2020, the long-awaited Golden Age began. So did intense opposition to it from the shadows. It was like a thousand iron heels trying to stamp out spring blossoms. The dark forces exerted their manipulations in the outer world. The angelic contingent counterpointed in the subtle realm. The Earth wobbled. This is an insider's report from three men who worked alongside the good guys to adjust the planet's Light grid to better support the flowering of human consciousness that had been intended for this date and to resist even undermine the infernal opposition. These good-guy benefactors included angels, archangels, the Great White Brotherhood, even some of the friendly Dead. Ronald, our narrator, with Joe and Mike, his dependable pals, call themselves geomantic engineers. They work on the Light grid, the subtle energy infrastructure of the Earth that supports the material world. They're like electric utility pole linemen up there in their extendable buckets, but their main tools are clairvoyance and knowledge of the mechanics of the planet's many Light temples and systems. Ronald provides a vivid field account of an astonishing array of geomantic interventions and adjustments made in the last several years to shore up that potentially fabulous Golden Age despite the dark forces' protracted attempts to derail and smash it. The struggle reveals an Earth like you've never seen before. Our planet was designed to keep consciousness aligned with the spiritual world, galaxy and beyond. People were supposed to feel firmly anchored in their bodies and planet. The Earth was meant to be the gate of the gods, the original pure meaning of Babylon. In recent centuries, that smooth reciprocal relationship has been upset. Light forces are trying to uplift awareness; dark forces to suppress it. Jump into Ronald's riveting account to see how it all plays out.
