Homeopathy was founded in 1796 by the German physician Samuel Hahnemann who ardently proposed that like cures like counter to the conventional treatment of prescribing drugs that have the opposite effect to symptoms Alice A Kuzniar critically examines the alternative medical practice of homeopathy within the Romantic culture in which it arose In The Birth of Homeopathy out of the Spirit of Romanticism Kuzniar argues that Hahnemann was a product of his time rather than an iconoclast and visionary It is the first book in English to examine Hahnemann s unpublished writings including case journals and self testings and links to his contemporaries such as Goethe and Alexander von Humboldt Kuzniar s engaging writing style seamlessly weaves together medical philosophical semiotic and literary concerns and reveals homeopathy as a phenomenon of its time The Birth of Homeopathy out of the Spirit of Romanticism sheds light on issues that continue to dominate the controversy surrounding homeopathy to this very day *Fallacies of the Faculty, Being the Spirit of the Chronothermal System. **Scientific Spirit** Léon Robin,1928 *Body and Spirit in the Middle Ages* Gaia Gubbini,2020-08-10 A crucial question throughout the Middle Ages the relationship between body and spirit cannot be understood without an interdisciplinary approach combining literature philosophy and medicine Gathering contributions by leading international scholars from these disciplines the collected volume explores themes such as lovesickness the five senses the role of memory and passions in

order to shed new light on the complex nature of the medieval Self      **Rome and the Spirit of Caesar** Jan H.

Blits,2015-09-17 *Rome and the Spirit of Caesar* providing a fresh interpretation of Julius Caesar is a thorough examination of Shakespeare's presentation of the final throes of republican Rome's political decay and demise and the rise of Caesarism As in his previous studies of Shakespeare's plays Blits pursuing his distinctive approach follows Caesar through scene by scene speech by speech line by line reaching his conclusions by closely examining Shakespeare's text Approaching the play as a coherent whole he examines the whole in the light of its parts and the parts in the light of the whole Since each presupposes the other he considers the whole and its parts together He carefully relates the play's details to its major themes and grounds the themes in and supports them by the details While intruding no literary theory on the play Blits brings out the historical and perennial political substance that Shakespeare deliberately put into it He shows that *Caesar* is a work of historical poetry shaped by Shakespeare's mastery of the Roman histories and the Hellenistic philosophies bearing directly on his subject Topics include the love of honor and fame heroic ambition and glory virtue and honor civic strife political murder the role of political oratory public versus private interests Caesarism the decay of liberty loyalty demagoguery luxury spiritedness superstition Stoicism and Epicureanism manliness friendship moral intimidation political imprudence foreign and civil war universal empire and the advent of Christianity      **The Letter before the Spirit: The Importance of Text Editions for the Study of the Reception of Aristotle** ,2012-11-21

*The Letter before the Spirit* contains original articles based on the papers given at the Huygens ING The Hague 2009 on the importance of text editions for the study of the transmission of Aristotle's works in the Semitico Latin translations and their commentary tradition in the medieval world Authors underline this importance in general overviews and theoretical outlines and present their own work on various text editions ranging from Syriac and Arabic to Hebrew and Graeco Latin and from Aristotle Avicenna and Averroes to Plotinus Michael Scot William of Moerbeke Judah ha Kohen Barhebraeus and Albertus Magnus Editors are further encouraged to cross boundaries between disciplines and study the translation tradition of Aristotle's works in its entirety      *Hegel: The Phenomenology of Spirit* Michael Inwood,2018-02-09 G W F Hegel's first masterpiece the *Phenomenology of Spirit* is one of the great works of philosophy It remains however one of the most challenging and mysterious books ever written Michael Inwood presents this central work to the modern reader in an intelligible and accurate new translation This translation attempts to convey as accurately as possible the subtle nuances of the original German text Inwood also provides a detailed commentary that explains what Hegel is saying at each stage of his argument and also discusses the philosophical issues it raises This volume will therefore prove invaluable to those who want to get to grips with Hegel's thought processes and to follow his complex argument      *The Eyes of Faith* Ormond Rush,2009 Winner of the 2010 Lynlea Rodger Australia Theological Form ATF Press Theological Book Prize *The Eyes of Faith* presents a systematic theology of the sense of the faithful *sensus fidelium* and shows the fundamental and necessary interrelationship between *sensus fidelium* tradition Scripture theology and the

magisterium Ormond Rush provides fresh perspectives on a number of issues He proposes that tradition and Scripture are the products of the *sensus fidelium* and that the inspiration of Scripture is best understood in terms of the Holy Spirit working through the *sensus fidelium* In addressing the role of the *sensus fidei* in the lives of individual believers the book provides a unique approach to the way Christians make sense of their faith within the diverse contexts of daily life It shows how the imaginative capacity of the *sensus fidei* forms a foundational notion for understanding the diversity of spiritualities inculturations and contextualizations of the Gospel in the history of the church up to the present This ecclesial activity of interpreting the Christ event through the *sensus fidelium* enables the church to proclaim the Gospel in new times and cultures throughout history The Eyes of Faith proposes that for an effective teaching of the faith to contemporary Christians the distinctive roles of the magisterium and of theology must be conceived primarily in terms of and in relationship to the ecclesial Spirit given capacity of the *sensus fidelium*

**ABOUT THE AUTHOR** Ormond Rush is lecturer of theology and former president of St Paul's Theological College in Banyo Australia and is president of the Australian Catholic Theological Association He is the author of *Still Interpreting Vatican II Some Hermeneutical Principles and The Reception of Doctrine An Appropriation of Hans Robert Jauss Reception Aesthetics and Literary Hermeneutics*

**PRAISE FOR THE BOOK** In addition to its internal argumentation the book's extensive footnotes Scriptural references and Church documents will make it a tremendously valuable tool for advanced researchers in several theological areas including pneumatology ecclesiology Scripture studies and hermeneutics Highly recommended C A Montevecchio *Choice* Some works of scholarship stand out providing a point of reference and showing the way forward Orm Rush's study is in this class and it is not surprising that its first release by CUA Press is a splendid hardback volume This work makes a significant contribution to Catholic Theology Rev John Thornhill SM *The Australasian Catholic Record* Rush provides a theologically perceptive panorama of the *sensus fidelium* at work in the church under the guidance of the Holy Spirit In addition to offering numerous insights usually beneficial and sometimes provocative Rush's study is extraordinarily well researched This volume is an outstandingly creative and comprehensive theological study of the grace of the Holy Spirit acting through the *sensus fidelium* in the reception of revelation in the church John Ford CSC *Theological Studies* Rush has here provided us with a sophisticated study of theological hermeneutics as well as a foundational work in ecclesiology Lawrence S Cunningham *Commonweal* This detailed and well argued book explores the phenomenon of reception in both the Bible and in contemporary Roman Catholic tradition An insightful study for those interested in the newest wave of Roman Catholic dogmatic theology which tends to draw deeply from biblical sources as well as Vatican teaching this book genuinely advances discussions of the doctrine of reception Aaron Klink *Religious Studies Review*

[The Spirit of Modern Republicanism](#) Thomas L. Pangle, 1990-10-15 Pangle reexamines the moral philosophy of the Founding Fathers and finds that at the heart of the Framers republicanism was a dramatically new vision of civic virtue religious faith and intellectual life rooted in an unprecedented commitment to

private and economic liberties and that this commitment represented a departure from both the classical and biblical traditions He challenges those who explain 18th century political thought exclusively in terms of historical circumstances Calvinistic faith or economic and social ideology He develops a new interpretation of John Locke s moral and political philosophy arguing that Locke s greatest political and rhetorical achievement was in transforming the God of the Bible into the God of reason and nature and shows Locke s influence on the Framers thought ISBN 0 226 64540 1 22 50      **The Empire and the Papacy, 918-1273** Thomas Frederick Tout,1903      *The Philosophical Forum* ,1952      *Consuming Culture in the Long Nineteenth Century* Tamara S. Wagner,Narin Hassan,2010-01-01 Consuming Culture in the Long Nineteenth Century brings together detailed analyses of the cultural myths or fictions of consumption that have shaped discourse on consumer practices from the eighteenth century onward The chapters provide an excitingly diverse range of perspectives including musicology philosophy history art history and cultural and post colonial studies as well as the study of literature in English French and German The broad scope of this collection will engage audiences both inside and outside academia interested in the politics of food and consumption in eighteenth and nineteenth century culture Book jacket
