## **Spirit And The Mastery Of Being:**

**Spirit and the Mastery of Being** William Walker Atkinson, 2005-12 This scarce antiquarian book is a facsimile reprint of the original. Due to its age it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving and promoting the world's literature in affordable, high quality modern editions that are true to the original work. *The Mastery of Being* William W. Atkinson, 1967/1911 a study of the ultimate principle of reality and the practical application thereof. The conscious recognition of Identity with Spirit by the intellect constitutes the Perception of Truth; its conscious realization by the intuition constitutes Shamanic Secrets for Spiritual Mastery Robert Shapiro, 2006-07-01 Spiritual mastery encompasses many different means to assimilate and be assimilated by the wisdom, feelings, flow, warmth, function and application of all beings in your world that you will actually contact in some way. A lot of spiritual mastery has been covered in different bits and pieces throughout all the books we've done. My approach to spiritual mastery though will be as grounded as possible in things that people on Earth can use, but it won't include the broad spectrum of spiritual mastery like levitation and invisibility. I'll only teach what I think you can actually use. Very few people need levitation. You might find it amusing, but the problem is eventually you fall asleep, float up into space and suffocate. What good is that? I'm trying to teach you things that you can actually use and benefit from. When I talk about my life, those are the lessons in spiritual mastery aspects of my life and the life of any physical person. And I will discuss how I do it, how I've been taught and perhaps even suggestions for how you might do it. My life is basically going to represent your needs and it gets the secrets that have been held back out in a storylike fashion so that it is more interesting. *Speaks of Many Truths through Robert Shapiro*. The nature of spiritual mastery is not to be completely in control, but is necessarily to not have any control. The whole point of spiritual mastery is to be in concordance, not in control. Whatever develops as you go along, moment to moment in your life, you are able to act or react to it on the basis of the natural foundational love that exists between all life forms. Spiritual mastery is the underpinnings of multiple ways of being and multiple ways of understanding, appreciating and interacting in harmony with your world. *Isis through Robert Shapiro*. **Stepping Into Spiritual Oneness ~ Spiritual Rememberings of the Soul Through Life Experience** DD Dr. Patti Diamond, Patti Diamond, 2006-06-06 We are but One Step from Spiritual Oneness. than the question What is the human being In an era when this question is not only being misunderstood but even forgotten wisdom delivered by the great thinkers and mystics of the past must be recovered Edith Stein 1891 1942 a Jewish Carmelite mystical philosopher offers great promise to resume asking the question of the human being In Human and Divine Being Donald Wallenfang offers a comprehensive summary of the theological anthropology of this heroic martyr to truth Beginning with the theme of human vocation Wallenfang leads the reader through a labyrinth of philosophical and theological vignettes spiritual being the human soul material being empathy the logic of the cross and the meaning of suffering The question of the human being is asked in light of divine being by harnessing the fertile tension between the methods of phenomenology and metaphysics Stein spurs us on to a rendezvous with the stream of perennial philosophy that has watered the landscape of thought since conscious time began In the end the meaning of human being is thrown into sharp relief against the darkness of all that is not authentically human *The Emergency of Being* Richard Polt,2013-07-23 The heart of history for Heidegger is not a sequence of occurrences but the eruption of significance at critical junctures that bring us into our own by making all being including our being into an urgent issue In emergency being emerges from The Emergency of Being The esoteric Contributions to Philosophy often considered Martin Heidegger s second main work after Being and Time is crucial to any

interpretation of his thought Here Heidegger proposes that being takes place as appropriation Richard Polt s independent minded account of the Contributions interprets appropriation as an event of emergency that demands to be thought in a future subjunctive mode Polt explores the roots of appropriation in Heidegger s earlier philosophy Heidegger s search for a way of thinking suited to appropriation and the implications of appropriation for time space human existence and beings as a whole In his concluding chapter Polt reflects critically on the difficulties of the radically antirationalist and antimodern thought of the Contributions Polt s original reading neither reduces this challenging text to familiar concepts nor refutes it but engages it in a confrontation an encounter that respects a way of thinking by struggling with it He describes this most private work of Heidegger s philosophy as a dissonant symphony that imperfectly weaves together its moments into a vast fugue under the leitmotif of appropriation This fugue is seeded with possibilities that are waiting for us its listeners to develop them Some are dead ends viruses that can lead only to a monolithic monotonous misunderstanding of history Others are embryonic insights that promise to deepen our thought and perhaps our lives if we find the right way to make them our own
