Truths in Search for Higher Levels of Well-Being Raul Llanos MD,2020-11-17 This book is an expression of the maturity of my vocation as a healer and my profession as a medical doctor that has given me the tools and the opportunity to find and to share more wellbeing in our lives If we become more conscious of our awareness we will be able to get in touch with an infinite capacity to create richer stages of being During the passages of my book I will share with you spiritual truths that I consider very important to be conscious in the pursue of higher stages of wellbeing Throughout the chapters of the book we will get in touch with our capacity to always expand our conscious reality I include concepts that will help us to be conscious of who we are and how to experience with more easiness and elegance our holographic reality We explore concepts of the importance of been more in charge of our day and night dreams but mainly to be able to accept that we are experiencing a real illusion reality The power of forgiveness the love and the celebration of the gifts of life are also included with the main goal of helping us to be more aware of our capacity to consciously create our own reality To expand it in an un limited way all at our disposition You will be able to understand that always will be more and that we are a precious conscious gem who co creates precious gems realities **A Spiritual Portrait of a Believer** Chet Cataldo,2010-02-19 The focus of this study is to discover the identity of the emphatic I of Rom 7 with the added purpose of attempting to draw a spiritual portrait of a mature Christian believer To accomplish this purpose the process is as follows An examination of Rom 7 within its context is conducted This examination is followed by an attempt at determining the experience of the emphatic I found within Rom 7 The next step in the process is to compare the experience of the emphatic I of Rom 7 as found within its context of Rom 1 8 with what Paul wrote elsewhere on the experience of new life in Christ for Christian believers The purpose of this comparison is to discover if Paul had a consistent portrait of spirituality and Christian maturity The final step is to compare the experience described by Paul both in Rom 7 and in the wider Pauline Corpus with the experience which John Wesley called perfection and with the Mystical experience called the spiritual marriage The study of Romans Wesley and the Mystics coupled with the wider study of the secondary literature showed that there is a remarkable consistency in the teaching and understanding that the closer a Christian believer gets to God the more this Christian believer is aware of his or her own sinfulness Paul in describing the experience of the emphatic I is describing a person who is becoming more and more aware of his or her own sinfulness The conclusion to be drawn from this study is that the identity of the empathic I is of a regenerate Christian believer one who is growing ever closer and closer to God and at the same time is in pain over the remaining effects of sin **Spirits of Place in American Literary Culture** John Gatta,2018-07-02 What might it mean existentially and spiritually for humans to form an intimate relation with particular sites or dwelling places on earth In

ancient Rome the notion of a locale's *genius loci* signaled recognition of its enchanted enspirited identity But in a digitalized America of unprecedented mobility can place still matter as seed ground for the soul Such questions have been broached by ecocritics concerned with how place inflected experience figures in literature and by theologians concerned with ecotheology and ecospirituality This book offers a uniquely integrative perspective informed by a theological phenomenology of place that takes fuller account of the spiritualities associated with built environments than ecocriticism typically does *Spirits of Place* blends theological and cultural analysis with personal reflection while focusing on the multi layered witness presented by American literature John Gatta's interpretive readings range across texts by an array of canonical as well as lesser known writers Along the way it addresses such themes as the religious implications of localism vs globalism the diverse spiritualities associated with long term residency resettlement and pilgrimage why some sites seem more hallowed than others and how the creative spirit of Imagination figures in place identified perceptions of the numinous Whether in Christian or other religious terms no discrete place matters absolutely Yet this study demonstrates how and why hallowed geography and the sacramentality of place have mattered throughout our cultural history

Early Interracial Oneness Pentecostalism

Talmadge L. French, 2014-07-02 Early Interracial Oneness Pentecostalism is a look at what is perhaps the least known chapter in the history of American Pentecostalism. The study of the first thirty years of Oneness Pentecostalism 1901-31 is especially relevant due to its unparalleled interracial commitment to an all flesh all people counter cultural Pentecost. This in depth study details the lives of its earliest primary architects including G. T. Haywood, R. C. Lawson, J. J. Frazee and E. W. Doak and the emergence of Oneness Pentecostalism and its flagship organization Pentecostal Assemblies of the World. This is a one of a kind history of Pentecostalism through the lens of the Jesus Name movement and the interracial struggles of the period interlinking the significance of Charles Parham, William Seymour and the Azusa Street revival, COGIC the newly formed Assemblies of God and dozens of the earliest Oneness organizational bodies. Exploration of the significance of the role of African American Indianapolis leader G. T. Haywood is central as are the development of the movement's key centers in the United States and the ultimate loss of interracial unity after more than thirty years. These crucial events marked indelibly the U.S. the global missionary and the autochthonous expansion of Oneness Pentecostalism worldwide.

Integrating Brain, Mind, Soul, and Spirit Eric John Parkins, 2025-04-29 Referring to major spiritual traditions, transpersonal psychology, neuropsychology, neuroscience and modern physics, this book identifies and systematically integrates core ideas concerning psychospiritual development. *Integrating Brain, Mind, Soul and Spirit* presents neuropsychological research on psychedelics with reference to mystical experience and Psi, extrasensory perception as an extension of cognitively controlled brain based homeostasis. The book equates concepts from modern physics with perennial metaphysics concerning intelligent consciousness, evolution and the transfer of energy and information. It also compares spiritual literature regarding consciousness, spirit, soul and brain, mind, personality to neuropsychological and psychological literature concerning emotion, cognition and altered states of consciousness.
